For the past forty years the firm of Armstrong & McKelvy have stood at the head as makers of pure linseed oil and white lead. A few years ago they started to make mixed paint from their own make of both lead and oil with the result, as had been foreseen, that the painters all over the country are adopting their paints, knowing full well that their well known honesty as to use of material and their better method of mixing and tinting would produce a paint better than they could mix with lead and oil. This paint for sale by Hall & Barton.

The Satisfactory Store.

Clothing which Wins Approval

THE DIFFERENCE

Between clothing sold by boastful, extravagant advertising and that retained through a solid, time-earned reputation is vast.

THE FIRST is a method of selling with a hurrah and great promises clothing with very little merit back of it.

THE SECOND is one where the customer secures apparel made upon the honor of the firm selling it and intended to give the utmost satisfaction. This second way is the "Milliren" way. It's a way which is winning the approval of the men of Reynoldsville and vicinity. Our Spring line of Suits for men are those which appeal to the good sense, the pride and the pocket-book of the intelligent man. The assortment stands second to none.
