L, 16th Regiment, made a fine appearance in the military parade at Philadelphia last week. John T. Thompson and Joan Griffin, of this place, were married by Squire W. L. Johnston at his office in West Reynoldsville one day last week.

Remember that the DuBois Business College is in the front rank of educational progress, and it guarantees satisfaction to all. Mrs. Myra Haven, of Brookville, Pa., has opened a first-class dress-making shop in rooms of house occupied by W. A. Butler, Rathmel, Pa. Remember Hall & Barton sell the genuine Welsbach lights and mantles and have a No. 1 plumber and gas fitter. All work promptly attended to. Oliver Smith and wife, inmates of the Soldier's Home at Brookville, were in town Saturday on their way to visit friends in McCalmont township. Mr. Smith was a resident of Reynoldsville thirty-five years ago. Rev. Alfred E. Hooper, of Kingsville, Ohio, who has accepted a call to the pastorate of the Reynoldsville Baptist church and who was to have been here to fill the public next Sunday, will not arrive in town until next week. A good sized crowd attended the Republican meeting in the P. O. S. of A. hall at Rathmel Monday night. The speakers were James Sweeney, Esq., of Harrisburg, H. I. Wilson, Esq., of Big Run, and William T. Cox, of Reynoldsville. A Reynoldsville doctor started out several mornings ago with his instrument case in one hand and a shot gun in another. He did not bring any game with him in the evening, but there was a funeral the next day in a home he had visited that day. It is claimed that if a young lady puts on a yellow garter on hallow'een night and wears it until the next hallow'een night, that the young man that goes home with her that night is to be her husband. A few of the fair maidens of Reynoldsville put on the yellow garter Monday night. Mrs. Thomas Watkinson, of Eleanora, died Tuesday evening of last week and was buried in the I. O. O. F. cemetery, near the Ben Yohe cemetery, Thursday afternoon. Funeral services were conducted by Rev. Harry Teagarden. The deceased was 55 years old. Her death was caused by pneumonia. Emmet D. Nichols, Esq., of Wilkesbarre, prohibition candidate for Lieutenant Governor, delivered an excellent address in Centennial hall Sunday afternoon. Mr. Nichols did not spend the time in abusing other parties and other candidates, but talked sound common sense, which has a better effect on the people than "mud slinging." F. P. Elder, of Pancoast, and Edward Lewis, of this place, two hunters who spend a month or six weeks in the wilds of Elk county every fall, have built a comfortable shanty in the wilderness as a lodging place while on their expeditions. They left here this morning with their hunting paraphernalia for their annual chase. Some of the Reynoldsville hunters and some from Pittsburgh will stop at hotel de Elder-Lewis while out hunting this fall. A Berks county Dutchman, who had been around town Monday begging money to pay his transportation back to Berks county, was given lodging in the city castle Monday night for drunkenness. When Mayor Stoke released the fellow yesterday morning he unhesitatingly expressed his disgust for the borough jail. He was given a short time to get out of town. Hon. W. M. Brown, of New Castle, Hon. J. D. Hicks, of Altoona, James Sweeney, Esq., of Harrisburg, will be present and talk to the people. The Keystone band will make music for the mass meeting. Epidemic Diphtheria at Johnsonburg. The semi-annual session of the Clarion District Conference was to have been held at Johnsonburg this week, but it has been postponed indefinitely, as the Board of Health of Johnsonburg has forbidden all public assemblages in that town on account of the epidemic of diphtheria now raging there. First of the Course. The first entertainment of the public school course was given at Assembly hall Friday evening by the Schubert Glee Club. The company was greeted with a large and appreciative audience. The audience was especially pleased with C. Edmund Neill, the reader and impersonator. On account of their baggage not arriving in town until the 8.05 P. M. train, the concert did not begin until after nine o'clock. Sending Buckwheat Flour to Dakota. Alex McClelland, of Rockdale Mills, brought some buckwheat flour to town Monday and shipped it to Cecil, North Dakota, to his sister, Mrs. Jesse Hover. This is not the first time buckwheat flour has been shipped to Mrs. Hover. The buckwheat that is raised on the old homestead in Beechwoods and ground at the old mill at Allens Mills, is far superior to the buckwheat raised on Dakota soil, at least so thinks Mrs. Hover. New Organization. On Saturday evening an organization of the Brotherhood of Railway Trainmen will be formed in the Bell hall in this place. Mr. Fitzpatrick, of Columbus, Ohio, will be here to organize the boys. It is expected that the society will start with a membership of twenty. Members of the Brotherhood from other towns will be here to assist Mr. Fitzpatrick in getting the organization in working order. A banquet will be held at Hotel Imperial about 11:30 Saturday night. Shooting Match. There was a shooting match at Emrickville Thursday and the Reynoldsville marksmen there, David Postlethwait, Jacob Debie, G. W. and Ammon Swartz, carried off most all the turkeys, leaving the Brookville sports only have two turkeys, and then a Brookville man had to borrow Postlethwait's gun to win those two. Last year there was a shooting match at Emrickville and the principal marksmen were from Reynoldsville and Brookville and the Brookville fellows were "skunked," didn't get a turkey. Victim of Football. Matthew P. Anderson, of Crenshaw, who was a student in Wyoming Seminary, Kingston, Pa., died at that place Tuesday of last week from the effects of injuries received in a game of football the Saturday before. The Kingston team was playing against the Dickinson College team of Carlisle when Anderson was hurt, but he did not pay much attention to his injuries and participated in a practice game on Tuesday. After that was over he complained of feeling sick and died a couple of hours later. Matthew was a resident of Reynoldsville at one time, moving away from here about three years ago. He was twenty-three years old at time of death. He was the son of Mrs. Agnes Anderson. His remains were sent to Crenshaw where funeral services were held Friday. Italian Used a Shot Gun. We had expected yesterday morning to give our readers a sensational article this week about some boys being out performing hallow'een pranks and an Italian dispersing them with a shot gun. Dame Rumor said one boy had his face almost blown off, could not live. Another boy had his right hand filled full of shot, while some of the other boys had the bosom of their pants punctured from stray shots. We started out with ghoulish glee to get full particulars—news being unusually scarce—and we met the boy with his hand tied up. We quizzed him about the shooting affair and he played innocent about it. When interrogated about how badly his hand was lacerated, he informed us that he was nursing a felon. Then the parental home of the boy who had been wounded so terribly in the face was visited by a representative of THE STAR and there was no shot-berided boy there, nor could we find a single boy that had been hurt Monday night. And, hence, our sensational article did not materialize. However, an Italian shot at some boys and it might have been as serious as was first reported.

DRINKING FOUNTAIN SURE. Work of Laying Pipe and Putting in Fountain to Begin Monday. It is now a sure thing that a public drinking fountain will be put up at the corner of Main and Fifth street, near the Stoke block. The water is to be piped from the spring in front of the Presbyterian church. Three or four bottles of water were taken out of this spring a few weeks ago and sent to the State Chemist in Philadelphia to be analyzed to see if it was pure spring water. The chemist has pronounced the water to be perfectly pure. The pipe and fountain have been ordered and next Monday the work will be started. Those who have subscribed money are kindly requested to pay their subscriptions as soon as possible, and those who subscribed labor are requested to be ready to work Monday morning, or on first day possible after that. There has not been enough money subscribed yet to pay the entire expense of putting in the fountain, and those who have not subscribed are requested to help on the good work by contributing something towards it. The names, with amount, of all who give cash or labor, and a statement of the expense of putting in fountain, will be published in the town papers after the work is all finished. The fountain is to be a pretty one with a lamp on top of it. There will be a place for pedestrians to drink and also a place to water horses. A public drinking fountain is evidence of keeping up with the times, for most towns the size of Reynoldsville, that are alive, have a public fountain. Before this time next year our people will fully appreciate the fountain and would not do without it for double the cost. Meet Monday. The monthly meeting of the Ladies' Village Improvement Association of Reynoldsville will be held in Stoke's hall Monday, November 7th, at two o'clock P. M. As our regular meeting day, the 6th, comes on Sunday this month we will meet on the above stated date. A full attendance of members, and those wishing to become members, is desired. The ladies of the Association, co-operating with the citizens, are anxious to complete the fountain and thereby augment the comfort of man and beast. Many willing hands and generous hearts are needed to help the good cause along and surely the ambition of every woman is to "promote neatness and order in our city and do whatever may tend to improve and beautify our town as a place of residence and keep it in a healthful condition." SECRETARY. Filtering Plant. The New Bethlehem Water Company seems to understand the vital importance of pure water for a town. They are about to put in a filtering plant that will remove 98 per cent of bacteria or impurities from the water that is supplied to that town. The superintendent, Geo. L. Thomas, stated that it was only the matter of a short time till all water companies would be required to use this precaution as it is a fact that disease was spread through impure water supply in many cases. Health authorities are studying this problem carefully and find that more attention should be paid to this matter than is now given it, and are demanding the strictest precautionary measures. The New Bethlehem water company is the first to make this improvement in this section of Pennsylvania.—East Brady Review. Reception for Co. L. The Women's Relief Corps and Sons of Veterans will give Company L, 16th regiment, a reception and banquet in the Bell hall on Monday evening, Nov. 7th. There are 106 soldier boys in Co. L, and if they all attend the reception blue coats will be numerous in Reynoldsville that night. The old veterans of town will be invited to attend the reception and banquet. Shoulder Bone Broken. Harry Clark, eleven-year-old son of H. D. Clark the green grocer and restaurant man, had his right shoulder bone broken one day last week while playing football with other lads of his age. Motion was carried to adjourn. Philadelphia's Peace Jubilee. The Peace Jubilee in Philadelphia last week was a magnificent demonstration. Space will not permit a long account of the Jubilee. The Philadelphia Times, in its write up of military day sums it up as follows: "Mile after mile, hour after hour of marching men, popular heroes of the Spanish war, officers on horseback, privates on foot, gray haired Grand Army veterans; guidons torn by Mausers, the scarred battle flags of the Rebellion, music of bands, enormous numbers of cheering people massed in stands and on sidewalks, the senior general of the United States army leading the seven-mile line, the President of the United States and the Commander-in-Chief of the army and navy reviewing it; and as a frame to the picture the city gay with color shining in the clear sunshine of a perfect October day." From the Philadelphia Press we clip the following concerning civic day: As a spectacle it was a cosmos of color, a scintillating pageant such as this city has not witnessed before. In its eternal gleam and glamour and glint and glade, in the throb of its drums and the blare of its horns and the clash and clang of its cymbals, in the silvery shimmer of its countless banners, the glow of its forest of spear tips, the shifting sheen of its standards, the irredescence of its storied chariots, in the mellifluous music of its throbbing, surging life, it was as though the united gorgeous splendor of a thousand Oriental potentates were rolled into one overwhelming phantasmagoria and set in review before the crowned heads of the earth. In its color effects it was as though the aurora borealis had cloped with a hundred moonbeams and invited a thousand rainbows to witness the reconciliation with old Father Sol at sunset. "Dyeing."
