Apollo Male Quartette.

The first number on the public school lecture course was given in Assembly hall Monday evening by the Apollo Male Quartette. The large audience was delighted with the entire entertainment, singing of the quartette, singing by Miss Sprowl and the reading by Miss Kline, who is an excellent reader. The singing by the quartette was certainly fine. The four voices were in perfect harmony and blended together with the the purest and sweetest effect, produc ing richest melody of sounds.

Thirty Arc Lights.

At a special meeting of town council Monday evening it was decided to enter into a contract with the Reynoldsville Electric Company for thirty are lights for the streets of Reynoldsville, and inside of four months our people will not have to stumble around in the dark. The arc lights will be placed as follows: Main streetcorner Third, Fourth, Fifth, Seventh,

front of old school house, Tenth, front of Tom Reynolds' residence, Cold Spring Hollow; Grant street-corner Third, Fourth, Fifth, Seventh, Eighth; Hill street-corner Third, Fourth, Fifth, Sixth; Mabel atreet-corner Third. Fourth; on Fourth street-near John Conser's residence; Jackson streetcorner Fourth, Fifth, Seventh, Bradford; Worth street-corner Tenth, near Joseph Spears' risidence, Shirley; Bradford street near bridge, Pleasant

avenue, Thompson street. The increase in taxes for the electric lights will be a small Item to each taxpayer and it will be a great improvement in the appearance of our town after night. It will also increase the value of property in the town. After the electric lights have been in a year or two, the citizens could not be persuaded to do without the lights and travel in the darkness, as we do at present.

Financial Success.

The public school lecture course is sure to be a finnucial success this year, as there has already been enough money raised to pay all the exponses for the course, and only one entertainment given yet. We understand that there have been more tickets sold this year, and with less trouble. than on any previous year, which is certainly encouraging to those who have charge of the course, and which also proves that the townspeople are becoming more interested in good lectures and concerts. The lecturers and concert companies that appear in Assembly hall are greeted with as cultured, educated, bright and appreciative audiences as they will find in any town in this section of the country. The public school lecture course has been a good thing, not only for the scholars of the school, but for the town in general, and we are glad the course is being better patronized each year.

Now this donation is open to all who wish to add to the comfort of our veterans and their dependent ones. Miss Blanche Parker, an employe at the Reynoldsville Steam Laundry, had her right hand badly squeezed in the collar machine last Thursday. Miss Parker was trying to see how close she could put her hand to the machine and not get it caught. It might have been more serious.

Through the influence of the Woman's Relief Corps of Reynoldsville, Mrs. Mary Stahlman was recently admitted to the Memorial Home at Brookville. She had forfeited her right to admittance by a second marriage. Mrs. P. Foley and Mrs. A. A. Kleinhans took Mrs. Stahlman to the Home.

Hopkins big saw mill, that was compelled to shut down the latter part of September on account of water being too low to get logs to the mill, started up last Friday. Mr. C. J. Hall is easily one of the most brilliant, versatile and effective speakers on the lecture platform. He is not one of the too numerous class, who everlastingly talk without saying anything. Face Burned. .

Mrs. Ira Smith had her face burned with gas one day last week. It might have been serious. Mrs. Smith has a gas range, in which she turned on the 15th inst. gas to heat the oven and closed the oven door. The damper was shut, which she had not noticed, and when the oven door closed the flame was extinguished. Mrs. Smith waited about fifteen minutes and then opened the door to see if the oven was warm enough for use. There was a fire on the top part of the stove and when the oven door opened the escaping gas ignited.

Royally Entertained.

The Whittier Club of Brookville invited the Utopia Society of this place to the county seat hat Friday afternoon, and the visitors were royally entertained by the Whittiers at Dr. Lawson's beautiful residence. The feast of good things served at six o'clock would certainly have pleased the most fastidious epicurcan. During the evening's entertainment a prize, solid silverspoon, was given to one of the Utopia ladies. Mrs. Fred A. Alexander brought home the prize. The Reynoldsville people were delighted with the treatment received from the Whittiers.

"Boy Wanted."

Chas. E. Blaney's big extravaganza success, "A Boy Wanted," which comes to the Reynolds opera house to-night, November 8, is a whirlwind of fun from start to finish, in which are introduced more noveltles, pretty girls, bright comedians, talented singers, finished dancers and high class vaudeville artists than were ever engaged to bring forth the author's idea of three hours solid fun; in fact, there are virtually two shows in one. "A Boy Wanted' was the talk of the large cities by both press and public the past season, as being the greatest success over launched by Mr. Blaney.

Chas. E. Blaney's big extravaganza success, "A Boy Wanted," interpreted by a strong company of farce comedy and vaudeville artists will be presented at the opera house this Wednesday evening, and is without doubt the strongest and most successful attraction now en tour. "A Boy Wanted" is a conglomeration of farce comedy, spectacle, comic opera, extravaganza, bur-

lesque and vaudeville: in fact, everything combined to make one of the most enjoyable of all entertainments. The success of this attraction the past season was wonderful, and this season is no exception-houses crowded all the time. Tickets on sale at Stoke's drug store.
