Caught at Renovo. Saturday Mrs. Susan Pap, of Eleanora, left this place on the noon train for the east, and some time after the train had gone some parties from Eleanora were in town looking for Mrs. Pap, whom they said had stolen money from them. A warrant was issued for the woman and Constable Adelsperger telegraphed to the chief-of-police at Renovo to arrest her when the train arrived there. She was arrested and on Monday Mr. Adelsperger went to Renovo and brought the Hungarian female back to this place Monday evening and the matter was settled. The woman was not as bad as the circumstances would indicate. She had not really stolen any money at all, although she was accused of it.

Lost His Right Foot.

John Allen, of East Brady, a brakeman on the A. V. R'y, met with an accident near Pancoast last Wednesday evening which resulted in the loss of his right foot and a badly bruised body. The young man fell off his train while it was running fifteen miles an hour. He was walking over the train-from caboose to engine-and in crossing a car A. C. Murray; Prelate, L. D. Kleinhans; of lumber he stepped on a board that extended out over the lumber on the car and the board broke, precipitating him between the cars. How he escaped being ground to pieces is marvelous. No one saw him fall and he was not missed off the train until it arrived in Reynoldsville. Another train was following close after the one that Allen had fallen from and that train stopped and picked him up. He was brought to the Ross House in this place. His right ankle was so badly crushed that amputation was necessary, and his body was more or less bruised in a number of

CURWENSVILLE OUTCLASSED.

Reynoldsville Acceded to Their Infair Demands, but Beat Them by a Mile.

It is generally considered, although not always the case, that a newspaper will give the bome team the benefit of all doubts and be somewhat partial in reporting a game of ball, therefore, we ellp from the DuBois Courier of Saturday morning a report of the game between the Reynoldsville and Curwens ville ball clubs that was played at Du-Bois Friday afternoon:

"The Curwensville baseball club, which were not satisfied with the de feat they met at Reynoldsville on the day of the Royal Arcanum picnic at the latter place, and thought a game on neutral grounds would enable them to even up with Reynoldsville, got a thorough drubbing on the DuBois grounds yesterday afternoon.

"Through some points of the article of agreement, both managers claiming the other was violating it, the forfeit money posted last week was drawn and the game was played for the gate receipts, which were no small item as there were fully 1,000 people on the ground, Reynoldsville and Curwensville people making up a good portion of the crowd.

"The game was advertised to be called at 2.30, but it took the management of the teams until almost three o'clock to agree to play, then there was another hitch, a half dozen or so of the

Curwensville players playing the baby act in fine style by refusing to play unless Catcher Hutchison was allowed to play with them. Manager O'Hare, of the Reynoldsville team, again made a good fellow of himself by acceding to Curwensville's unfair demands, and after a wait that brought out much disapproval from the large crowd, the game was finally started at a few minotes after 3 o'clock.

"There is not a great deal to mention in connection with the playing of the game; Reynoldsville had their opponents beaten from the very start. number of misplays helped their score along and they were able to hit Bowden's pitching at times when hits counted.

"The game was called at the end of the seventh inning, the Curwensville people had enough and wanted to catch the first train for home, which left at 5.15, and the most of them caught it."

The score was 15-5 in favor of Reynoldsville.

PASSENGER TRAIN WRECKED. Mrs. Ayres and Daughter, Miss Roberta, Were Passengers on Train.

A passenger train was wrecked on the Ridgway & Clearfield R'y near Croyland Monday and the fireman, Michael Welsh, was killed. Mrs. J. B. Ayres and daughter, Miss Roberta, of this place, who were returning from a visit in Renovo, were passengers on the wrecked train. A log had either been placed on the track or washed down the hill by the heavy rains Monday forenoon and the engine struck the log when the train was running very fast. The log was across the track on a sharp curve and the engineer did not see the log until his engine was almost on it. He reversed his engine and called for the fireman to jump, but the fireman did not jump soon enough and was caught in some manner and was killed. The engineer and passengers escaped with a few bruises and a bad shaking up. The engine struck the log with such force that half of the pony wheels were buried into the log. The log was pushed ahead of the engine about fifty yards before the engine jumped the track down the embankment. The cool-headedness of the engineer in reversing his engine in all probability saved the lives of a number of passengers. The engine and baggage car were all that left the track. Fireman Welsh was carried into one of the passenger cars and Mrs. Avres and daughter helped do all they could for the suffering man, but he soon expired after being carried into the car.
