The young men brought the cat to Reynoldsville Thursday for the bounty-two dollars-which 'Squire Johnston paid them. The wild cat measured 38 inches, not including tail. The hunters run his catship under some rocks and could only see its glistening eyes when they shot it. One of the hunters took the other one by the feet and let him down head first among the rocks to get the wild cat after it had been shot.

## Mustered Out.

#### Used a Knife.

A cutting affair occurred in a caboose in the A. V. R'y yard at this place the night before Christmas. The man who used the knife is in the county jail, charged with stabbing with intent to kill, and one of the men who was stabbed is in the Mercy Hospital, Pittsburg. John Christner, who used the knife, is a Gorman, and William McDonough, who was almost murdered, is an Irishman. The men worked on the A. V. R'y gravel train and boarded in the ears. Saturday they had a discussion about the virtues of their native lands, but it was thought the matter had been penceably settled. Saturday night Christoer entered the ear with a knife in his hand and attacked McDonough, cutting him terribly on the head and stabbing him in the neck once or twice. It was a narrow escape from cold blooded murder. After Christner had thrust his knife into McDonough's head and neck as often as he thought it necessary, he started to run out of the car and Patrick McCale attempted to stop him. For his interference Christner stabbed Me-Cale in the neck and almost cut his left hand off. Sunday Frank P. Adelsperger, A. V. R'y detective, arrested Christner and Nick Bergen, a Frenchman, who got mixed in the affair and was charged with assault and battery. Monday the men had a hearing before Squire Neff and, failing to get bail, were taken to jail Monday afternoon.

#### Leg Broken and Foot Crushed.

On Thursday afternoon last V. L. Moore, a young man of Washington township, met with an accident which resulted in a broken leg and crushed foot. The accident occurred at the farm of John Burtop, now occupied by Jerry Buchanan. Some timber had been taken off the place some time ago and but five logs remained to be brought down the steep side-hill, and Mr. Moore went there at the time above mentioned to finish the job. The logs were chained together, four abreast, with the fifth trailing behind at one side, and when about half way down the grade the logs began to slide rapidly and, to prevent them from striking the team, Mr. Moore threw the lines and started the horses on a run. Before he succeeded in getting out of the way the front end of the rear log struck his left foot and jammed it against a stump at the side of the road, stopping the team and the five logs, and pinning him fast, where he remained until he called some of the nearest neighbors and was assisted from his painful position. The limb was broken above the ankle and the front part of his foot badly pinched.

### The Home Paper.

The Philadelphia Press says: "Those acquainted with the true situation of the interior districts of Pennsylvania know that it is not a dearth of funds that impels people to be careless about paying the local publishers; but it is a habit-habit only-that has made it a common thing for county subscribers to give no thought to all that is fair and just toward their home editor, who, beyond question, does more gratuitous service for the upbuilding of the respective communities than any other ordinary citizen, or even a Board of Trade, if such body should exist in this

## A. M. WOODWARD, P. M.

"The Drummer Boy of Shiloh" has beld the boards at the opera house all week, and as an attraction for drawing big crowds it is out of sight, the play is strictly first-class, the tableaux were pronounced the grandest ever produced before a Connellsville audience. The receipts of the five nights were \$833.90. The play was for the benefit of Company D. 10th Regiment, N. G. P.-Convier, Connellsville, Pa., January 27, 1893 .-At Reynolds opera house Jan. 12, 13 and 14, under auspices W. R. C.

Charles F. Burnham, who was connected with the DuBois Courier a few years as local writer, and who became quite well acquainted in this place while holding the position on the Courier, died at Dayton, Pa., on Monday night of last week from pneumonia, after a few days' illness.

The Reynoldsville creamery has closed up for the month of January. The directors expect to start again in February when there are more fresh cows. The creamery has run seven months now and has received 131,850 pounds of milk, an average of 18,835 pounds per month. If the stockholders will take more interest in the creamery it will prove a veritable gold mine to them, at least those farmers who have furnished milk till now are pleased with their returns, that is what they tell me. #### Twas Not a Klondike

The members of Fire Co. No. 1 held a masquerade ball and oyster supper in the Star building on Monday night of last week and got "in the hole" twentyfive dollars for their trouble. The boys are in debt about two hundred dollars for the new suits they purchased last summer so that they could make a respectable appearance when out on parade-at home or at neighboring towns. They thought the holidays an opportune time to make some money to liquidate their indebtedness, but, alack, their anticipations were knocked out and their debt was increased a quarter of a hundred dollars by giving the masquerade and oyster supper. There were only four persons outside of the fire company and their wives, who patronized the six o'clock oyster supper. The boys set up a good supper.

In consideration of the promptness and willingness of the boys to protect the property of Reynoldsville from the fire fiend-and gratis at that-they should have most any reasonable thing they might ask for. There should be no trouble for them to raise the necessary money from the citizens of our town to pay for their new suits. We might add also that the business men of Reynoldsville ought not to be expected to be the only persons in the town to help the firemen. Every person who owns property should be willing to contribute a little to keep up the courage of the firemen of our town.

#### Resolutions of Respect.

With deep regret and fraternal sympathy, we, Paradise Grange, No. 854, are called upon to mourn the loss of Estella Strauss, one faithful as a member of our order and community, whom Death's Angel has taken away.

However, believing, as we do, that the great plans and works of our Supreme Ruler are for naught but the good of all, we console ourselves with the thought that though our sister and co-worker has been transferred from this to a happier life, she is made happier and through it we may be made better.

Toward this end, through this apparent affliction, we here resolve as a Grange:

First. That we recognize the Divine hand in this apparent affliction. Second. That we do deeply and sin-erely sympathize with all who mourn in her behalf, and especially the parents, brothers and sister.

Third That we do, as individual numbers of our order, endeavor to take the great lessons to ourselves which the departing of this life teaches

Fourth. That we remember her life

and labors among us as one whose example is worthy of imitation.

Fifth. That we enter these resolutions on the minutes of our next regular meeting: have a copy set in the columns of our local paper, and one sent to the bereaved family, and that we have our charter draped in mourning for sixty days.

# Good Team of Horses.

E. C. Sensor, of Reynoldsville, who hauls stone for Snyder Brothers, is the possessor of a team of horses which any man might be proud to own. It is a team of bay Percherons, weighing thirty-two hundred pounds. The team recently hauled a load of stone weighing 9,200 pounds from the Haines quarry to the bridge at William Wadding's, a distance of three or four miles, part of the road up a pretty stiff grade. We do not believe there is another team in the country that can do that. And it is worthy of note that Mr. Sensor never speaks roughly nor yells at his horses. -Dayton News.

Mr. Sensor, who was working on the new railroad near Dayton a few months, returned to this place last week with his fine team of bay Percherons.

## The New Year's Bells.

Departing year! I hear thy knell Sound through the midnight air. As blithely as if wedding bells Called for surcease of care. Twas ever thus in homan life, Since man took note of years, We hall the coming time with hope, And strive to dry our tears. But there are mem'ries will not die, Griefs that are half sublime. Years but allay, and still the heart Throbs for the olden time. We think of friends of other years, Some dear voice stilled forever. These lapse of years can ne'er efface. Nor time from us e'er sever. Still jocund rings the New Year's bells,
As if there were no sorrow:
Tis better so, for hope is good,
Whate'er betide tomorrow,
-Neil Macdonald.
