Ask some person that has one. Hall, Barton & Co. It has been reported at Falls Creek that the man who is wanted for burning the house and dead body near this place some time ago, has been in DuBois for some time and that the Jefferson county officials have been notified and that nothing has been done.—Falls Creek Herald. Tom Wray was the prominent actor in an assault and battery case on "poverty flat" last Friday and as a result Tom got tangled in the meshes of the law and failed to put up a bond for his appearance for trial, and Constable P. J. Ward found it necessary to take Tom to jail, where he will remain until the next term of court. If you were to stand on the bank and throw dollars into the creek, people at the best would think you were foolish, but you are doing just as foolish by trying to burn gas in a big iron cook stove, for you are wasting dollars every month that you could save by using a gas range. We have them at all prices. Hall, Barton & Co. Now, in order to make things interesting in baseball, Brookville and Reynoldsville should organize good teams. Kuhnseiman is the fellow that was jailed at Kittanning a few months ago for trying to pass a check with G. W. Palen's name forged to check. He is now held for forgery and the parties who had him arrested claim they have evidence enough to send him to the penitentiary for a long term. Killed by Lightning. Barton M. Moore, a farmer who resided near Allens Mills, was instantly killed by lightning last Wednesday evening. Mr. Moore and wife were working in the cellar when a bolt of lightning struck the house and ran down chimney and through kitchen floor into cellar, striking Mr. Moore with above result. Mrs. Moore was standing near her husband and was not affected by the lightning. Mr. Moore was about 44 years old. He is survived by his wife and one son about 15 years old. The deceased was a cousin of James Moore of West Reynoldsville.

Work of Constructing the Line to Begin at an Early Date. VANDEGRIFT CONSTRUCTION CO. TO BUILD THE STREET RAILWAY. Bonds of North Pennsylvania Traction Company Taken by Philadelphia Capitalists. Some months ago E. A. Ferrin secured the right of way in this borough to build an electric railway to extend to Rathmel, Big Soldier, Sykesville and Ellonora, and our people expected the work on trolley line to be started in the spring, but for reasons best known to the capitalists who proposed to build the line, the work was not started and the citizens had about abandoned the hope of a trolley line, but their hopes were shattered too soon. Mr. Ferrin returned from a trip to Philadelphia and New York on Tuesday, and he informs us that the organization of the North Pennsylvania Traction Co. has been completed and that work will begin at an early day upon the trolley line. The bonds and securities of the company have been taken by prominent Philadelphia capitalists and the completion of the road, as originally planned by Mr. Ferrin, is now assured. The work of constructing the line will be in the hands of the Vandegrift Construction Co., of Philadelphia, and when operations are begun will be rushed to completion as rapidly as men and money can force it. J. A. Vandegrift and W. H. Quigg, of the Vandegrift Construction Company, stopped off here yesterday on their way to Philadelphia from Oil City. In company with Mr. Ferrin these gentlemen took a drive over the surveyed line for trolley. Killed on Saw Mill. C. O. Prindle, sawyer on Buzard's mill at Carrier, near Brookwayville, met with an accident at 10:30 a. m. Saturday, which ended his earthly career at 6:20 that evening. Mr. Prindle was putting on a fresh saw and in some manner the carriage started up slowly and caught his leg between the carriage and frame roller table. He called for assistance and one of the mill men reversed the carriage and started it the other way so rapidly that he got excited and thought the carriage would jump off into dam and he pulled the lever back and before Mr. Prindle could get out of the way the carriage, which was going fast this time, caught him. His left leg was torn off just below the knee and that part of leg was carried away on carriage. The flesh on leg above knee was torn in strips. About 4:00 p. m. the doctors amputated leg near thigh, but the operation did not save Prindle's life. C. O. Prindle was about 32 years old. Three years ago he was married to Mrs. Mary Heckman, nee Kline, widow of Harry Heckman, of Reynoldsville. Funeral services were held at residence at Carrier Monday at 10:00 a. m., conducted by Rev. D. A. Platt, M. E. minister of Brookwayville, and remains were to be brought to Reynoldsville on 1:30 p. m. train for burial, but the R. & C. R'y passenger train was wrecked near Croysland, which delayed the funeral party and the remains did not arrive here until 5:30 p. m. Interment was made in Beulah cemetery. West Reynoldsville Council Meeting. The West Reynoldsville town council met in regular session July 19th, with the following members in attendance: A. B. Weed, Henry Herpel, Samuel Sutter, James Orr, Richard Miller, and John Benson. The minutes of last regular meeting were read and approved. The burgess submitted his report, which showed a balance due him of 28 cents. G. W. Dempsey, tax collector, reported collecting taxes to the amount of \$2.45. No report submitted from Treasurer and Ex-Tax Collector W. L. Johnston. The interest on borough bonds held by First National bank of Reynoldsville, amounting to \$18.00, was ordered paid. Fall styles in footwear, the very latest, at Robinson's.

BICYCLE RACE MONDAY. Fred Kline Defeated Joseph Laverick in 20-Mile Race on DuBois Track. The 20-mile bicycle race between Fred Kline and Joe Laverick, which was arranged after their close contest here on July 4th, was won on the DuBois track last Monday by Kline. The event attracted two hundred Reynoldsville men to DuBois, each with his voice tuned to shout for his favorite, but all good natured in their enthusiasm. Lawyer Ben Kline, a brother of the winner, went all the way from New Kensington to see the race, and quite a number of DuBois people turned out, although it was distinctly a Reynoldsville event. Just at the time the race was to start a heavy rain came up. It lasted but a few minutes, however, and twenty minutes later the track was dry. The men were started under the direction of Charles Kiehart, who had charge of arrangements, and got away without a hitch or any dispute. In fact harmony prevailed from start to finish and not once was there a show of hard feelings. For ten miles Kline was in the lead with Laverick close behind. Occasionally Kline spurred, but Laverick followed him as persistently as a shadow. Most of the time the pace was slow and there was a little impatience in the crowd to see the riders mix it up. On the stretch of the tenth mile Kline rode up to the fence and forced Laverick to pass him and make the pace. Laverick's friends claimed Kline had violated the rules, but the judges decided otherwise and the decision was taken without a protest. Laverick spurred when forced to the lead but Kline followed him just as closely as he had followed Kline. The race was uninteresting from the 10th to the 16th mile. On the last half of the 16th Laverick, just below the grand stand, wheeled half way across the track and Kline was again in the lead. They rode in that order up to the time the judges rang the bell announcing that there was one more lap to make. A moment after the bell tapped Laverick stole past Kline. His taking the lead was greeted with long cheering by his friends and from that spurt to the finish the race was as interesting as any one could want. Kline held close to Laverick till the quarter mile was passed and then gradually commenced gaining on him. Half way up the stretch the riders were even and Kline continued gaining until at the finish he was two yards ahead. The last mile had been finished in 2:34 and the race was run in one hour, one minute and 49 seconds. The time made and scored at the end of each mile was as follows: 3:20, 6:21, 9:23, 12:44, 15:52, 18:59, 22:09, 25:21, 28:23, 31:26, 34:19, 37:13, 40:15, 43:17, 46:21, 49:27, 52:25, 55:41, 59:15, 61:49. David R. Cochran, John O'Hare and Will H. Ford were judges and D. C. McClelland was time keeper. The prize is a \$75.00 diamond ring, which will be on exhibition at Charles Kiehart's cigar store Saturday. Second Event of the Season. The Buffalo, Rochester & Pittsburg Railway Co. announce another delightful low-rate excursion to Pan-American Buffalo and Niagara Falls Sunday, July 22nd, 1900. It makes but little difference whether you have ever visited Niagara Falls or not, a trip to this famous resort brings to view scenes and added attractions, that to the frequent visitor is all the more enjoyable, while to the stranger it is a pleasure beyond expectation, for the Niagara frontier from lake to lake is one grand scenic picture measured only by the capacity of the beholder. A special train will leave Falls Creek at 6:33 a. m., arrive at Buffalo at noon and Niagara Falls 12:50 p. m. Returning leave the falls at 6:30 p. m. and Buffalo 7:30 p. m. Tickets will be good going and returning on trains scheduled above and also good for return passage from Buffalo on regular trains Monday, July 23rd, 1900, except the Vestibule Limited, No. 3, leaving Buffalo at 7:45 a. m. Fare round trip \$2.50. For further information see excursion bills or consult agents of the company. Examinations Ended. County Superintendent R. B. Teitrick, who examined 25 applicants at Reynoldsville July 7th for teachers' certificates, finished the examinations in county at Brookville on Monday of this week. Prof. Teitrick examined 314 in all, and of this number 150 never taught school. Prof. hopes to be able to issue the certificates so teachers may have their license by July 21st. County Superintendent Teitrick says: "There is a falling off of experienced teachers. Many seem to be going out of the profession. They can earn more money. Installation at Sugar Hill. The new officers of the Knights of Golden Eagle lodge at Sugar Hill were installed Saturday night. District Grand Chief William E. Reed and the installation team of the Reynoldsville K. G. E. drove to Ellonora and performed the installation ceremonies. It was a public installation. NOW WE GET A TILE PLANT! DECORATIVE AND CONSTRUCTIVE TILE WILL BE MADE. Location of Plant, Size of Buildings, &c., will be Settled Soon. For some months E. A. Ferrin has had the construction of a plant for the manufacture of decorative and constructive tile under consideration. He has been successful in his plans and work will begin at an early date upon such a plant in our town. The details as to location of factory, size of buildings, &c., &c., have not been definitely decided upon, we understand, but the organization has been completed. The company has been organized and the stock taken by leading capitalists in Philadelphia and New York who have gone into the business for the purpose of founding a permanent establishment and developing a new industry in the firm belief that they can make good profits. The tile to be manufactured will be made under certain secret processes from a combination of silica sand, fire clay and cement. Unlimited quantities of the sand and clay are to be found in this vicinity and the tile industry thus started promises to become of leading importance. Samples of this tile have been submitted to experts in Philadelphia and New York and has been pronounced superior to anything now on the market. Architects and builders express their willingness to use this tile in all their operations when it can be furnished to them in quantity. This gives a sure market for the product of the factory and the proprietors feel every assurance that they can make a large and profitable business from the industry thus established. This gives Reynoldsville another industry and makes the industrial future of our town more certain. Mr. Ferrin informs us that one of the proprietors of the company, Mr. W. H. Jenkins, of Philadelphia, will be here within a few days for the purpose of deciding on the location of the plant and other details. The company starts with ample capital and the business will be pushed with vigor. Picturesque Chautauqua. For beautiful and healthful summer resorts no country excels America and every year increases the number of people who avail themselves of some of these places to spend a few weeks vacation to recuperate vital powers that the intense American life uses up during the year. One of the most, if not the most, popular of the resorts is the far-famed Chautauqua, situated on a beautiful lake of the same name in western New York. Something fascinating for everyone. If a student, the summer schools will interest you. These schools are conducted by some of the country's best instructors. Classes are formed in almost every branch of knowledge, in the sciences, languages, literature, politics, elocution, dextera, drafting, painting sculpture, modeling, typewriting, shorthand and cooking. Are you musically inclined? You can take lessons from the masters of the profession, vocal or instrumental, on almost any instrument you can mention. Besides, there is formed at the beginning of the season a chorus choir under the direction of Dr. Palmer. This choir has two hours drill daily, is free to all readers of music, and you can join at any time. This choir, assisted by Rogers' Orchestra of fifty pieces and some of America's noted soloists, all under direction of Dr. Palmer, give two concerts every week, and every day great lectures are given by some of the world's greatest lecturers. Of course these concerts and lectures are free to all. If you seek recreation only, you will find boat riding, rowing, sailing, fishing, bathing, cycling, base ball, golf, croquet, fencing, walking, in fact, everything in that line. Do you want a club? There are boys' clubs, girls' clubs, German clubs, French clubs, botany clubs, and if you can't find a club to suit, you are at liberty to make one. How about the pocket book? Well, Chautauqua will suit that. Railroad rates are low. Admission to the ground 40 cents for one day, \$1.50 for one week, \$2.25 for two or \$3.00 for four weeks. You can board yourself at nominal rates, or secure good board in a cottage for about \$7 a week, or in the large Atheneum Hotel at rates to suit any sized pocket book. Take in Chautauqua for at least a week and you will not regret it. Letter List. List of unclaimed letters remaining in the postoffice at Reynoldsville, Pa., week ending July 18, 1900: Mrs. Fred M. Baker, Mrs. Mary Caldwell, Miss Dutry, Wm. Faucher, Peter Gibson, Bert Hendricks, Jno. Metzgar, E. J. Milliron, John C. Postlethwait, A. P. Rea, George Schilling, Al Signor Salvatore Comino. Say advertised and give date of list when calling for above. A. M. WOODWARD, P. M. For the next thirty days you can buy a first-class refrigerator at your own price. We must have the room for other goods. Don't wait too long as there are only a few of them left. Hall, Barton & Co. Gentlemen, don't miss seeing the new styles in Walk-Overs at Robinson's.
