## Coal from Other Regions.

The Courier has noticed for a day or two quantities of coal being shipped northward over the B R & P. Being aware that the mines of the R & P Coal and Iron Co and the Jefferson & Clearfield company, which usually supply all the coal shipped north from here over the B R & P., and that these mines were idle on account of the strike, there was some curiosity to know where this coal was coming from, and it was learned from trainmen that it was being brought over the C & M division from the Beech Creek field. This was an odd spectacle—one heretofore unknown—inasmuch as the hauling of coal over that division has always been eastward, and in the endeavor to get further information Superintendent Reed, of the company's mines here, was called upon to learn further about the situation. It was the first time Mr Reed had been approached by the Courier since the suspension of the works, and he was still inclined to be exceedingly reticent and declined to make any positive statements. Some facts the Courier had learned he admitted, but would add nothing.

So far as our knowledge goes, then, as obtained by observation and in talks with trainmen, the coal company, or companies, (as there are two separate organizations) are supplying customers with coal from other regions—to what extent we cannot tell—while the thousands of men at their own mines are idle. Doubtless the amount of coal they could secure is limitless, as the reports show that the suspension is local. We feel that this information is due the public hereabouts, and if there is anything new in it for the miners to think about we shall be pleased if it is of service to them. —DuBois Courier.

Squire Thomas Kearney, of Washington township, who is one of the Democratic candidates for county commissioner, is one of the life long Democrats of the county who has lived in Jefferson county for forty years and has been a resident tax payer of the same township for thirty-six years. During all that time Squire Kearney has never asked for recognition at the hands of his party and has never before thought of running for a county position and is only a candidate at this time at the earnest solicitation of his numerous friends. Although Washington is one of the strongest Republican townships in the whole county, Squire Kearney has served six years as assessor and is at present justice of the peace, having been elected as the Democratic candidate three years ago. He is well known as a Democrat of strong convictions and earnest sentiment, although he cannot be blamed for being an offensive partisan. If nominated, Mr. Kearney will beyond all doubt carry one of the largest votes at the November election.—Big Run Tribune.

J. C. Norris, of Henderson township, Democratic candidate for county commissioner, seems to be a popular man among the voters. Mr. Norris would make a good man for the office and he stands a fair chance to be one of the nominees at the primaries Saturday.
