

"Durability is Better Than Show."

The wealth of the multi-millionaires is not equal to good health. Riches without health are a curse, and yet the rich, the middle classes and the poor alike have, in Hood's Sarsaparilla, a valuable assistant in getting and maintaining perfect health. It never disappoints.

Scrofula—Three years ago our son, now eleven, had a serious case of scrofula and erysipelas with dreadful sores, discharging and itching constantly. He could not walk. Several physicians did not help for sixteen months. Three months' treatment with Hood's Sarsaparilla made him perfectly well. We are glad to tell others of it. Mrs. DAVID LAIRD, Ottawa, Kansas.

Nausea—"Vomiting spells, dizziness and prostration troubled me for years. Had neuralgia, grew weak and could not sleep. My age was against me, but Hood's Sarsaparilla cured me thoroughly. My weight increased from 125 to 143 pounds. I am the mother of nine children. Never felt so well and strong since I was married as I do now." Mrs. M. A. WATERS, 1529 3rd St., Washington, D. C.

Eczema—"We had to tie the hands of our two-year-old son on account of eczema on face and limbs. No medicine even helped until we used Hood's Sarsaparilla, which soon cured." Mrs. A. VAN WYCK, 123 Montgomery Street, Paterson, N. J.

Missing Coins.

It is estimated that there are 199,000,000 old-style copper pennies somewhere. Nobody knows what has become of them, says the Philadelphia Press, except that once in a while a single specimen turns up in change. A few years ago 4,500,000 bronze two-cent pieces were set afloat. Three millions of them are still outstanding, but are never seen. A million of three-cent silver pieces are scattered over the United States, but it is very seldom that one comes across any of them. Of the 800,000 half-cent pieces, not one has been returned to the government for coinage or is held by the treasury.

Her Opinion. "People ought not to take children to the theater," said the bachelor. "Not if they can possibly avoid it," answered the young mother. "The noise on the stage does keep the poor little things awake so."—Washington Star.

[LETTER TO MRS. PINKHAM NO. 46,970]

"I had female complaints so bad that it caused me to have hysterical fits; have had as many as nine in one day.

"Five bottles of Lydia E. Pinkham's Vegetable Compound cured me and it has been a year since I had an attack.

Mrs. Edna Jackson, Pearl, La.

If Mrs. Pinkham's Compound will cure such severe cases as this surely it must be a great medicine—is there any sufferer foolish enough not to give it a trial?

Biliousness

"I have used your valuable CASCARETS and find them perfect. Couldn't do without them. I have used them for some time for indigestion and biliousness and am now completely cured. Recommend them to every one. Once tried, you will never be without them in the family." E. W. A. MARK, Albany, N. Y.

REVIEW OF TRADE.

Business Unprecedented—Demands Continue for Iron Products—Large Exports.

R. G. Dunn & Co.'s weekly review of trade reports as follows for last week: The situation is without precedent. Business has never been better on the whole, and in some great industries the gain is astonishing. Exports surpass last year's as much as imports, though the excess over imports then was heavy. Failures are smaller than last year, and smaller than in either ordinary advance of 84.75 in tobacco, the average for the active railway securities being a little higher and for trusts much more, owing to the extraordinary advance of 98.475 in tobacco. Payments through exchanges show a greater volume of business than ever before at this season, and nearly one-half larger than in the best of previous years. The outgo of breadstuffs and cotton continues heavy. But there are some fears that such prosperity cannot last.

Popular impressions have to be reckoned with, because they control events. Yet at every point of danger except one the signs are in every respect favorable. The upward rush of 15.5 per cent in the price of pig iron since January 1, and 17.8 per cent in prices of iron and steel products, does indeed raise a question whether exports of such products may not be temporarily checked, but if they could be entirely stopped, as they are not, the balance due this country would still be large. The crush of demand for finished products, at a time when nearly all the works are crowded by orders covering production until July 1 or later causes many to refuse to contract beyond that date, except at higher prices and a rise under such circumstances may prove the one thing needed to sober buyers and to bring into the list of producers other establishments heretofore idle.

While a fairly large capacity of production is still in reserve, the demand now pressing for cars, vessels, bridges, buildings and pipes is partly to anticipate an expected rise in prices. The best sign is that the great producers appear to be anxious to maintain their hold on foreign markets, although just now unable to take orders for future delivery.

Nobody can judge what the clothing market may be as yet, and the woolen manufacturers have a very uncertain market ahead but judge that there will be a heavy demand for goods before long, and many of the smaller mills are looking for chances in the wool markets.

Wheat has gained only 1% in price, although Atlantic exports, flour included, have been 2,567,364 bushels against 2,080,417 last year, and including other exports, 3,279,726 bushels, against 3,656,793 last year. The exports have been so heavy that many doubt their continuance, and yet grain comes from the farms and then goes abroad, as if such doubt had no basis. The western receipts during the past three weeks have been 9,376,473 bushels, against 7,335,426 bushels last year. Corn has gained but 1/2 cent with smaller demand for export, although its outward movement will be quite beyond precedent but for last year. In three weeks the exports have been 6,315,567 bushels, against 10,931,774.

Failures for the week have been 191 in the United States, against 223 last year, and 40 in Canada, against 30 last year.

Ovation to Gomez.

Gen. Maximo Gomez, the Cuban commander-in-chief, entered Havana last Friday afternoon, escorted by Gen. Ludlow and his staff and Troop E of the Seventh United States Cavalry. He marched at the head of 2,000 armed Cuban horsemen and foot soldiers. The population of the city was wild with enthusiasm, throwing themselves in front of the general's horse, impeding his progress and pelting him with flowers. The general reviewed the troops at the palace.

Where Life is Longest.
More people over 100 years old are found in mild climates than in the higher latitudes. According to the last census of the German empire, of a population of 55,000,000, only 78 have passed the 100th year. France, with a population of 40,000,000, has 213 centenarians. In England there are 146, in Ireland 578, and in Scotland 46. Sweden has 10, and Norway 23, Belgium 5, Denmark 2, Switzerland none. Spain, with a population of 18,000,000, has 401 persons over 100 years of age. Of the 2,250,000 inhabitants of Serbia, 675 persons have passed the century mark. It is said that the eldest person living whose age has been proven is Bruno Cotrim, born in Africa, and now living in Rio de Janeiro. He is 150 years old. A coachman in Moscow has lived for 140 years.

Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular, free.

Persian Ideas.
An American traveler in Persia learned that the common soldiers of that country supposed that the English practice of firing a salute at the burial of a soldier had for its object the driving away of devils. Other mistaken impressions no less absurd he reports in his "Persian Life and Customs." A village soldier asked me if I knew of dog-worshippers. I told him I had heard of fire-worshippers, cow-worshippers, and the like, but not of dog-worshippers. He said he had seen some in Teheran. Some foreigners there had fed dogs at their tables, had washed and clothed them, fondled them in their laps, and taken them riding in their carriages; were they not dog-worshippers? An English sea captain, whose ship touched at Bushire, took a horseback ride through the streets of the city, but made so poor a display of horsemanship as to astonish and amuse the people. The next day a vendor of fruits came on board the ship and said to the captain: "I have made such an explanation as to free you from all reproach. There is no one who does not think that you are an expert rider, as becomes one of a nation of horsemen." "And how did you do that?" asked the captain. "I told them you were drunk."

Society Women

and, in fact, nearly all women who undergo a nervous strain, are compelled to regretfully watch the growing pallor of their cheeks, the coming wrinkles and thinness that become more distressing every day.

Every woman knows that ill-health is a fatal enemy to beauty and that good health gives to the plainest face an enduring attractiveness. Pure blood and strong nerves—these are the secret of health and beauty.

Dr. Williams' Pink Pills for Pale People build up and purify the blood, and strengthen the nerves. To the young girl they are invaluable, to the mother they are a necessity, to the woman approaching fifty they are the best remedy that science has devised for this crisis of her life.

Mrs. Jacob Weaver, of Bushnell, Ill., is fifty-six years old. She says: "I suffered for five or six years with the trouble that comes to women of my age. I was weak, and unable, much of the time, to do my own work, and suffered beyond my power to describe. I was downhearted and melancholy. Nothing seemed to do me any good. Then I made up my mind to try Dr. Williams' Pink Pills for Pale People. I bought the first box in March, 1897, and was benefited from the start. A box and a half cured me completely, and I am now rugged and strong."

The genuine package always bears the full name. At all druggists or sent postpaid on receipt of price 50¢ per box by the Dr. Williams Medicine Co., Schenectady, N. Y.
