Leonard Pearson, State Veterinarian,  
was in Reynoldsville last Wednesday.  
He was called here by a case of anthrax.  
Dr. Pearson found on his arrival that  
all possible precaution had been used in  
disposing of the diseased cow, after  
it was known what had  
killed her, and there was nothing  
left for him to do. He took some of the  
spleen and liver of the dead cow to Har-  
risburg to examine it under the micro-  
scope. Before leaving town Dr. Pear-  
son complimented the Board of Health  
on the prompt action taken in trying to  
keep anthrax from spreading in this  
locality.

**Arrested for Disturbing a Meeting.**

A boy about a dozen years old, whose  
name we will not publish this time, was  
arrested Sunday evening and put in the  
lock-up for disturbing the religious  
meeting held in the tent at the corner  
of Main and Seventh streets by the  
Saints. After serving a couple of hours  
in durance vile the boy was given his  
liberty. It is quite a serious matter to  
disturb religious meetings and the boys  
had better behave themselves.

**A Pleasant Affair.**

The reception given Dr. C. C. Rum-  
berger, the new pastor, and family in the  
M. E. church last Wednesday evening  
was a pleasing success, a large  
crowd being present. The address of  
welcome, delivered by Rev. P. P.  
Womer, of Williamstown, Vt., was one  
to make the pastor and family feel that  
they had come among a people who  
were ready to give them a warm and  
heartly welcome. After the introductions  
and handshakings were over light re-  
freshments were served.

**"Pen" and Work House.**

On Monday Sheriff Burns and an as-  
sistant took four prisoners to the peni-  
tentiary and work house. The prison-  
ers were: Mike Campbell, of Brock-  
wayville, one year in the penitentiary  
for stealing a watch; George Shaffer,  
of Winslow township, one year in the  
penitentiary for stealing a clock, coat  
and ax; Christ Rose and Joseph Aurn,  
six months each in the work house.  
These were the two Italians who were  
tried for riot and conspiracy for taking  
part in the miners trouble at Adrian  
the 30th of August.

**Schofield—Steel.**

John H. Schofield, ex-superintendent  
of Hopkins' big saw mill near this place,  
now traveling salesman for H. F.  
Manges, wholesale lumberman of Phila-  
delphia, with headquarters at Brook-  
ville, and Miss Emma Steel, an esti-  
mable young lady of East Brookville,  
were married at the home of the bride's  
parents on the 21st instant by Dr. F. H.  
Beck. Mr. and Mrs. Schofield went to  
Pittsburg on a wedding trip.

The marriage of Mr. Schofield makes  
another break in the ranks of the  
"Hopeless Dozen" of Reynoldsville.

**Will Drill for Gas.**

A company, to be known as the Rey-  
noldsville Gas Co., will be organized at  
this place in the very near future and a  
gas well will be drilled near the farm of  
Levi Schuckarts, in Winslow township.  
Quite a lot of territory has already been  
leased by parties interested and other  
leases are now being secured. F. C.  
Brown, a driller from Friendship, N. Y.,  
who will get the contract of drilling, is  
now in town and has been looking over  
the field. G. J. Corwin, the photog-  
rapher, has been agitating this matter  
for several years and it is through his  
untiring efforts that a test well will be  
drilled.

**Committed Suicide.**

William Carmalt, of Punxsutawney,  
aged 68 years, committed suicide early  
Saturday morning before his family was  
out of bed, by shooting himself with a  
shotgun. He rested the butt of the gun  
on the floor, placed the muzzle against  
his temple and pulled the trigger. He  
lived almost two hours after the rash  
act was performed. His wife and four  
children were awakened by the report  
of the gun and they found the husband  
and father lying at the top of the stairs  
with his head terribly mutilated. The  
only reason given for the suicide is that  
Mr. Carmalt was despondent and tired  
of life.

**NATURALIZATION COURT.**

**One Hundred and Sixty Asked for Admit-  
tance to Citizenship.**

Monday of this week was the day set  
apart by Judge Reed for naturalization  
purposes and about two hundred foreign  
born made application for citizenship.  
The crowd was so large that Judge  
Reed did not get through examining the  
qualifications of the would-be-citizens  
until three o'clock yesterday afternoon.  
About one hundred and ten were grant-  
ed their citizenship papers and fifty or  
sixty were refused. Judge Reed does  
not consider citizenship in this great  
country a small thing and only those  
who are really qualified for such an  
honor were made citizens. The applica-  
tions of a number of Italians, who can  
neither read nor write English, were  
not heard by Judge Reed. He says  
such people can not make good citizens.

**New Telephone Service.**

Eugene L. Brown, of Beaver, Pa.,  
representing the American Electric  
Telephone Co. of Chicago, Ill., and Dis-  
trict Attorney N. L. Strong, of Brook-  
ville, a director of the Summerville  
Telephone Co., were in Reynoldsville  
last Friday for the purpose of getting  
our people interested in a new tele-  
phone service in Reynoldsville. The  
intention is to extend the Summerville  
Telephone Co.'s lines to this place and  
use the American Electric Telephone  
Co.'s long distance telephones. A meet-  
ing was held in the sample rooms of  
Hotel McConnell Friday evening which  
was well attended by the business men  
of this place. A committee of five,  
Solomon Shaffer, F. J. Black, C. Mitch-  
ell, G. W. Sykes and J. C. Conser, was  
appointed to canvass the town to see  
how many will have telephones put into  
their places of business and private res-  
idences and take stock in the Summ-  
erville Telephone Co. The stock is  
placed at ten dollars a share. The rates  
for telephones will be \$2.00 per month  
for business places and \$1.50 per month  
for residences, and each 'phone will be  
on a private line.

Up until last evening the committee  
had received subscribers for seventeen  
telephones and sold quite a number of  
shares of stock.

It will only be a matter of a short  
time until the Summerville Telephone  
lines will be extended all over Jefferson  
county and every hamlet of any impor-  
tance will have a 'phone in it. This  
company has already received orders  
for fifty telephones to be put in at  
Brookville, Reynoldsville and Punxs-  
utawney will order 'phones ere long.

**An Old Settler Gone.**

William McConnell, an old and high-  
ly respected citizen of Washington town-  
ship, peacefully passed away at 2.00 A. M.,  
Monday, Sept. 27th, after an illness of  
several months. His death was the  
result of a complication of diseases.  
Funeral services were held at his late  
residence at 10.00 A. M., yesterday,  
conducted by Rev. A. Z. Myers, Baptist  
minister at Allens Mills, and a large  
funeral procession followed the remains  
of the old man to the "silent city." It  
was the largest funeral that has been  
seen in the Beechwoods for some time.  
Two sons, two daughters, one brother  
and numerous relatives survive the de-  
ceased.

William McConnell, aged about 78  
years, had lived in the Beechwoods 68  
years. He was a brother of D. B. Mc-  
Connell, of Pine Creek township, who is  
the father of F. A. McConnell of this  
place, and is now the only living mem-  
ber of a family of eleven children.  
Six nephews acted as pall bearers, of  
this place: F. A. McConnell, of this place,  
Itay Cooper, D. B. McConnell, jr., John  
McClelland, of Washington twp., R. F.  
Morrison, of Allens Mills, and George  
B. McClelland, of DuBois.

**THROW OUT GOOD BAIT.**

**Don't Fold Your Hands and Wait for  
Industries to be Thrust Upon You.**

Are the people of Reynoldsville, the  
town with so many natural advantages  
and acquired facilities for manufactures  
of various kinds, going to let their day  
of opportunities pass by without getting  
industries of some kind to locate here,  
is the vital question that stares us in  
the face at present. The future of the  
town depends largely on how this mat-  
ter is settled. It will require a small  
outlay of capital on the part of the  
citizens, but no one should be unwilling  
to make a small sacrifice now that will  
doubly repay them in the future in the  
increase in the valuation of property.  
Capital is afloat, bait a line and throw  
it out in the tide now and there is little  
doubt but what the result will well re-  
pay the effort made. In the hurly-  
burly struggle for earthly position or  
gain the man who would be successful  
must put forth an effort or be crowded  
to the wall and another will step into  
the place he had hoped to occupy or  
get the plum he was after. The same  
is true of a town or city. A determi-  
nation to win will result in building up  
our town and community. Where do  
you stand in this matter? Are you  
willing that other men may push the  
matter while you stand back with folded  
hands hoping in the "sweet bye and bye"  
to reap a harvest from their labors and  
their money expended? Every man  
should put his shoulder to the wheel  
and help a little.

**Miner's Mass Meeting.**

The miners of Reynoldsville and Rath-  
mel held a meeting near Prescottville  
Sunday to hear a report from the com-  
mittee that had been in the Pittsburg  
region investigating as to the scale of  
prices paid there. The following is the  
report, which was accepted by the min-  
ers:

DeBois, Pa., September 23, 1897.  
Your joint committee, representing each  
mine in this region, beg leave to submit the  
following report:  
We went to the Pittsburg region and made  
a thorough investigation of what has been  
paid for months past, and more especially,  
what will actually be paid on the present  
settlement in that region.  
We find that the prices which have been  
paid in the Pittsburg region, so far as the  
past is concerned, have been less than we  
have been receiving in this region, and we hereby  
frankly admit this as the true condition.

We find that the price which will now be  
paid under the settlement of sixty-five cents  
per ton for pick coal over a one and one-half  
inch screen, will be for the thin vein mines in  
the Pittsburg region, thirty-nine cents per  
net ton for mine run coal. We therefore find  
that we are entitled to the following prices in  
this region:  
For mine run pick coal.....40c per net ton.  
For long machine cut coal.....22c " "  
For cutting coal.....5c " "  
Headings, machine cut.....30c " "  
For drivers, highest price.....\$1.85 per day.  
We wish to further advise that we had every  
opportunity to get thorough and accurate in-  
formation, and the above is, as stated,  
the maximum or highest price we can claim.  
Signed,  
P. McHale, D. B. Hinton, W. K. Snyder,  
M. D. Addair, P. Stapleton, V. Baker, M.  
Levitt, D. Sharkey, J. Narves, Thos. Hager-  
ty, Ino. Sullivan, P. Donahue, P. McGow-  
an, Committee.  
The above report is correct, and in accordance  
with actual facts, and, as per agreement  
with our men, we hereby agree to pay the  
above rates, dating from Sept. 8, 1897, and  
what was promised our men pending this in-  
vestigation will also be paid as agreed.  
LUCIUS W. ROBINSON, General Manager.

sessor of a large stomach, was standing

"Say, mister, you must drink beer."  
"Why, my son?"  
"Because you have such a big stom-  
ach."
