Rev. Charles M. Sheldon says: "Selfishness is at the bottom of all the world's trouble. There is not a social wrong, there is not a ruined house, there is not a tangled condition of life anywhere that does not have for its real cause a selfish life. The greatest need of the world is to get rid of this horrible selfishness. It is the sin of all the generations."

"It is peculiar," said Dr. R. C. Smith, presiding elder of Clarion District of M. E. church, to ye scribe several days ago, while riding on train to Brookville, "that ladies, who are accustomed to indoor life, generally raise the window as soon as they get into a car and will sit in a strong breeze, while the men who spend most of their time out doors, seldom raise a car window." Anyone that travels much will notice that Dr. Smith's statement is a fact.

Somebody very aptly rises to remark what a howl would go up if the newspapers were to criticise the individuals as freely as many people criticise the newspapers. Every issue of a live and reputable newspaper is a mantle of charity, and the matter left out—truth, not gossip for dames—would often more than equal the matter published. If an editor should get out some time a cold fact edition, and get up a tree and watch the result—Whew! What a panic there would be.

What inconsistent creatures we are! None of us like the idea of growing old, and yet we are anxious for the flight of time. When the day drags and seems long, it worries us. The boy is eager to be a man. We complain of the shortness of life, yet squander time as though we had a million of years to live. The young miss tries to look old and the old maid makes frantic efforts to appear young. Many people live in constant misery, and add to all of the other woes and misfortunes of life by thinking of the terrors of death.—Punxsutawney Spirit.

Not long since we got off the A. V. R'y train at Brookville with a gentleman whose income is \$1,800 per year, and we asked if he would ride over to town—fare 15 cents—or walk, and his answer was this: "A man must walk at one end of life, and I prefer to walk while I am young and save my money to ride when I get old." To be real honest about it if there were not so many men who spend their money for all the luxuries in life when young and making good wages, there would not be so many men who are dependent upon others when they get old. Of course there are exceptions.

We know that to say anything against the use of tobacco we are tackling a tender subject because there are so many men that are fond of the weed, and yet it is an unnecessary expense and very injurious to those who use it. One of our out of town subscribers used tobacco until his physician told him that he must give up tobacco or die. After a hard struggle he finally decided to quit using it. He is getting fat, getting better looking and is renewing his youth. He informed the scribe one day recently that he was feeling a hundred per cent better than when he quit the weed three months ago.

Quit a number of persons in this neck o' woods carry concealed weapons and it is quite likely that many of them are not aware of the fact that they can be sent to the penitentiary for doing so. We quote the law enacted March 18th, 1875: "Any person within this commonwealth who shall carry any firearms slung-shot, handy bill, dirk knife, razor or any other deadly weapon, concealed upon his person, with the intent therewith unlawfully and maliciously to do injury to any person, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be sentenced to pay a fine not exceeding five hundred dollars, and undergo an imprisonment by separate or solitary confinement not exceeding one year, or either, or both at the discretion of the court; and the jury trying the case may infer such intent as aforesaid, from the fact of the said defendant carrying such weapons in the manner aforesaid."

## MEMORIAL DAY.

Parade to Cemetery Headed by a Band of Negro Players.

"On Fame's eternal camping ground Their glory grows with solemn round The bivouac of the dead."

Memorial Day morning looked unfavorable for carrying out the program of exercises prepared for the day, but when the time arrived for the parade to cemetery the rain had ceased and the clouds disappeared. The day was observed in the usual custom at Reynoldsville with the exception that a brass band comprised largely of negroes, furnished music for the occasion. Had it not been that Phillips' "Uncle Tom's Cabin" show was booked for Reynoldsville that day the old soldiers, S. of V., P. O. S. of A. and Sunday schools would not have marched to Beulah cemetery to the music of a brass band. It was very appropriate for colored men to furnish music for the soldier boys on Decoration Day.

At Beulah cemetery the decoration exercises were conducted in accordance with the ritual of the Grand Army. The graves of the soldiers in the other cemeteries were not forgotten.

The Woman's Relief Corps served dinner, supper, cake and ice cream in the Bee Hive building.

The banks, postoffice, factories and some of the stores observed the day.

BEECHWOODS.  
The inclement weather marred the Memorial Day exercises to some extent in the Beechwoods, yet it did not put a damper on the loyalty and patriotism of the people of that section, and the program was carried out as advertised. The crowd was not as large this year as it has been in former years, but those who did attend were well satisfied with the entire exercises. C. C. Bensecter and Rev. S. M. Gordon, of Brookville, were the imported speakers. Prof. J. N. Ritchie, of Falls Creek, president of the Association, and Rev. George H. Hill, pastor of the Beechwoods Presbyterian church, took part on the program.

RATHMEL.  
We had expected our Rathmel correspondent to write a full account of the Memorial Day exercises at that place and waited until yesterday for the article, but it failed to materialize and it made the time too short for us to learn much about it, but we understand that the program was carried out about as advertised, and that there was a large crowd present. We want to say right here and now that for a small town Rathmel is right up-to-date and her citizens don't do things on a small scale. Captain S. A. Craig, of Brookville, Rev. J. C. McEntire and Comrade R. W. Kunz, of this place, were the orators.

## Relieves and Cures

The Terrible Pain or Rheumatism, Gout, Neuralgia, and similar diseases, can be relieved by taking a few doses of

### TRIDEX

and a permanent cure can be expected by a more protracted use of this remedy.

It acts on the Poison which Causes the Disease.

A poison in the blood is the cause of these diseases, and it must be met with an internal remedy to effect a cure.

If you are taking Morphine, Opium or Cocaine, for temporary relief, you are treading on dangerous ground as you well know.

TRIDEX contains none of these dangerous drugs, nor is it a cheap alcoholic compound. Each dose contains less than a half drop of alcohol.

You will take notice that we are not advertising a cure-all. The diseases we mention may all come from the same cause, namely, acid in the blood. TRIDEX acts on this acid and carries it off by the natural channel, the kidneys.

### TRIDEX

is not a new remedy nor is it a great discovery. It is merely a Scientific Compound of well known remedies.

Many physicians of this and other states are prescribing this compound, and speak highly of it as a cure for the diseases we mention.

If you are afflicted and do not try this remedy for your ailments, we are confident that you are making a mistake, for we have seen many severe cases cured by the use of this compound. All we ask is that you give it a fair trial, and we are willing to abide by the results.

We believe this remedy will cure these diseases, otherwise we would not go to the expense of putting it on the market. In other words, we do not believe one can make anything by advertising a humbug.
