

(No. 59.)

BE IT ORDAINED and enacted by the town council of the borough of Reynoldsville, in council assembled, and it is hereby ordained by authority of the same:

Section 1. That the right of way is hereby granted to E. A. Ferrin, his heirs and assigns, duly organized under the laws of Pennsylvania, to construct, maintain and operate for a term of fifty (50) years a passage railway of either single or double track, with the necessary turnouts and sidings by cable, electricity, or horse power, along the streets named in section two (2) of this ordinance, and to construct, erect, maintain, repair and operate and use, along said streets, such motors, cable, electric appliances and convenient apparatus as may be provided for the supply and application of the motor power by cables, electricity or horse power. Said E. A. Ferrin, his heirs or assigns, shall commence to erect and construct said railway within one year from the date of this ordinance and after commencing the erection thereof, shall push it to completion as rapidly as possible.

Section 2. The streets over which said right of way is granted are as follows: Main street, beginning at the borough line on the west and extending through the borough to the borough line on the east, and Fourth and Fifth streets from Main street south to borough line.

Section 3. Said E. A. Ferrin, his heirs or assigns, in constructing said railway, shall conform to the grade of the street as it now is or may be hereafter established and when laid, the tops of the rails shall correspond with the surface of the streets on the proper grade, and no tracks of less gauge than four (4) feet eight and one half (8 1/2) inches shall be laid. Such crossings as may be required or directed by the street committee or borough council at street, alley and crossings for a width of twenty (20) feet shall be built by said E. A. Ferrin, his successors or assigns, that its posts, supporting its trolley lines, shall be located with due regard to the right of private owners of abutting property and such location shall be fixed by the said E. A. Ferrin, his successors or assigns. In accordance with the regulations of the street committee of the borough council. The said E. A. Ferrin, his successors or assigns, shall keep the space of the street within its rails of the tracks of said road and for a space of twelve (12) inches on either side thereof, in due and proper repair at all times.

Section 4. Said E. A. Ferrin, his successors or assigns, shall never charge or take more than five (5) cents for carrying each passenger at one time from the beginning to the terminus of its route, in the borough of Reynoldsville or West Reynoldsville.

Section 5. Said E. A. Ferrin, his successors or assigns, shall operate said passenger railway with due regard to the street rights of the public on the streets occupied by his road, and shall equip, furnish and operate his road so that a passenger service will be maintained between the hours of 6 o'clock a. m. and 10 o'clock p. m., except in case of temporary obstruction from unavoidable accidents, upon removal of which the subscribed service shall be resumed as herein before provided.

Section 6. This ordinance shall not go into effect until the said E. A. Ferrin, his successors or assigns shall file the stipulation accepting the same with all its provisions, and agreeing to be bound thereby. Said acceptance to be filed within ten days or this ordinance to be null and void.

Section 7. That any ordinance or part of ordinance conflicting with this ordinance is hereby repealed, so far as the same affects this ordinance.

Ordained and enacted into a law this 19th day of September, A. D. 1899.

S. B. ELLIOTT, Pres. of Council. L. J. MCENTIRE, Clerk. Approved the 20th day of September, A. D. 1899. H. ALEX. STOKES, Chief Burgess.

National Export Exposition.

The National Export Exposition, which opens at Philadelphia on Sept. 14 and continues until Nov. 30, will be the most interesting and important event occurring in Philadelphia since the Centennial Exhibition of 1876. In addition to its valuable commercial exhibits it will present many features of popular interest and amusement. The United States Marine Band, Sousa's Band, the Banda Rossa, Innes' Band, Damosch's Orchestra, and other celebrated bands will furnish music alternately, and a Midway Plaisance, equal if not superior to the famous World's Fair Midway at Chicago, and comprising a Chinese Village, a Chinese Theater, acrobats, and customs, an Oriental Village, London Ghost Show, Hagenbeck's Wild Animal Show, Blarney Castle, and many other unique presentations, will furnish abundant and diversified amusement. Arrangements have also been made for Mandolin, Guitar and Banjo Concerts, and for a grand chorus from the German Singing Societies.

For this occasion the Pennsylvania Railroad Company will sell excursion tickets from all points on its line, to Philadelphia and return, at rate of a fare and a third for the round trip, plus price of admission. These tickets will be sold during the continuance of the Exposition and will be good for return passage until November 30.

For specific rates and additional information apply to nearest Ticket Agent.

SOME OF THE GOOD THINGS ABOUT THE ELK

PERFECT COMBUSTION OF GAS. The construction of the ELK is so arranged as to give perfect combustion, thus overcoming one of the greatest objections in the use of natural gas. If the ELK is connected with flue as we suggest and recommend, there never will be the slightest fume of burnt gas. EVEN DISTRIBUTION OF HEAT. By a retention and concentration of the heat by means of projections on the fire front, the cold air which is drawn from the floor as it passes through a chamber directly in the rear of the fire front, is heated and passes out at the top, thus creating a current. This results in an even temperature, and the entire apartment is warmed instead of it being extremely hot directly in front of the heater and cold elsewhere in the room, as is the case in the use of most gas heaters. CUTS THE GAS BILL DOWN ABOUT ONE-HALF. One of the strong points in favor of the ELK heater is in the economy of gas consumption by its use. One No. 3 will comfortably heat a double parlor connected with folding doors, with less than half the consumption of gas of two old-style heaters, giving heat by direct radiation with imperfect combustion.
