

No amount of argument can convince the experienced, honest grocer that any other soap will give his customers such general satisfaction as Ivory Soap. He knows that they prefer Ivory Soap to new kinds, of unknown quality. Ivory Soap will sell because the people want it, the other soaps may look like Ivory, but his customers want the real thing—they may buy a new soap once to try it, but they come back again and again for Ivory Soap, and they insist on having it.

Van Dyck Tercentenary.
In connection with the Van Dyck tercentenary, which is to be celebrated at Antwerp in August next, one million special postage stamps will be issued, which will bear a portrait of the great painter from a drawing by Gerard Postleljo. In the program of the fete, drawn up by the committee appointed for the purpose, is included an historical procession representing the development of art from the earliest known time to the days of Rubens.

The Ground Floor Preferred.
Little 4-year-old Marie lives on the fourth floor of an apartment-house, and one day she said: "Mamma, is heaven higher than this house?" "Yes, dear," was the reply. "And will we go there when we die?" "Yes, if we are good." "Well, then, mamma," said Marie, "let's be real good and maybe they'll let us occupy the ground floor when we go there."—Brooklyn Times.

Indian Justice of the Peace.
Antoine Jackson, a full-blooded Indian, known familiarly as "Kanaka Jack," has been elected justice of the peace for the reservation adjacent to Tacoma. Although he can neither read nor write, he is said to fill his office with dignity. The first case he had to deal with which came under his notice the other day, was that of a man arrested upon the charge of carrying concealed weapons. The Indian judge demonstrated that the alleged culprit could not fire the entire revolver in question into any of his pockets and therefore dismissed the case. Although the court's reasoning was not based on Blackstone and Kent, it was strictly in accordance with the evidence.

Gracefully Submitted.
New York Tribune: M. Ernest Leogue, the senior member of the French Academy, has just received by vote of his fellow-members the \$2,000 prize of the Jean Reynaud Foundation. He wished himself to give it to the author of "Cyrano de Bergerac," but submitted with a good grace to the choice based on his works concerning education and family life.

ONE reason Mrs. Pinkham's treatment helps women so promptly is that they have confidence in her. Through some of the many thousands of Mrs. Pinkham's friends an ailing woman will be led to write to Mrs. Pinkham at her home in Lynn, Mass., and will tell her symptoms. The reply, made without charge of any kind, will bear such evidence of knowledge of the trouble that belief in her advice at once inspires hope.

CONFIDENCE HELPS TO CURE

This of itself is a great help. Then the knowledge that women only see the letters asking for advice and women only assist Mrs. Pinkham in replying makes it easy to be explicit about the little things that define the disease.

Mrs. ELIZA THOMAS, of 634 Pine St., Easton, Pa., writes: "DEAR MRS. PINKHAM—I doctored with two of the best doctors in the city for two years and had no relief until I began the use of your remedies. My trouble was ulceration of the womb. I suffered something terrible, could not sleep nights and thought sometimes that death would be such a relief. To-day I am a well woman, able to do my own work, and have not again. I used four bottles of Lydia E. Pinkham's Vegetable Compound and three packages of Sanative Wash and cannot thank you enough for the good it did me."

Mrs. M. STODDARD, Box 268, Springfield, Minn., writes: "DEAR MRS. PINKHAM—For about four years I was a great sufferer from female troubles. I had backache all the time, no appetite, pains in stomach, fainting spells, was weak and my system was completely run down. I also had falling of womb so bad that I could scarcely walk across the floor. After taking two bottles of your Vegetable Compound and one box of Lozengers, can say I am cured."

REVIEW OF TRADE.

No Cessation in the Demand Upon the Great Industries—Iron Mills Rushed.
R. G. Dun & Co.'s Weekly Review of Trade reports as follows for last week: There is still increase in all legitimate business, and the productive power of great industries increases, even though some of their stocks decline. The sharp reaction in speculation a week ago in no way affected the producing capacity of furnaces or mills, and has been in part recovered, while the disturbance of business caused by the formation of great combinations has in a large measure ceased. The money market is in safer and more wholesome condition, and in spite of four heavy payments by large syndicates, amounting to about \$50,000,000, has grown easier. The only stringency has been in call loans.

It is not owing to speculation alone that payments through the chief clearing houses have been 50 per cent. larger than in the same week of 1892 and 103.3 per cent. larger than in 1891. New York transactions far exceed those of any previous week, \$1,468,502,709 in amount, but outside New York the clearings were 41.5 per cent. larger than in 1892, and 44.5 per cent. larger than in 1891. The truth is that no such expansion in the general business of the country has ever been seen before, and if such records only were considered there would be ground for fear that a wild passion of trading had again lifted the whole business community off its feet. But instead there is found surprising increase in the chief industries.

Raw silk imports increased 57 per cent. for eight months of the fiscal year over last, hides 40 per cent., India rubber 26, tin 21 and fibers 19 per cent.

The output of pig iron April 1 was 245,746 tons weekly, against 225,125 tons March 1, with 115,118 tons decrease in stocks unsold and 16,600 tons in warrant stocks, indicating consumption in manufacture of 1,056,042 tons in March. The haste of 40 other furnaces to get into operation, with more weekly, has helped to keep prices of pig quite steady, although strong demand for sheet makes prices very irregular, with many orders refused.

Wheat advanced about half a cent. accounts of injury discovered since April 1 supplementing the government report. Were the worst of the stories true, there is yet spring wheat seeding to make up for the deficiency, though the season is getting rather late. Exports have been reduced, Atlantic flour included, amounting to 3,960,380 bushels, against 2,093,942 last year, with other exports 896,377 bushels. Corn is a shade stronger, and in two weeks exports have been 5,181,693 bushels, against 4,445,681 last year. Exports for the week have been 188 in the United States, against 224 last year, and 22 in Canada, against 15 last year.

The Joy of Living

IS GREATLY ENHANCED by knowledge of the world's best products, which contribute most effectually to personal comfort and health. The contest of high quality and original efforts, which give universal satisfaction, against the cheap and meretricious imitations will ever continue, and the greatest protection against mercenary dealers is in being well informed. In the medicinal sphere the well-known laxative remedy, Syrup of Figs, manufactured by the California Fig Syrup Co., is used by many who are enjoying good health and by many others who are seeking health, and this is true to so great an extent that it is often called the remedy of the healthy. The excellence of Syrup of Figs is due not only to the originality and simplicity of the combination, but also the care and skill with which it is manufactured by scientific processes known only to the California Fig Syrup Co. Therefore we wish to impress on all the importance of accepting the true and original remedy only. When buying note the full name—California Fig Syrup Co.—printed on the front of every package, as there are many imitations sold under similar names and the imitations are really injurious to the system. The true and original remedy, Syrup of Figs, is manufactured by the California Fig Syrup Co. only, and when you see the name of any other Fig Syrup Co. printed on any package you may know that it is a fictitious company and has no real existence, and that the dealer who offers it to you is seeking by cunning and misrepresentation to take advantage of you in order to make a larger profit.

The better class of druggists are men of high integrity, attending strictly to business day and night and willing to make great sacrifices, if necessary, to supply their customers with the best of everything in their line, knowing the importance to health of doing so, and valuing the patronage of their friends and patrons and desiring their confidence. Druggists of that class do not try to sell something else when you ask for Syrup of Figs. They give you the genuine remedy manufactured by the California Fig Syrup Co. only. When desiring physicians' prescriptions filled, or pure drugs and chemicals, proprietary medicines and fine toilet articles, you may rely upon them; but as in other callings some black sheep may be found, so among druggists there are some who will try to impose upon and deceive their customers when they can, and in order that all who are well informed may know them and avoid them we are publishing the facts.

HER VALENTINE.

The Lady of France in Olden Times
Chose Him for One Year.

Chicago Times-Herald: For many years it was the habit of the gay pleasure-seekers of France, men and women, to enroll themselves in companies composed of valentines. Every 14th of February they would assemble in the center of the town. Here, two by two (a lady and gentleman riding together), they would make the circuit of the neighborhood on horseback. The procession would generally be led by Cupid, Mercy, Loyalty and Chastity, attended by trumpeters, banner-bearers and a crowd of persons, young and old. Usually the procession would return to the town hall, where, in a rather sacrilegious fashion, the Valentines worshiped Love in a mass. Then each pair kissed and went their separate ways, for each was now to choose a new valentine. The names of all the gentlemen present, written on slips of parchment, were now drawn by the ladies from a casket. Thus each lady received a new mate for the coming year. Each gentleman was bound by laws, which were read aloud to the whole company, to be faithful to the lady who had chosen him for a twelve-month. He was to supply her with flowers, to make her stated presents, to act as her escort whenever she wished, to compose songs in her honor, to fight in her honor, to resent every insult offered her. If in any respect he failed he was to be driven from the society of the other Valentines. The code prescribed the manner of his excommunication, the final token of which was the burning of a bundle of straw on his doorkill.

A Chicago doctor says Gen. Eagan is a neurotic. This ought to hold him for quite a while.
