

"Never Do Things by Halves."

Sometimes the condition of your health could be described as half-sick and half-well. You may not be ill

"Tea" School.

The oldest school in the United States is now in daily session at Pinehurst, Summerville, S. C., says the New York Journal. Uncle Sam's paternal and financial part in the institution makes it of interest to the nation. It is situated in the heart of the tea lands about Summerville, and its odd feature in the curriculum. Under the supervision of a competent teacher thirty South Carolina pickaninies are taught the three old fashioned K's—"readin'", "ritin'" and "rithmetic"—and tea picking. And the last is not the least important study. The rapid development of tea raising in the South has received additional impetus from the announced intention of Sir Thomas Lipton to invest \$500,000 in tea culture in South Carolina. Sir Thomas is familiar with the soil and climatic conditions of the state, having at one time worked as a laborer on a rice plantation in Georgetown county.

The United States Department of Agriculture is taking a lively interest in the "tea school," and has given it financial aid.

Long before the average child understands how moisture promotes adhesion between two solid bodies he has contracted the habit of wetting his thumb every few seconds while turning the pages of a book. The practice is a most objectionable one, and mothers and teachers should discourage it for sanitary reasons as well as on the grounds of simple refinement. Fancy a child suffering from diphtheria or some serious disease of the mouth and gums transferring the germ-laden saliva to the porous paper to be in turn carried to the mouth of the next one to perform the same operation! Unhappily, it is practiced by older people, and by many that ought to know better. The baker, for instance, introduces his thumb or forefinger between his lips when he takes a sheet of paper from a pile of sheets to wrap the rolls of cake that you buy at his shop. Perhaps the daintiest do not touch the identical spot of contamination, but again perhaps they do, conveying carries or some other taint of impurity to the eater. The librarian handling library cards sometimes forgets himself in the same way; so do people arranging slips of paper and counting bank notes. Because done innocently and unconsciously, the practice is none the less prejudicial to health and offensive to good taste.

Defenses Cannot Be Cur'd

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Sixty years of cures and such testimony as the following have taught us what Ayer's Cherry Pectoral will do.

"I had a most stubborn cough for many years. It deprived me of sleep and made me lose flesh rapidly. I was treated by many eminent physicians, but could get no permanent relief. I then tried Ayer's Cherry Pectoral, and I began to get better at once. I now sleep well, my old flesh is back, and I enjoy myself in every way at the age of seventy-four."—R. N. Sore Hands

Red, Rough Hands, Itching, Burning Palms, and Painful Finger Ends.

One Night Treatment

Soak the hands on retiring in a strong, hot, creamy lather of CUTICURA SOAP. Dry, and anoint freely with CUTICURA, the great skin cure and purest of emollients. Wear, during the night, old, loose kid gloves, with the finger ends cut off and air holes cut in the palms. For red, rough, chapped hands, dry, fissured, itching, feverish palms, with shapeless nails and painful finger ends, this treatment is simply wonderful, and points to a speedy cure of the most distressing cases when physicians and all else fail.

Sore Hands 8 Years Cured.

Pain So Intense Would Nearly Twist Fingers From Sockets. Hands Puffed Up Like a Toad. Water Ran Through Bandages to Floor. Had to Walk the Floor Until Would Fall Asleep. Fingers Would Peel Like an Onion. Doctors Could Not Cure.

Eight years ago I got sore hands, commencing with a burning sensation on my fingers and on top of the hand. When I rubbed them, you could see little white pimples. I felt like twisting my fingers out of their sockets. I had high fever, and cold chills ran over me, and so I kept it going until I was tired out. Nights, I had to walk the floor until I fell asleep. My hands peeled like an onion, the finger nails got loose, and the water ran out, and wherever there was a little pimple there the burning fire was— that happened at least ten times. I ran running a blacksmith shop, horse-shoeing, and I would not shut up the shop for anybody's, but if it was hard. My hands puffed up worse than a toad. When I drove horse nails, the water from my hands ran through the bandage, on to the floor. My customers refused to look at my hand. I had a friend take me to the doctor; he gave a solution of something to bathe my hands. I went to another doctor, I think, for a year. I found my advertisement in a Utica newspaper, and I got the CUTICURA remedies. As soon as I used them I began to gain, and after using a small quantity of them I was entirely cured. I would not take fifty dollars for a cake of CUTICURA SOAP if I could not get any more. I would not suffer any more as I did, for the whole country." Feb. 22, 1898. CASPER DIETSCHLER, Pembroke, Genesee Co., N. Y.
