

THE WHITE IS KING.

Sold on easy payments. Will call at your house and show you the machine and what it will do. Call or address C. F. HOFFMAN, Jeweler. GEO. A. WOODS, Operator and Selling Agent.

A Little of Everything.

Jefferson county needs a poor farm. Ox roast at Emericville tomorrow. The New Klondike hat at Millirens. Get your bicycles repaired at Gooder's. The street scraper was on duty yesterday. West Reynoldsville school begins Monday. The prettiest line of fall ties at Millirens. See them. W. G. Campbell has moved from Hopkins to this borough. Noah Syphrit was over in Elk county the first of this week. Have you seen the Graphophone at Gooder's jewelry store. Newell Meeker, of Homestead, spent Sunday in Reynoldsville. P. F. Bolger moved from Johnsonburg to this place last week. Oxfords for 50 cents per pair on J. E. Welsh & Co.'s bargain counter. Thomas Lowther and wife, of Helvetia, visited in town this week. If you are hungry or want something for the table call at Bon Ton bakery. The Baptist Sunday school will hold its annual picnic in Kline's grove to-day. Summer shoes are being sold at a great reduction, now's your time. Robinson's. Thomas Tapper and John Warnick will go to Kittanning to-day to attend the fair. The Reynoldsville Building and Loan Association sold \$4,000.00 Monday evening. Hamblet & Swartz have reduced all \$20.00 and \$21.00 suits to \$17.00, \$18.00 and \$19.00, etc. Earl Dempsey will go to Belsano, Cambria county, this week to work on a saw mill at that place. Wanted—A girl to do house work; no baking at all; wages \$2.00 per week. Call at THE STAR office. Take your watches to Gooder's and have them repaired. All work guaranteed to give satisfaction. Lots of men's shoes on the counter at J. E. Welsh & Co.'s shoe store that you can get for a bargain. Mrs. W. B. Alexander gave a six o'clock dinner last evening to a number of Frank's gentlemen friends. W. G. Hartwick is selling a large number of his washers in this section. The machine speaks for itself. Ira Smith and family and Dr. C. J. Stein and family went to Beechwoods yesterday to camp out a few days. John Crawley is working in the tannery at Falls Creek during the shutdown of the tannery at this place. "That is fine wool," is what a couple of young ladies said the other day when shown a lot of hair at the tannery. Now is your opportunity to get shoes cheap at James K. Johnston's store. Shoes are being sold at closing out prices. For invitation of Mrs. P. A. Hardman about a dozen ladies enjoyed a picnic Thursday in Shields' grove, near the tannery. Some one has remarked that one reason why "it pays to be honest" is because there is less competition along that line. There is some talk of organizing a Village Improvement Society in Reynoldsville. It would be a good thing for the town. John L. Stiffer stepped off the boarding house porch at Hopkins Saturday morning and fractured one his ribs. The porch is a high one.

To see the Automatic Spring Washer operate is proof for the merits claimed for it. Prof. A. J. Postlethwait began house-keeping in his new home in West Reynoldsville this week. Come and hear the graphophone talk and sing and hear it play music of all kinds at Gooder's jewelry store. Rev. E. M. Lightfoot, of Brookville, will preach in the Baptist church at this place next Sunday morning and evening. The annual picnic of the Jefferson County Medical Association will be held at McConnell's Park at this place on Friday. A large class of probationers will be received into the membership of the Methodist Episcopal church next Sunday evening. One coach full of people from Rathmel and Reynoldsville took in the excursion to Celoron and Chautauqua Lake Sunday. James Irving is selling strictly first-class tailor made suits at prices that will astonish you. Call at his house and see samples. John W. Fink cut a big gash in his left wrist last Thursday with an ax. Mr. Fink was making a wedge when accident happened. The West Reynoldsville Baptist Aid Society will hold a lawn fete at John S. Clark's on Friday evening of this week. Everybody invited. The Christian Endeavor Society of the Presbyterian church held a social at the residence of Ex-Postmaster McGaw Monday evening. To drink or not to drink. That is the question that is soon answered after trying a glass of the rich soda served at the Reynolds drug store. The ladies of the Presbyterian church will sell ice cream, sherbert, cake and coffee on Alex. Riston's lawn, Grant street, Thursday evening. Everybody in Reynoldsville should see the Automatic Spring Washer operate and we are sure it would convince you that it will do the work perfectly. Frank P. Alexander, M. Fred Reed and Wells Clary spent Sunday in Clarion. They rode their "bikes" over Saturday afternoon and home Monday forenoon. The Junior League of the M. E. church will picnic near the Grange Hall, in Paradise, to-morrow. The little people will be given a free hay ride to and from the picnic. The most authentic and reliable sporting news that can be had anywhere around Pittsburgh these days is found in the Allegheny Evening Record, a paper, by the way, which is fast forging to the front. W. G. Campbell and H. L. Fireman will go to Clearfield, Pa., this week to begin the work of introducing the automatic spring washer, they having bought the right of Clearfield county from Mr. Hartwick. Joseph Stormer, of this place, is moving a saw mill which has been operating in Elk county to Belsano, Cambria county, where he has taken a large sawing contract. Mr. Stormer's family will move to Belsano this week. It costs you nothing to see the Automatic Spring Washer operate at your own home on any kind of washing. If you will just speak to Mr. Hartwick he will gladly go to your house and do some washing free just to satisfy you that his machine will do the business. The M. E. Sunday school picnic was to have been held in the grove last Friday, but on account of the heavy rain Thursday, Thursday night and Friday morning, the picnic was postponed until yesterday. A large crowd attended the picnic. Some evening there is likely to be a number of persons arrested for breaking the borough ordinance by fast riding, coasting and riding after dark without a lamp. We mention this so those who are disobeying the ordinance may take a hint and keep out of trouble. Mr. Hartwick gave another exhibition of his washing machine last Saturday evening to a large number of our citizens, who expressed much satisfaction with the work of the machine. It surely is a winner and every family should have one of these machines. The luxuries of a trip to the sea shore can be fully realized at a minimum cost by taking the Pennsylvania Railroad excursion Thursday, September 1st. Atlantic City is the most accessible point as it can be reached without transfer through Philadelphia by purchasing tickets via the Delaware River Bridge Route, the only all-rail line from points in Philadelphia. The largest American flag ever made was unfurled to the breeze at Tyrone Saturday afternoon from a cable stretched between two mountain peaks on either side of the Juniata river, in the most prominent position in the gap at the eastern entrance to Tyrone. The flag is 60x100 in size. It required 1,000 square yards of bunting for its making. The cable supporting it is one-half inch thick and 3,200 feet long. It is stretched 538 feet above the surface of the Juniata river.

Delegates to State Camp.
Monday morning W. J. Robertson, delegate from Camp No. 280, this place, and J. A. Dempsey, from Camp No. 410, Emericville, went to York, Pa., to attend State Camp.

After Harvest Excursion.
Tuesday, September 6th the B. R. & P. R'y will run an excursion to Buffalo and Niagara Falls. Fare for round trip to Buffalo, \$3.50; to Niagara Falls, \$4.00. Train leaves Reynoldsville at 12.45 P. M. Tickets good to return until September 11th.

New Sidewalk.
The Reynoldsville Hardware Co. is putting down a cement walk in front of D. Nolan's properties on Main street, at Fourth street corner. This includes about one hundred feet on Main street and on Fourth from Main street to Gordon alley.

Buried Monday.
Albert Pancoast, of Philadelphia, president of the Central Land and Mining Co., died at his summer resort home at Elberon, N. J., last Friday. The above company owns a large amount of land in this section and Mr. Pancoast made occasional visits to Reynoldsville and was known by a number of our people.

Made Good Appearance.
The Keystone band and Hose Co. No. 1 attended the firemen's convention in Ridgway last Thursday. A special train was run from here to accommodate the band and fire ladders. Our boys made a good appearance at Ridgway and received many compliments from prominent citizens of that town, not only for their appearance but also for their good behavior.

Road Viewed.
County Surveyor James B. Caldwell, of Brookville, John Howlett and C. A. Stephenson, of Reynoldsville, who were appointed by the court at the May term to view a public road from Hopkins to West Reynoldsville, did that work Monday, assisted by Frank P. Best and A. L. Endres. The road viewed is 5144 rods, or a little less than a mile and three quarters long. There is a good grade and it will not require a great outlay of money to build the road.

Now a Virginia Farmer.
James A. Banks, of Hewlett, Va., was in Reynoldsville a few days the past week renewing acquaintance with old time friends. Twenty years ago James was "one of the boys" of this town. He left Reynoldsville fourteen years ago and had only been in the town once after that, a day or two, until last week. James spent thirteen years at Carthage, Mo., a live western town. One year ago, after a short visit in Virginia, he decided to buy a farm in that state and settle down to quiet life. He bought a fine large farm and now has had all the quietness he cares for, in fact is pining for city life and, as a consequence, he is willing to sell the farm.

Dinky Engine.
The A. V. company sets cars in on the tannery siding and it requires considerable work to get the cars shifted around to the places they are wanted, and heretofore that work has been done with four horses. Last week the Elk Tanning Company bought, and sent to this place, one of the small engines formerly used on John E. DuBois' log road, and this "dinky" will do the shifting of cars in the tannery yard. Samuel Wisor will manipulate the throttle and make all the fast runs that will be required to keep the cars in the proper place. Supt. Palen might be persuaded to run a cheap moonlight excursion around the bark piles some night before cold weather sets in.

People Are Kicking.
There has been considerable growling recently about the condition of the town water. Quite a number of people have quit drinking it and have been carrying drinking water from wells. Up until this summer the people of Reynoldsville have boasted of the excellent water the town is supplied with, but this summer the condition of the water has been anything but good, and as a result our people have been growling about the water, in place of praising it. The dry weather had something to do with the condition of the water, but there are other things that cannot help but affect the water, which we will not discuss at this time. Unless there is something done about the water, the end of the trouble is not yet.

Klondike at Home.
When the wooden sidewalk in front of the Nolan block, on Main street, was being torn up Monday morning, to be replaced with a permanent walk, a number of small boys gathered on the scene and began digging around in the dirt and mound for money which might have been dropped through the cracks between the plank. The lads, with one exception, went to work with sticks and occasionally one would rake out a coin. The boy who made the richest "strike" got down on his knees and with his hands "panned out" the dirt. In about five minutes time he had found a dime, nickel, quarter and a cent, whereupon all sticks were cast aside and each boy went to work with only the implements supplied by nature—a pair of willing hands.

Death of an Old Lady.
Mrs. Mary Bollinger, relict of Alexander Bollinger, a highly respected old lady of Winslow township, peacefully departed this life at noon last Friday, August 19th, aged 79 years, 2 months and 3 days. The deceased, whose maiden name was Mary Long, was born in Westmoreland county, Pa., June 10th, 1819. She was married to Alexander Bollinger in March, 1836. Mr. and Mrs. Bollinger settled on the land now known as the Bollinger homestead, Winslow township, April 9th, 1842, over 56 years ago, thus making her one of the old inhabitants of this section. Funeral services were held at the Synchrit church, Paradise, Sunday forenoon, conducted by Rev. Harry G. Teagarden. A large crowd was present to show their respect for the one whom they had known for so many years. Mrs. Bollinger is survived by three sons and five daughters, as follows: David, of West Reynoldsville, Samuel and Joseph, of Winslow township, Mrs. Catherine Hitenour, of McCalmont township, Mrs. Mariah Kirker, of Washington township, Mrs. Margaret Brumbaugh, of Winslow township, and Misses Elizabeth and Isabella Bollinger, who still reside on the homestead. Alexander Bollinger, husband of the deceased, died January 19th, 1890.

Good Excuse for Resigning.
Prof. Lex N. Mitchell, principal of the Marienville schools, and T. Books Mitchell, teacher-elect of room No. 6 in the Lindsey school, were in Reynoldsville last Thursday shaking hands with their numerous friends. Mr. Books Mitchell, who was elected to teach room 13 in this borough and resigned, says he was loath to leave Reynoldsville. His reasons for so doing are valid and he deserves credit for making a sacrifice for his mother's sake. It will be remembered that not many weeks ago Mr. Mitchell's father died, and his mother wanted one of her sons at home this winter, and by Books accepting a school at Lindsey he will be able to spend the winter with his mother, which he could not do had he taught in this borough.

The Ike Still Lives.
In a drunken row at Eleanor Monday noon Joseph Somgiza, in an attempt to shoot an American, shot an Italian named Modras. It was reported that Modras could not live, but up to last evening the fellow was still living with a fair chance for recovery. Somgiza, the Italian who did the shooting, was not arrested. Mr. Wilson, who carries the mail from Eleanor to this place, informed a representative of THE STAR yesterday afternoon that Somgiza walked through Eleanor about seven o'clock yesterday morning and no one attempted to stop him, and that the Ike got on the 12.55 A. V. R'y train at this place at noon yesterday and skipped for new fields.

Don't Miss it.
J. T. Guthrie, Esq., has kindly offered his gramophone to the Woman's Relief Corps for a benefit on Monday evening, Sept. 5th, in Centennial hall. In addition to this there will be an excellent program of music, recitations, etc. Prof. J. P. Roscoe will contribute to the entertainment. Child talent will be one of the features. Gettys Schlabbig, a general favorite, little Marie Scheafnocker and three-year-old Naomi Reynolds Rumbaugh, of Bradford, will all appear either in song or recitation. A full program will be given next week. Admission 10 cts.

Four Cases Settled.
Three cases of assault and battery and one for threatening bodily harm, were settled in Squire E. Neff's court Monday forenoon. This saved the county considerable expense. Raffarelo Faino and Panto Vinturo, of Big Soldier, and Panfilo Fasco, of this place, were the sons of Italy that preferred charges against each other. There was a case of assault and battery and one for threatening against the first two named Ikes, and two cases of assault and battery against Panfilo Fasco.

Knights Golden Eagle.
The eighth annual reunion of the Northwestern Reunion Association, Knights of Golden Eagle, will be held at DuBois on Friday, of this week, August 26th. A special train will be run from Rathmel and Reynoldsville to accommodate those from this section who want to attend the reunion. Train will leave Rathmel at 6.45, A. M., Prescottville 8.50, Company store, Reynoldsville, 7.00, Main street crossing 7.05 A. M. Returning, train will leave DuBois at 7.20 P. M.

Silk Mill Notes.
One hundred and sixty looms are here. About fifty of them have already been transferred from the cars into the mill. The looms are painted green. There will be one thousand electric lights in the mill and a number of lights outside. The dynamo has arrived. It will not be long until the mill is in operation. During the remainder of this month Jas. K. Johnston, the shoe dealer, will sell shoes at closing out price. Graphophones and records for sale at Gooder's jewelry store. Come and see them and get prices.

Poor Farm Needed.
Why not have a poor farm in Jefferson county? Other counties have them and they have proven to be successful. It lessens the poor tax and gives employment to men who impose on the poor overseers. We would not have to go far to find a lazy, worthless pauper who could work, but will not as long as some one else will feed him. A poor farm would likely remove this fellow off the poor overseers' hands, or at least would compel him to earn his bread. There are others. Those who are unable to work could be just as well cared for, and perhaps better, on a poor farm, and there would be a great saving in taxes. THE STAR has frequently suggested that Jefferson county establish a poor farm, and again we ask, why not have one established in this county? The Clearfield Public Spirit, in a long write up last week, spoke encouragingly of the Home in that county. Following is a part of the article: "The County Home is an institution that has only been in existence for a very few years. The need of an institution of the kind had long been felt, as the old method of letting each township pay for its dependents was faulty and altogether unsatisfactory. Besides this system was always liable to abuse, and it was in many instances over-expensive, as there was no system in the way of administering the needed help to the deserving poor brought to that condition by old age, illness or the misfortunes that overtake so many. When at last it was determined to improve this way of affording relief to the unfortunate the County Commissioners decided to erect an institution that combined everything that had been discovered in the way of perfection up to this time and Clearfield county can boast of the model eodemysnary institution of the great state of Pennsylvania. A visit to the Home will satisfy any observer that the institution is conducted in a most careful manner. There is neither ostentation nor show about it. It is simply what its name implies—a home for the unfortunates, kept in homelike manner, clean, tidy and comfortable. There is not a room in the whole building that the most tidy housewife would not approve of."

It Was Highly Appreciated.
We, the undersigned members of Co. L, 16th Regt., P. V. I., wish, through the columns of THE STAR, to give expression of our thankfulness for and appreciation of the good things that the kind and thoughtful ladies of the Reynoldsville Woman's Relief Corps sent us. We were all delighted and have been living high since the box arrived. The ladies have our best wishes and hearty thanks. WALTER D. WILLIAMS, JAY W. EVANS, HERBERT R. BURNS, JAMES FOLEY, ATMORE SHAFFER, CHAS. MONTGOMERY, FRED STAUFFER, GORDON LOWTHER.

A Great Chance.
Anyone wishing a business out of which they can realize cash in 10, 20 or 30 days are requested to call and see the Automatic Spring Washer operate and learn confidential contract price to agents and see the profits all agents get. Address, W. G. HARTWICK, Lock Box 146, Reynoldsville, Pa.

I have secured the services of an up-to-date sewing machine man and equipped with wagon, which will enable us to deliver and show machines to any party wishing to see the work of the most modern and best sewing machine in the world—the White. If you wish to examine its merits call at store or drop a card to C. F. Hoffman, the jeweler, and Mr. Geo. A. Woods, my agent, will call at your home and show you the work of the White, King of all Sewing Machines. C. F. HOFFMAN.

The Pennsylvania Railroad Company gives a choice of seaside points for excursion Thursday, September 1st, Atlantic City, Cape May, Sea Isle City, Ocean City, Avalon, Anglesea, Wildwood or Holly Beach. Atlantic City being the most popular takes the crowd. Passengers desiring to go through the same day, can avoid the transfer through Philadelphia by taking the Delaware River Bridge Route, the only all-rail line from points in Pennsylvania. Estrayed from premises of undersigned, Aug. 17, black horse, white star in forehead, blind of both eyes. Reward will be paid for return of horse to John Storaci, shoemaker, Eleanor. What kind of shoes? The very, very best, and prices are away down at Robinson's. Don't forget to have your bicycle repaired at Gooder's. A full line of confectionery at the Bon Ton bakery. James K. Johnston is selling shoes at closing out prices. Don't miss the bargains he is offering. Soda water, cooling, refreshing, delightful, a poem of iced sweetness, all fruit flavors, at the Reynolds Drug store. For Sale—One horse, four years old, and two good cows. Inquire of Henry Stevenson, near Sandy Valley. Watch repairing a specialty at Gooder's.
