The schools of West Reynoldsville opened last year with an enrollment of 124 pupils, and this year there were 160 pupils enrolled the first day. Robert W. Schofield and Miss Bessie Clark, both of Brookville, will be married to-day. Mr. Schofield was an employee at Hopkins mill several years ago. The following Masons of this place attended the Masonic lodge at Punxsutawney last night: Wm. Copping, J. E. Johnston, H. Alex. Stoke, L. J. McEntire, F. J. Hill. Mrs. Stoke and Mrs. McEntire accompanied their husbands to Punxsy. The following persons went from this place on the excursion to Buffalo and Niagara Falls yesterday: Isaac Swartz, J. M. Deemer, Emma Smith, Katie Smith, Annie Smith, Mrs. Dennis Burgoon, Mrs. S. S. Reitz, Ella Deemer, Thomas Boiss.

The Sons of St. George celebrated Labor Day by holding a picnic in a grove near the Wiggett place, below town. No preaching services were held in the Presbyterian church last Sunday evening, the pastor, Rev. Reber, not being well. The Reynoldsville ball club will play at Summerville to-morrow forenoon and at Brookville in the afternoon. The club expects to go to St. Marys the first of next week. Persons who gave provisions to the firemen July 4th, on dishes and pans and have not had them returned, can get their dish or pan, which ever it may be, by calling at S. T. Reynolds' block. A society comedy, "A Night Out," will be given here in the near future in the interest of the Keystone band. It will be given in the opera house under the direction of Oliver Bailey, instructor. Some Italians from London mines were in town Saturday seeking law for an assault and battery case. They called on Squire W. L. Johnston and decided to settle the matter among themselves. Sidney Fuller, one of the oldest citizens of DuBois, died suddenly at his home in that town Wednesday afternoon from heart trouble. His remains were buried in the cemetery at Falls Creek Saturday afternoon. After the inside pages of this week's STAR were printed we discovered that two headings were put on the wrong articles. "McKinley Visits Sick Soldiers" and "Dervish Soldiers Annihilated" were the headings misplaced. Joseph Kotina, an Italian, died at Big Soldier on Saturday and was buried in the Catholic cemetery at this place Sunday afternoon. He was a victim of consumption and had only been at Big Soldier a few days before he died. The entertainment given in Centennial hall Monday evening, under the auspices of the W. R. C. was not greeted with as large an audience as should have been present, considering the small admission charged and the good entertainment given. John Hannah, an old citizen of this borough, died last Wednesday night from heart trouble. At twelve o'clock Thursday night a small funeral procession left here for Smithport, Indiana county, where the remains of John Hannah were buried Friday afternoon. D. C. Rugh's steam riding gallery will be in operation on the vacant lot near the opera house every evening this week. If you want a delightful ride for a nickel don't miss this opportunity. No rowdiness allowed around the gallery. You will notice that in the band concert Thursday evening that several pieces of music of Richard Ramsey's own composition will be rendered. Don't fail to hear them. The music written by Mr. Ramsey has shown that he is possessed with great skill and musical ability. Mrs. Bussard had Charles Campbell arrested last evening for buying her husband liquor. Campbell admitted the charge. He was unable to get bail last night, and unless he secures bail to-day he will be taken to jail. There are others who should take warning from Campbell's predicament. A boy named Dirky was hit in the right eye with a foul ball on the ball grounds Thursday during the game between our club and St. Marys. Blood flowed freely from the boy's nose and mouth and his face swelled badly. It is a wonder that there are not more people hurt. So many spectators persist in crowding over the limit line. A. D. Deemer, of Brookville, who owns the brick block at the corner of Main and Fifth streets, in this place, and is a member of the A. D. Deemer & Co. dry goods store in the above block, is negotiating for the saw mill at Bell's Mill, near Brookville. The machinery is in good condition and the mill can be started without much expense. There is about 350,000 feet of hardwood timber to be included in the purchase.

Love feast on Saturday evening at 8.00 o'clock, followed by quarterly conference. Communion services on Sunday morning at 11.00 and all other regular services will be held at the usual time. The Presiding Elder will be present at all these meetings. The Mule Kicked Johnny. Johnny, twelve-year-old son of Robert Smith, of Big Soldier, was in town Saturday with his jaws bandaged together. Johnnie went into a field to catch a mule, which walked up to him when he called it, but when the long-eared quadruped got close to the lad it whirled and kicked at him with both feet. One foot caught the boy on the chin and that is why he had his jaws tied together. Twins Born Different Years. One of the uncommon things in this world is to find twin brothers who were not born the same year, and yet there have been such cases. William Horn, whose death notice appears in this issue of THE STAR, had a twin brother, Jacob, who was born in 1814, and he, William, was born in 1815. Jacob was born December 31st, 1814, just before the clock struck twelve, and William was born January 1st, 1815, just after the clock had struck twelve. At Home on Furlough. Captain Robert B. Beer, of Company H, 3rd Neb., is visiting his parents, Mr. and Mrs. R. D. Beer, in West Reynoldsville. Captain is home on a thirty day furlough. His company is camping at Jacksonville, Fla. Captain has had malaria and his doctor advised the furlough if he valued his life. Robert Beer was freight and ticket agent on one of the railroads at Stromsburg, Neb., when war between the United States and Spain was declared and he enlisted in that state. Lost to His Parents Fifteen Years. Charles Boner, oldest son of William J. Boner, of Sandy Valley, who left his home about fifteen years ago without telling his parents where he was going, and ever afterwards keeping them in ignorance of his whereabouts, is now located somewhere in Mississippi. He wrote to his mother a few weeks ago. John Waite, who is at Danville, Ky., went to Mississippi last month and spent a couple of days with the long lost Charles Boner. Charley expects to visit his parents Christmas. Joined the Fourth Artillery. Alexander S. Dunsmore and James LeRoy Bartle, of West Reynoldsville, went to DuBois Thursday and joined the recruits for the Fourth Artillery. The boys left DuBois Friday evening for Fort Washington. Ever since the first talk of war with Spain Roy Bartle has been very anxious to join the army. When Co. L, 16th Reg., was organized at Punxsutawney Roy tried hard to join the company but was unsuccessful. He was very much elated Friday because he was to join the Fourth Artillery. Tannery to Resume Work. After an idleness of four months the tannery received orders last week to resume work, and as soon as the hides arrive the plant will be started at two hundred and ten hides per day. This is about the amount worked per day when the tannery shut down. The full capacity of the tannery is three hundred and ten hides per day. It is expected that the tannery will be running full capacity before many weeks. The starting of this industry gives quite a number of men work who have had little to do since the shut down. An Old Settler Gone. William Horn, who was born the 1st of January, 1815, making him 83 years old the first of this year, died at the home of his niece, Mrs. Peter Burkett, in Horn Settlement, Saturday afternoon. Funeral services were held in the Chestnut Grove Lutheran church at 10.00 A. M., Monday, conducted by Rev. George H. Hill, pastor of the Beechwoods Presbyterian church. His remains were buried in the Smith cemetery. William Horn's parents moved to the Horn Settlement when he was two years old, and he ever afterwards resided in that section, making him one of the oldest inhabitants of this section of the State. At one time William Horn was one of the stage drivers between Brookville and Luthersburg. The deceased was a bachelor.

Dr. Cannon's Fast Ride. Dr. Cannon, of Connellsville, who is travelling over the country in a covered hack selling medicine, had an experience in Reynoldsville Friday afternoon that he will not forget in two or three moons. He was talking of swapping horses with G. W. Bussard, the butcher, and Doctor hitched Bussard's nag in his hack to try it with his other horse. The team worked well together and everything was favorable for a trade until they started down the Main street hill at the school house, then the team started to run off and the doctor could not prevent the horses from doing as they pleased. The team came down Main street at a break-neck speed and the doctor was yelling for some one to stop the team. Frank Sutter, who was in front of Milliren's store, ran out at risk of his life and caught one of the horses by the bridle and succeeded in stopping the team. Had it not been for Frank's brave act a serious accident might have occurred. Doctor did not even thank Mr. Sutter for stopping the horses. The runaway was caused by Bussard's horse being hitched too short and the single-tree struck its legs coming down the hill. School Opened Monday. After four months of a vacation the boys and girls of this borough began school work Monday morning for an eight month term. Some of the pupils took up the work with pleasure, while others would rather run the streets and idle the time away than to study and secure an education. Our schools have reached such a standard that the pupil who goes through an eight month term without making advancements along educational lines has only himself to blame. The first day of school last year there were 614 pupils enrolled. The first day of this term, Monday, there were 609 enrolled. Following are the teachers for the present term: Prof. G. W. Lenker, principal; Prof. W. S. Breed, assistant principal, room 14; room 13, J. G. Ballentine; room 12, C. C. Hammond; room 11, Fred Booth; room 10, Julia Kirk; room 9, W. J. Weaver; room 8, Lulu Black; room 7, Maggie Butler; room 6, Jessie Smeltzer; room 5, Minnie Whitmore; room 4, Mary Patton; room 3, Myrtle Geist. Died at Rockdale Monday. William F. Stewart, of Rockdale Mills, died at his home in that place Monday afternoon. The deceased, who was 74 years old, was overcome with heat while chopping down a tree last Wednesday and he remained in an unconscious condition until Sunday night, but he was in a weakened condition, and continued to grow weaker until the frail thread of life was broken. Mr. Stewart was the blacksmith at Rockdale for thirty-five or more years. During the rebellion he served in Company C, 21th Pa. Vol. Infantry. His remains will be buried to-day. Mr. Stewart was a member of the DuBois I. O. O. F. lodge and that order will have charge of the funeral. The deceased is survived by his wife and a number of children, among whom is Mrs. George Marshall, of Rathmel. Bicycle Accident. About 9.00 o'clock last Thursday evening Samuel Fickinger, a young man who lives near town, met with an accident while on his way home. A ditch for a water pipe had been dug across Main street, near the Burns House, and was filled in higher than the level of the road. The young man ran into the pile of dirt unexpectedly and was thrown from his bicycle. He was rendered unconscious by the fall and was taken to a doctor's office and his injuries examined. His face was badly bruised, one ear being partly torn from his head. The bicycle was also injured. Defeated at Brookville. A base ball club from this place, composed of some youthful players, went to Brookville Saturday and measured bats with a team at that place and were defeated. The score was 10-14, in favor of Brookville. Following are the names of the players from this place: Fred Bohren, James Butler, Frank Bohren, John Doubles, Scott Horn, Garfield Gibson, Reynolds Gibson, George Bohren and James Degnan. Luther Harris was the tenth player. The Brookville club will come to Reynoldsville and play the return game this afternoon. Conser Reunion. The Consers held a reunion in the grove hard by the Cumberland Presbyterian church, near Panio, last Thursday. They gathered in from Ashtabula, Ohio, Franklin, Warren, Reynoldsville, Punxsutawney, Lindsey, Covode and various other sections of the globe. It was a delightful reunion. John C. Conser and wife, S. B. J. Saxton and wife and Mrs. Hannah Prescott were the connection from this place. Bicycle Party. A number of bicycle riders of this place rode to the Green Glen Park, north of DuBois, Friday and held a picnic. A few of those invited, who have not mastered the bicycle, drove in carriages. It was a delightful outing. Nice fresh California hams only 7 cts. per lb. at Robinson & Mundorff's.

Two Games With St. Marys. The St. Marys ball team, which organization is composed of salaried players, three or four of whom are professionals, came to Reynoldsville Wednesday to cross bats with the team at this place. When the game was called at 3.20 P. M. there was a large crowd of spectators present. St. Marys club thought they had an easy "walk over," even expecting to present Reynoldsville with nine "goose eggs," but alack, their expectations were punctured, and at the end of the ninth inning the score was tie, 3-3. In the tenth inning the home team got three scores and the visitors were shut out, giving them 3 scores and eight "goose eggs" and the home team 6 scores and seven "goose eggs." The visitors did an immense amount of kicking. The St. Marys club had an open date for Thursday and being desirous of making some expense money and also anxious to give our club another whirl, another game was played Thursday afternoon. This was a good game and up to the fifth inning it looked as if the visitors would be defeated again, but some of our boys began playing bad ball and kept it up the remainder of the game, which gave the visitors renewed courage and they played better ball than they did the first five innings. Below we give the score of both games: WEDNESDAY'S GAME. REYNOLDSVILLE. R. H. P. A. E. Silk Mill Notes. Work in all the different branches at the new silk mill is being rapidly pushed to completion. The two new engines for the power house have arrived and been placed upon their foundations. They are certainly the finest specimens to be found in this section, if not in the entire state. They were manufactured by the American Engine Co. at Bound Brook, N. J., and this fact alone should be all the recommendation required. The dynamo is also in position and the electricians will probably complete their work in the course of a few days. The mill will be lighted throughout with incandescent lights and will present a magnificent sight when the time arrives for their use. The last car load of looms has arrived and have been placed in position, and a large force is now at work fitting them up with their different attachments. The auxiliary machinery, consisting of winders, quillers, doublers, redrawing frames, wipers, beamers, etc., will soon be in position. This machinery was all manufactured by Atwood-Morrison Co., of Stonington, Conn. They being the largest manufacturers of silk machinery exclusively in the United States. Their representative, who is here for the purpose of erecting and putting in running order their machinery and whose entire time is devoted to this class of work, states that the structure and equipment of this is one of the finest mills throughout the east ever seen and bespeaks for the people of the town an enterprising and profitable industry, and as for the management, he declares it to be of the highest type. He also states that business throughout silk centers is in the best shape it has been for years, with prices rapidly on the increase. The mill will be complete and probably running in a week, and subscribers are requested to deposit their subscriptions at either bank in the city within that time. Notice. Notice is hereby given that I have this day disposed of my oil business to the Reynoldsville Hardware Co., to whom all claims must be accounted for.
