C. A. STEPHENSON, Editor and Pub.  
WEDNESDAY, DECEMBER 7, 1898.

An independent local paper, published every Wednesday at Reynoldsville, Jefferson Co., Pa., devoted to the interests of Reynoldsville and Jefferson county. Non-political, will treat all with fairness, and will be especially friendly towards the laboring class.

Subscription price \$1.00 per year, in advance. Communications intended for publication must be accompanied by the writer's name, not for publication, but as a guarantee of good faith. Interesting news items solicited. Advertising rates made known on application at the office in Froehlich-Henry Block, Reynoldsville, Pa.

Entered at the postoffice at Reynoldsville, Pa., as second class mail matter.

Governor-elect William A. Stone will be inaugurated the third Tuesday of next month.

Hon. John P. Elkins, of Indiana, Republican State chairman, is mentioned for Attorney-General of Pennsylvania and also for United States Senator to succeed Hon. M. S. Quay. Mr. Elkins could fill either position with credit.

After January 1st the stamped envelopes issued by the postoffice department will be a red stamp of exactly the same shape as the carmine two-center. This is in accordance with an article in the international postal agreement which requires all issues of the same denomination of a stamp to be uniform in color. The department will this month begin substituting the red stamp on envelopes for the green.

Clarion county voted in favor of a poor farm at the late elections and several other counties are preparing to follow suit. The poor farm is the only method by which the poor can be properly cared for and a county that votes against it is working against its own interests.—Kittanning Republican. At the February election the poor farm will be a question for the voters of this county to settle.

Prof. N. C. Schaeffer, state superintendent of public instruction, in his recent annual report to Governor Hastings said: "The greatest enemy of boyhood is the cigarette." A learned doctor recently said, there will be more idiots and deformed children born in the next generation than was ever born in one generation. He gives as a reason for the idiotic and deformed condition of the next generation, the cigarette habit of the boys of to-day.

There are many people who are discontented and think they would be happy if their environments were different. Some one has said: Happiness depends on one's temperament. It is a condition of mind. The environment has little to do with it. To the jaundiced, honey is bitter. "Let Rome in Tibor melt and the wide arch of the ranged empire fall. Here is your place." The nobleness of life is to do your duty, be as happy as you can, and try to make others happy.

The Pittsburg and Lake Erie R. R. has issued an order restraining their employees from entering a place where drink is sold, while either on or off duty. This may seem an interference with the rights of the individual, but if any one was in a wreck caused by a drunken engineer, conductor, or other employe, they would feel that the traveling public and the sober employes of a railroad had rights that were of vastly more importance than the right of an individual to take a drink. When it is remembered how the lives of the patrons and employes are at the mercy of a single individual, and how a single drink too much might befuddle the brain of an engineer or conductor so that orders might be misunderstood or forgotten, with fearful loss of life and property as a result, the right thinking public will say a hearty amen to every rule and regulation tending to the prevention of such disaster.—Freeport Journal. The railroad companies are becoming very strict about employes using intoxicating drinks. Some good railroad men have recently lost their jobs in this section because they became intoxicated while on duty.

The Chicago Record says: "The Philippine girls are interesting, but only a few are pretty. They are extremely graceful, as straight as an arrow and always picturesque. A girl becomes a young woman at 12 or 13, a mother about three years later and a grandmother at 35, but even at the advanced age of 50 she is still supple and graceful and picturesque. Those who were at the World's Fair in Chicago may remember the beautiful Samoan girls in the Samoan village. The type of beauty is nearly the same, and seems to be common with all the Pacific Islanders and the Malays. The skin is yellow or brown, the hair straight and shiny black, the eyes soft and lustrous and the teeth white, except where the habit of chewing the betelnut has left them red and repulsive. The women are modest to the last degree, do not know what flirting is and are hospitable and womanly. The practice of smoking is general, and even little girls scarcely 8 years old may frequently be seen smoking enormous cigars. The children go naked until they are 6 or 7 years old, and then gradually into short skirts, and a little later in about the same style of clothes as are worn by the grown people."

Try Electric Bitters and be convinced that they are a miracle worker. Every bottle guaranteed. Only 50c. a bottle at H. A. Stoke's Drug Store.

Switzerland has a business like compulsory education law. If a child does not attend school on a particular day, the parent gets a notice from the public authority that he is fined so many francs; the second day the fine is increased, and by the third day the amount becomes a serious one. In case of sickness the pupil is excused, but if there be any suspicion of shamming a doctor is sent. If the suspicion is found to be well founded the parent is required to pay the cost of the doctor's visit.

### Beats the Klondike.

Mr. A. C. Thomas, of Marysville, Tex., has found a more valuable discovery than has yet been made in the Klondike. For years he suffered untold agony from consumption, accompanied by hemorrhages; and was absolutely cured by Dr. King's New Discovery for Consumption, Coughs and Colds. He declares that gold is of little value in comparison with this marvelous cure; would have it, even if it cost a hundred dollars a bottle. Asthma, Bronchitis and all throat and lung affections are positively cured by Dr. King's New Discovery for Consumption. Trial bottles free at H. A. Stoke's Drug Store. Regular size 50 cts. and \$1.00. Guaranteed to cure or price refunded.

A sharper has been victimizing some of the ladies in neighboring counties. He represents himself as the agent of a wholesale millinery house, and promises ladies that they shall be instructed in how to make artificial flowers and be given steady employment after they have learned, but first they must pay \$1.50, or some other sum, as part of the expense of the "moulds" and to assist in paying for the instruction by the expert who would be sent in a few days. Of course the "moulds" and the expert never come and the \$1.50 is gone. Give him the grand bounce if he calls.

If you want a gun or ammunition, go to Riston's.
