FOR FARM AND GARDEN.

Amount of Water for Irrigation.

The season, climate and stage of growth of the plants will regulate the amount of water to be applied. Twenty or thirty gallons per acre is generally sufficient.

An Excellent Fertilizer.

In a bushel of good hardwood ashes there is about four pounds of potash, fifteen pounds of lime, two and one-half pounds of magnesia, one pound of phosphoric acid and three-quarters of a pound of sulphuric acid.

Tarring the Sheep's Noses.

After the sheep are shorn, their noses should be rubbed with some tar, to repel the fly which lays the egg that hatches into a grub and enters the head. It is very little trouble to tar all the sheep's noses in a flock if you only know how.

The Chicken Mite.

This exceedingly troublesome and often fatal pest is the cause of many complaints from those raising chickens. The attacks of the pest are not confined to poultry, as it is often found in pigeon houses and in the nests of other birds about farm buildings.

Autumn Management of Bees. Successful wintering of bees largely depends on autumn management. If bees received the attention they should have during the autumn months, wintering would be almost an absolute certainty.

pared to feeding for winter stores, but the work must be regularly done, and kept up the proper length of time. Feeding for brood rearing, or as it is termed "stimulating feeding," must be done in such a manner as to resemble a natural honey flow.

Hay From Lodged Clover.

On very rich land clover often grows so large that its own weight brings it to the ground, and if this breaking down occurs while the air is still, the clover is usually twisted so badly that except with a mower and on smooth surface it is almost impossible to cut it.

Most farmers, for the good of the clover, try to cut as low as possible. Indeed, we have known some when the mower had left long stubble, follow it with a scythe and cut down what the mower knives passed over.

Fattening Cattle. Well bred cattle will pay for feeding to a finish, but it is better to turn off common cattle just as soon as they are in a passable condition for the market.

Wheat has advanced about 1 cent during the week with Atlantic exports only 2,593,302 bushels, flour included, against 3,958,285 last year, and Pacific exports 951,329 bushels, against 1,740,400 last year.
