## "Better Be Wise Than Rich."

Wise people are also rich when they know a perfect remedy for all annoying diseases of the blood, kidneys, liver and bowels. It is Hood's Sarsaparilla, which is perfect in its action. It so regulates the entire system as to bring vigorous health. It never disappoints.

Coltre - " For 42 years I had goitre, or swellings on my neck, which was discouraging and troublesome. Rheumatism also annoyed me. Hood's Sarasparilla cured me completely and the swelling has entirely disappeard. A lady in Michigan saw my previous testimonial and used Hood's and was entirely cured of the same trouble. She thanked me for recommending it." MRS. ANNA SUTHERLAND, 406 Lovel Street, Kalamazoo, Mich.

Street, Kalamazoo, Mich.

Poor Health — "Had poor health for years, pains in shoulders, back and hips, with constant headache, nervousness and no appetite. Used Hood's Sarsaparilla, galued strength and can work hard all day, eat heartily and sleep well. I took it because it helped my husband." Mas. KLIZARETH J. GIFFELS, Moose Lake, Minn.

Makes Weak Strong -"I would give \$5 a bottle for Hood's Sarsaparilla if I could not get it for less. It is the best spring medicine. It makes the weak strong." ALBERT A. JAGNOW, Douglastown, N. Y.

Will Get Down To It.

It is certainly true that as deeply imbedded as the sciatic nerve is, St. Jacobs Oll will get down to it and cure it. It is proof of how penetrating and efficacious are its curative powers.

A Woman Fixed Thanksgiving Day. According to the Boston Transcript, was a woman who was the means of having a definite day in the year set apart for the national observance of Thanksgiving, Mrs. Sarah Josepha Haie, a Boston woman, and editor of the first woman's magazine published in this country, worked for twenty years to accomplish this end. Time did not daunt her courage, but rather increased her insistence. She wrote to governors of states and to presidents of the United States. At last President Lincoln adopted her suggestion in 1864, when there was reason to re-Joice over the success of the North in

restoring the union. He tiets the Worst.

Contain Mercury.

as mercury will surely destroy the sense of smell and completely derange the whole ayatem when entering it through the mucous surfaces. Such articles should never he used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure manufactured by F. J. Cheney & Co. Toledo, O. contains no muschiny, and is taken internally, acting diprectly quon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure he sure to get the genuine. It is taken internally and is made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. We sold by druggists price 75c, per bottle.

Hall's Family Pills are the best,

keeping us warm. Shivering is really a form of exercise in which the muscles instead of doing their ordinary work under the control of the will are made to execute involuntarily a series of slight but rapid contractions. This of slight but rapid contractions. This has the same effect as any other kind cause of Mr. Cannon's statement yesof muscular work in making the fires of the body burn more rapidly an Eleanor, when we are married, will throw out a greater heat. The unpleasyou love me well enough to cook for antness of the process is meant, no doubt, as a hint to the owner of the have to hire somebody else to do my body to take more effective means of warming himself

HE ills of women conspire against domestic harmony. Some derangement of the generative organs is the main cause of most of the unhappiness in the household.

The husband can't understand these troubles. The male physician only knows of them theoretically and scientifically, and finds it hard to cure them.

But there is cure for them, certain, practical and sympathetic. Mrs. Pinkham

has been curing these serious ills of women for a quarter of a century. Failure to excuse the women of to-day, for the wisest counsel can be had without charge. Write to Mrs. Pinkham for it. Her address is Lynn, Mass.

Among the multitude of women helped by Mrs. Pinkham and by Lydia E. Pinkham's Vegetable Compound, is MRS. JOSEPH

King, Sabina, Ohio. She writes: "DEAR MRS. PINKHAM-Will you kindly allow me the pleasure of ex-pressing my gratitude for the wonder-ful relief I have experienced by taking Lydia E. Pinkham's Vegetable Compound. I suffered for a long time with falling of the womb, and those terrible bearing-down pains, and it seemed as though my back would never stop aching; also had leucorrhoea, dull headaches, could not sleep, was weak and life was a burden to me. I doctored for several years, but it did no good. My husband wanted me to try your medicine, and I am so thankful that I did. I have taken four bottles of the

Compound and a box of Liver Pills, and state that if more ladies would only give your medicine a fair trial they would bless the day they saw your advertise-ment. My heart is full of gratitude to Mrs. Pinkham for what her medicine has done for me. It is worth its weight in gold." FIFTY-FIFTH CONGRESS

BIXTY-FOURTH DAY.

In the House Monday the census bill, prepared by the House committee, went through by a vote of 147-42. It makes the census bureau entirely independent of any existing department. A bill was passed to extend the anticontract labor laws over the Hawaiian islands.

Islands.

SIXTY-FIFTH DAY.

Tuesday was set aside in the house for the consideration of public building bills. The committee had reported is bills for buildings in 15 states, authorizing, in the argregate, an expenditure of \$14,000,000. Forty bills carrying or authorizing appropriations aggregating \$11,301,000 had been favorably acted on before adjournment. Among them are: Bluefield, W. Va., \$20,000: Wilkesbarre, Pa., \$100,000, and Canton, O. (addition), \$15,000. Altoona, Pa., \$125,000. Among the additional bills reported was one for Shamokin, Pa., \$60,000.

SIXTY-SIXTH DAY.

After two days, during which the members seemed to go wild on the subject of public building bills, the house Wednesday afternoon adjourned with the passage of but one bill and with another hanging up in the air. It was one of the worst raids on the treasury that any congress has ever been guilty of, but at the last moment many of the members became dissusted, and by falling to vote, broke a SIXTY-FIFTH DAY,

been gullty of, but at the last moment many of the members became dis-gusted and by falling to vote, broke a quorum. The combine that was in charge had coupled 78 bills together, with a total appropriation of more than \$11,000,000. Some of the buildings were in towns, of less than 10,000 peo-ple, but they were placed on the slate solely to secure votes for the other bills.

The only bill that got through was one giving Newport News, Va., a building to cost \$15,000. On the next bill, that to give Altoona, Pa., a building to cost \$125,000, a quorum failed to vote and the house adjourned.

yote and the house adjourned.
SINTY-SEVENTH DAY.
Chairman Cannon of the appropriations committee of the house, in the course of the general debate on the sundry civil bill Thursday, sounded a note of warning against extravagant appropriations and practically served notice that neither the ship subsidy bill nor the Nicaragua canal bill could be massed at this weeslon.

bill nor the Nicaragua canal bill could be passed at this session.

Mr. Grosvenor of Ohio, Mr. Hepburn of Iowa and Mr. W. A. Smith of Michigan, although they did not enter into any lengthy discussion, took issue with Mr. Cannon, but he maintained that our revenues might be sufficient to meet our expenditures for the next two years if no new lines of expenditure-were entered upon. He Indicated that it would be a close margin, and that new expenditures might mean a borld issue. Mr. Cannon's speech was in every way a notable cue, and doubtless will furnish the text for a good deal of discussion during the remainder of the session.

The general debate of the sundry

The general debate of the sension.

The general debate of the sundry civil bill was not concluded. Before it was taken up quite a number of minor bills were passed by unanimous consent. The bill was taken up in committee of the whole.

SIXTY-EIGHTH DAY.

During the general debate on the cundry civil appropriation bill in the House Friday, Mr. Dockery (Dem., Mo.), congratulated the country upon the statement made by Mr. Cannon yesterday. Had it been made earlier, he said, the country might have been saved many millions of dollars. Mr. Dockery produced figures to show that there was already in sight a deficiency Hali's Family l'ills are the best.

Egbert Davidson, a prominent citizen of Mecklenburg county, North Carolina, is on trial in the Federal Court on a unique charge. A mail carrier had been stealing his meions. He had stopped the carrier in the road and whipped him. The carrier missed the mail connection, and Dayidson is being tried for "delaying the mails."

Shivering with Coid.

It requires a considerable amount of philosophy, when one is shivering with coid, to take comfort from the fact that this is nature's own method-of keeping us warm. Shivering is really

Governmental expenditures

SIXTY-FOURTH DAY.

The state of war which existed between the United States and Spain since April 21, 1898, was formally terminated Monday afternoon, when the peace treaty negotiated at Paris and signed there December 18 was ratified in the Senate by the close vote of 57 to 27, one more than the required two-thirds. Ten Democrats were in the affirmative, Clay, Faulkner, Gray, Kenney, Lindsay, McEnery, McLaurin, Morgan, Pettus and Sullivan, while two of the ablest and most distinguished senators on the Republican side, Hoar and Hale, voted in the negative.

SIXTY-FIFTH DAY. SIXTY-FOURTH DAY.

SIXTY-FIFTH DAY.

For two hours or more the senate Tuesday had the resolution declaratory of a policy of this government in the Philippines under discussion, but no vote was reached and th resolution went finally to the calendar. In accordance with notice given Monday evening, Mr. Tilman (Dem. S. C.) addressed the senate upon the resolution, making a characteristic and picturesque argument. He maintained that a clear, explicit and direct resolution ought to be adopted, and not one that was meaningless and meonsequential. He predicted that dire results would follow the ratification of the treaty, unless the United States treated the Flippinos with absolute firmness and gave them self-government.

SIXTY-FIXTH DAY.

The Senate bill to amend the law recognicing ballots for members. SIXTY-FIFTH DAY.

The Senate bill to amend the law requiring ballots for members of Congress to be written or printed so as to permit the use of machines where authorized by the laws of the State was passed, 94 to 44.

The Senate confined itself largely to the transaction of routine business.

The Senate confined itself largely to the transaction of routine business, passing the Indian appropriation bill. Mr. Pettigrew made a strong appeal to carry out agreements with the Indians. Consideration of the legilative, executive and judicial appropriation bill was begun. The bill carries appropriations of \$23,460,977.

SIXTY-SEVENTH DAY.

Among the bills passed by the Senate was the measure to restore to their original status as to promotion officers of the navy and marine corps who lost numbers by the advancement of other officers during the war with Spain. SIXTY-EIGHTH DAY.

In the Senate Friday Mr. Platt (N. Y.), presented the credentials of Senator-elect Depew, describing him as a "citizen of 30 years and over."

Mr. Alien (Pop., Neb.), offered a resolution declaring that the Senate reaffirmed the principles of the Declaration of Independence, and that these principles are to apply to all who have a distinct society and territory of their

own. Mr. Chandler objected and it went over. A house bill to establish a National military park to commemorate the campaign of Vicksburg passed. A resolution calling upon the secretary of the navy for a statement of the expense of the navy under the proposed personnel bill was passed.

Mr. McEnery (Dem., La.) asked unanimous consent for a vote to be taken on his resolution declaring this country's policy in the Philippines next Monday. Mr. Mallory (Dem., Fla.) objected.

Consideration of the legislative, executive and judicial appropriation bill was resumed. Mr. Foraker (Rep., C.) offered an amendment increasing the expense of the office of sub-treasurer in Cincinnati by \$1,470 a year.

INDUSTRIAL NOTES.

Rockefeller to Transfer His Immense Fleet of Ore Carriers to the Carnegie Company. Locomotives Shipped to Havans.

A deal is under way at Cleveland by which John D. Rockefeller will transfer his vast lake versel and iron ore interests to the Carnegie Steel Company. According to the story, the Carnegies will control the finest fleet of freight boats on the lakes, valued at several million dollars, and the Duluth & Messaba railroad. Rockefeller's mining property is already under 50-year lease to the Carnegie company. The deal, when consummated, will make the Carnegie Steel Company one of the most powerful organizations in the country. It will practically take the Carnegie people out of the market for outside vessel tonnage, and the output of the mines will be handled almost entirely by the Carnegie railmost entirely by the Carnegie raili-roads, docks and vessels from the time the ore leaves the mines until it reaches the furnaces at Pittsburg. Another deal in which the Carnegie Steel Company is interested will be closed before the end of the week, it is the nurchase of the Oneen mine on closed before the end of the week, It is
the purchase of the Queen mine, on
the Marquette range. The mine is
now owned by the Queen Mining Company, and is operated by Corrigan,
McKinney & Co., of this city. The
purchase prise is said to be something
less than \$500,000.

The Baldwin Locomotive Works
have just shipped to Havana for the
United States Government two large
switching engines, to be used in connection with the improvements contemplated and in progress there. Or-

nection with the improvements contemplated and in progress there. Orders have also been received by the
firm for four large consolidated freight
engines for the Mexican Central Railroad. The work upon the forty freight
engines and five passenger engines for
the Baltimore & Ohio Southwestern
Railroad, orders for which were placed
with the firm some time ago, is progressing, and they will be ready for
delivery in the spring.

President Lambert, of the American
Steel and Wire Company, last week
made the following announcement
relative to a sweeping advance in the

Steel and Wire Company, last week made the following announcement relative to a sweeping advance in the wages of the employes of his company at Chicago, which is to become effective by March 1: Advance to all employes earning up to \$1.50 a day, 10 per cent; \$1.55 to \$2 a day, 7½ per cent. Altogether about 26,000 employes of the company. in Illinois, Ohio, Indiana and Pennsylvania, will be benefited by the raise. The employes of the company who work on a tonnage scale will receive proportionate raises on the ap-

who work on a tonnage scale will receive proportionate raises on the appraised value of their labor. The advances in wages, President Lambert says, will mean an annual amount between \$709,009 and \$1,009,000.

The stockholders of the Pittsburg Reduction Co. have ratified the plan to increase the capital to \$1,600,000.

Carnegie's steel car plant at Homestead, Pa., will be in operation by September. The plans for its construction are being rushed, and ground will be broken in a short time. Orders are already being booked by the company, and now aggregate over \$6,000,000. One was placed a few days ago ready being booked by the company, and now aggregate over \$6,000,000.

One was placed a few days ago by the Ballimore and Ohio Railroad Company for 2,000 steel hopper cars, of from 100,000 to 125,000 pounds capacity, involving an expenditure of over \$2,000,000. J. B. Hardie has been appointed chief engineer of the projected plant.

Articles of incorporation of the Chi-Articles of incorporation of the Chicago Milk Trust, of which Joseph Leiter is the prime mover, have been deposited in New Jersey, and in a day or two the consolidation will be an accomplished fact. The capital stock will be \$10,000,000. Very little of this will be in the hands of the milk dealers, the organization having in most cases bought the milk routes outright. The trust, it is said, will not alter the price of milk at present.

price of milk at present.

The wire nail mill at Salem, O., owned by the American Steel and Wire owned by the American Steel and Wire company, has commenced to run three turns daily of eight hours each. It is now running two eleven hour turns. President Shaffer, of the Amalgamated association, and Secretary Nutt, of the Iron Manufacturers' association, at their bi-monthly conference at Youngstown, decided that the price of bar iron did not warrant any increase in the scale of wages for February and March.

The Iroquois Furnace company's

increase in the scale of wages for February and March.

The Iroquois Furnace company's plant at South Chicago, and the only producing furnace in the Chicago district outside of the Illinois Steel company's works, has been sold to Rogers, Brown & Co. The price paid is understood to be somewhere near \$500,000. The buyers are among the largest dealers in pig iron in the country, having offices in Chicago. New York, Fittsburg. Cleveland. Philadeiphia, Boston, Cincinnati and St. Louis. Their scales of foundry pig iron last year were over 1,000,000 tons.

"It is announced at Berlin from St. Petersburg, that the greater part of the trade of North Siberia is falling into the hands of the Americans. The whole of the Tschu Kschl peninsula is already in complete economical dependence on Americans who own the neighboring island of St. Lawrence in the Berling sea."

A dispatch from Hazard is to the effect that the largest plant for manufacturing zinc in the world will be in operation at this place when the plant now under construction is creeted. It is stated that nearly sixty different buildings will be required.

Scattering the Seed.

Scattering the Seed.

This last year has added to our experience of this mortal life and of the world. What practical experience have we gained? With the passing away of this year there is the subtraction of one more year from our whole allotment—a most weighty and important circumstance. Life at its longest is but short, and each year is no inconsiderable fraction of the whole amount. How this fact ought to teach us to make a wise use of what remains! How we should redeem the time that may yet be ours, doing for the blessed Muster whatever our hands may find lodgment in some good soil, epringing up and bearing fruit even an hundredfold to the glory of God. Let the passing of the year, then, admonish us of the steatity yet rapid flight of time. Every period of life should be entered upon with an earnest prayer to God that He would keep us from spending it in a vain and unprofitable way. Let us, then, at the closing of this year, and as we enter upon the new one, set up a memodal to the Lord most high, and consecrate ourselves anew to His service.—Christian Work.

The Chicago Board of Education has decided that all teachers in the public schools of the city must hereafter live in the city.

So injurious is life on a torpedo boat that a year's continuous service will mentally and physically incapacitate a man. This assertion is made on the authority of Lord Charles Beresford but that the strain on any one serving on these craft is very great is shown by the fact that to one month's service the British naval regulations allow one week off. Austria is endeavoring to mitigate the hardship of service these boats, and life on one built for the Austrian navy and tried on the Thames recently was demonstrated to be pleasanter than on those of the English pavy,

## Locomotor Ataxia & Paralysis Can be Cured.

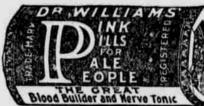

These extreme nervous disorders were treated with wonderful success by the dis-coverer of Dr. Williams' Pink Pills for Pale People, previous to his discovery being offered to the public generally. This remedy is the only known specific in many diseases that, until recent years, were pronounced in-curable. Here is the proof:

James Crocket, a sturdy old Scotchman living in Detroit, Mich, at SS Montealm St., was cured of Locomotor Ataxia by these pills. For many years he has been a chief engineer of one of those big passenger palace steamers plying upon the great lakes. This is a position of great responsibility and the anxiety causes a great nervous strain. Mr. Crocket says: "For officen years I watched the big engines and boilers without a single accident, and only noticed that I was getting nervous. Suddenly without warning I was taken sick and was prostrated. I had the best of physicians but grew gradually worse. At a council of dectors, they said I had nervous prostration, and had destroyed my whole nervous system and would never recover. For three years I was mable to move from my bed. The doctor said I had becomotor staxia, and would never be able to walk again.

The doctor said I had locomotor staxis, and would hever seems are almost egain.

"The pains and suffering I experienced during those years are almost indescribable. The friends that came to see me bid me good-bye when they left me and I was given up. The doctors said nothing more could be done. My wife kept reading to me, articles about Dr. Williams Fink Fills for Pale People. We finally decided to try them. The first box gave me relief. I continued to use them for about two years before I could get strength enough to walk. I am nearly seventy-five years old and there is not a man in this city that can kick higher or walk further than I can and to-day I owe my present good health to Dr. Williams' Fink Fills for Pale People for they saved my life."—Detroit Evening News.
