The Republican primaries will be held in the county next Saturday, and fourteen of the twenty candidates for the five highest offices will fail to have enough votes to give them the nomination, but who the fourteen will be we are unable to tell at the present writing.

When you see a surly, overbearing, discourteous chap, who is too busy with self-contemplation to pleasantly greet his acquaintances or to loosen the tension of his forbidding countenance in a smile, you may size up the freak as a victim of extreme egotism. Nobody takes him seriously but himself. He is a subject of universal contempt.—Ex.

Under the proper heading in this issue of THE STAR will be found the announcement of Harvey D. Haugh, of Union township, for county commissioner, subject to the action of the Republican voters at the primary election next Saturday. Mr. Haugh is a successful farmer in Union township and is thoroughly competent to fill the office he is seeking for. He is a brother of Benjamin Haugh of Prescottville.

A bill passed by the legislature and signed by the governor, known as the "butter bill," provides that all packages of butter made by working over stale butter and adding skimmed milk and other ingredients shall be plainly marked with the word "Renovated." This applies to butter packed away in tubs and crocks during the summer season and then taken out and worked into rolls and offered for sale. The penalties for the violation of this law are quite severe.

Freight traffic over the P. & E. railroad has reached an unparalleled state of activity. The volume of business appears to be rapidly increasing and the rolling stock of the railroad is taxed to its utmost in moving the immense consignments of grain, coal and iron east from the Erie docks. At present sixteen freights leave Erie daily and upwards of forty freights pass through Kane every twenty-four hours over this railroad. Last week six locomotives were borrowed from the Northern Central railroad and a large number of cars from the Philadelphia & Reading. These were taken through to Erie and will be kept until the rush subsides.—Kane Republican.

To the Republican Voters.

BROOKVILLE, PA., June 12, 1899.
To the Republican Voters of Jefferson County:—So far as time has permitted I have called upon the Republicans to present my candidacy for the office of Register and Recorder, but it has not been possible to see every one. I hope that every voter will inquire and satisfy himself as to my competency and fitness for the office, as well as to the quality of my Republicanism. Those who have had much business with the office, and those who have known me since I became a voter, can testify on these points. If nominated and elected I promise a careful, economical and courteous administration of the office, that will be satisfactory to the people and creditable to the party, and I solicit the support of the Republican voters in all parts of the county. Respectfully yours,
JOHN D. EVANS.

Robbed the Grave.

A startling incident, of which Mr. John Oliver, of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunk, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying 'Electric Bitters' and to my great joy and surprise the first bottle made a decided improvement. I continued their use for three weeks and am now a well man. I know they saved my life and robbed the grave of another victim." No one should fail to try them. Only 50 cents, guaranteed, at H. A. Stoke's Drug Store.

Afflicted With Cancer.

Register and Recorder John S. Barr is afflicted with a cancer on the left hand. About five years ago he struck his hand against a board, causing an abrasion of the skin. It was irritated a number of times by additional injuries, and finally developed into a cancerous sore. Two weeks ago his friends were considerably alarmed, and feared it would necessitate amputation of the hand, but it is yielding to local treatment, and now looks as though it could be cured without resorting to amputation.—Punxsutawney Spirit.
