### DU BOIS CLUB DEFEATED.

# Reynoldsville Team Outclassed Them. The Band Met Boys at Train.

After winning eight straight games the DuBois base ball team, and its admirers, were about conceited enough to think that there were no teams in this neck o' woods that could defeat them, but the Reynoldsville boys convinced them otherwise last Wednesday afternoon in a game on the DuBois grounds, Our boys were in good trim and won the game by outplaying the DuHois team, and our team did not have to play the last half of ninth inning to do it either. In reporting the game the Du-

Bois Express said: "DuBois dropped its first game of the ason to Reynoldsville on Wednesday afternoon after a record of eight straight victories. The game was an interesting and scrappy one throughout, and was marred by only one bad featurethe umpiring of an unknown from some place who evidently didn't know the first thing about the great national game. Both teams were given some awful decisions. Reynoldsville put up a first-class article of ball, and in the estimation of many, out-played the home team."

The score was as follows:

DuBols 1 0 0 0 0 3 0 1 0 Reynoldsville 0 0 0 0 0 4 0 3 \* The Keystone band and a number of base ballenthusiasts met the ball club at the A. V. R'y station when the 8.10 p. m. train arrived and escorted the victors up Main street. Red lights were burned at several places as the erowd marched by.

The committee that went to Punxsutawney Wednesday forenoon to see General Manager Robinson about having the train put on again, returned to Reynoldsville that afternoon in time to make a report at a mass meeting held in Centennial hall at 3.30. Their report was that Mr. Robinson would give them an answer Saturday as to whether the train would be put on again or not. The men decided to walk to their work (which means about ten miles a day) the following morning and keep it up the balance of the week, which they are doing yet. Up until a late hour last evening the committee had not received an answer from Mr. Robinson, although it was reported on the streets that they had.
