This young couple, who are well known here, have the sympathy of their numerous friends. Mrs. Miller's maiden name was Pauline Mitchell.

If you were to stand on the bank and throw dollars into the creek, people at the best would think you were foolish, but you are doing just as foolish by trying to burn gas in a big iron cook stove, for you are wasting dollars every month that you could save by using a gas range. We have them at all prices. Hall, Barton & Co.

The Brookville Whittier Club and Reynoldsville Utopia Society picnic in Emanuel Schugar's grove, near Emerickville, last Friday was an exceedingly pleasant event. The full membership of both societies was not present but a large number did find it convenient to attend. The grove is certainly a delightful place for holding a picnic.

### Crushers in Operation Yesterday, The two large crushers and sifters at

the glass plant were being tried yesterday and they worked admirably. One hundred tons of sand stone was crushed.

Dynamo Shaft Broke.

The shaft on the dynamo at the elec tric light plant broke Monday night, and consequently, the town was in darkness again. An examination showed that a flaw in the shaft was what caused the break.

## Will Locate at Falls Creek.

Dr. J. Clair Dougherty, who recently graduated at the Medico-Chirurgical Dental College, Philadelphia, and also passed the State Board examinations, has decided to open a dental office at Falls Creek and is now getting ready to do business there. The people of that town will find Dr. Dougherty to be an honorable, upright, gentlemanly fellow, and we believe he will do good work.

#### Thrown Out of Buggy.

Father T. Brady was thrown out of a buggy near Dutchtown Sunday afternoon and had a parrow escape from serious injury. He received a cut on his forehead which had to be sewed up. The horse frightened at a place where a new pair of scales are being put in and whirled and upset buggy on top of

Father Brady and a Polander who was driving the horse. The animal ran a short distance and was caught by some men who were at work there.

### Balloon Didn't Go Up.

Welsh Bros, circus visited Reynolds ville Friday, and from those who attended we learn that the circus was a good one for the price-10 and 20 cents -but the show was not what it was advertised to be. The one hundred trained animals failed to materialize and the balloon failed to go up. The excuse was that the man who gets the balloon ready for the ascension was not here and Prof. Carl Bryan, the aeronaut, refused to go up, consequently that part of the show was not given. The arenic and vaudeville part of the

## Richard Taafe Resigned.

show was good.

Richard Tasfe, mine foreman of Hamilton, has resigned that position to accept a more lucrative one as mine fore man for a coal company in Huntingdon county. The resignation takes effect the first of August, when Mr. Taafe will go to his new position. He will not move his family for some time. Mr. Taafe has been a mine foreman at this place and Rathmel thirteen years, first for Powers, Brown & Co., then Bell, Lewis & Yates and last the J. & C. C. & I. Co. He is a competent man for the position. Mr. Taafe has many friends in this section who will be sorry to see him leave, but will wish him success in the Huntingdon coal field.

## Dwellings at Glass Plant.

The Reynoldsville Hardware Company, H. Alex. Stoke, Levi Schugars and Arthur O'Donnell, sr., will build fifteen dwelling houses in partnership on the Star Glass Company's ground. We understand that Dr. J. W. Foust and several other persons, whose names we did not learn, will build one or two houses aplece on the company's land, the company, however, is to deed the lots to the persons who build on them. When the glass plant starts up there will be a great demand for dwelling houses and the company is not in a position to build houses now, and hence, they have made the above proposition, which is being taken up by some of our capitalists.

#### Will be Married To-day.

At 10.30 a. m. to-day, July 25th, James Kelley Johnston, of the Johnston & Nolan shoe firm, and Miss Mary Margaret Cooper, daughter of Ninian Cooper, of this place, will be married at the residence of Joseph Hunter, in Beechwoods-Mrs. Hunter is a sister of Miss Cooper. The marriage ceremony will be performed by Rev. W. Frank Reber, pastor of Reynoldsville Presbyterian church, assisted by Rev. George H. Hill, pastor Beechwoods Presbyterian church. It will not be a large wedding, only immediate relatives will be present. Mr. and Mrs. Johnston will go to Pittsburg this afternoon on the B. R. & P. "flyer" on a ten day wedding

Miss Cooper and Mr. Johnston are prominent members and workers in the Reynoldsville Presbyterian church. are numbered among our most highly esteemed citizens and both have a host of friends in town. The Cooper residence on Grant street is being enlarged and transformed into a fine home and as soon as the house is completed Mr. and Mrs. Johnston will reside there. THE STAR extends congratulations and joins Mr. and Mrs. Johnston's friends in wishing them unlimited happiness and success in life's journey.

#### New Bethlehem Not In It.

The Reynoldsville baseball team went to New Betblehem Thursday to play the team at that place, and our boys put up such a strong game that the New Bethlehem team was not in it. They failed to get anything but goose eggs, did not even get a man to third base during the seven innings, which was all that was played on account of rain. The New Bethlehem boys got into faster company than they had reckoned on. Burge and Rielly were Reynoldsville's battery and they did good work and were equally as well supported on bases and in the field. The seven innings were played in 55 minutes. Assistant Manager Harry Copping accompanied the club to New Bethlehem. The Reynoldsville team was composed of following players: Dick Rielly catcher, John Burge pitcher, Joseph Williams 2nd base, Elmer Woodward left field, Frank Bohren short stop, Frank Campbell center field, Reynolds Gibson right field, Jarvis Williams 1st base, John Nolan 3d base.

### Harry Secrist Died Staturday.

Harry, eleven-year-old son of George W. Secrist, of Eleanora, died suddenly Saturday morning. Death was caused by a second paralytic stroke. One week ago Wednesday the boy had a stroke of paralysis which left him perfectly helpless. Funeral services were held Monday forenoon and remains were buried in Syphrit cemetery. Harry was the oldest son and was an industrious little fellow.

Less than eighteen months ago Mr. Secrist was in a Philadelphia hospital under treatment for appendicitis, January 16th he lost his left arm in the Eleanora mines, and now when his boy had reached the age when he would be of considerable help to his father, the Grim Reaper cut him down, and Mr. Secrist justly feels that trouble is crowding in on him fast. Mr. and Mrs. Sechrist have the sympathy of the community.

## DuBois Shut Out.

The DuBois and Punxsutawney ball teams have been playing a games this season and "Rube" Waddell, a National League pitcher, was in the box for the Punxsy team a few games, which the DuBois papers made no kick about until Monday of this week, when the morning sheet said: "It is altogether probable that Punxsutawney and Du-Bois will play no more baseball together this season unless Punxsutawney should agree to use no more National League pitchers." The cause of this howl Monday was because the DuBois team was shut out entirely Saturday and the Punxsy boys had nine scores to their credit. For Punxsy to win two games in succession was too much for the town with a team of imported hired players and now they will not play ball with Punxsy unless that town promises not to get better players than DuBois can hire.

#### Attached to P. & E.

August 1st the Allegheny Valley Railway passes into the hands of the Pennsylvania railroad and the Low Grade Division becomes a part of the Middle Division of the P. & E. railroad and comes under the supervision of T. R. Roberts, of Renovo, who is superintendent of the Middle Division of P. & E. Mr. Roberts was in Reynoldsville Monday to look over the affairs in this section before he becomes superintendent of this branch.

It was the general opinion that when the Low Grade was attached to the P. & E. that some of the offices would be moved away from here and the changes would compel eight or ten familles to move to other towns, but we are glad to state that there will be no changes for the present at least, with the exception of Mr. Rumsey retiring as superintendent of the Low Grade. and he will remain in the service of the company until the first of 1901. This is not only good news to the employes, but also to the townspeople, as it was feared the dispatchers' office, supervisor's office, trainmaster's office and several other offices would be moved and Reynoldsville would be only a way station, besides losing eight or ten excellent families, which we are loathe to do.

As a division can only have one trainmaster and Mr. Gardner is the trainmaster on Middle Division Mr. Dunsmore, who was trainmaster of Low Grade, will be assistant trainmaster, but his position will be more important than it was as trainmaster, for he will virtually be Mr. Roberts' assistant on this part of the road.

#### Riot Friday Night.

A riot between showmen and men of this immediate vicinity occurred anywhere from show grounds to corner of Fifth and Jackson streets last Friday night. We did not learn the names of any of the persons guilty of taking a hand in the riot. It is claimed that several fellows tried to crawl under the canvas into the show and were ejected. That made the fellows mad and some person cut the guy ropes and then the showmen got after the gang and there was a warm time on show ground for a few minutes. A crowd was gathered up to whip the showmen after the per-formance and then the riot was started. Clubs, revolvers and stones were in evi-dence. A number of heads were badly battered, but, fortunately, there was nobody killed. Thos. Crawford and nobody killed. Thos. Crawford and William Cathers, who were not mixed in the fight, but were standing on John Welsh's porch at corner of Jackson and Fifth streets, were attacked by the showmen, who used clubs on them free the ly. Crawford's back was so badly in-jured that he has not been able to work since. No doubt the fellows who cut the ropes and stoned the show needed punishment, but it was not the thing to attack innocent men. Crawford had been at lodge and stopped on corner of Main and Fifth streets to talk with several members of the lodge, and when he heard the racket he started to look for his son, who had gone to show, and he acked by the angry mob. Mr. Weish's front door was broken in by the rioters.

### Great Year for Apples.

"The peach crop this year will be one of the largest in years," said Deputy Secretary of Agriculture Martin. "We shall not have to go out of Pennsylvania to supply the home market. But the great fruit crop in Pennsylvania this year," continued Mr. Martin, "will be the apple crop, for which this state is justly celebrated. Reports from all the apple growing counties, and there are a great many of them, show that the trees will bear unusually heavy this poor one this year. In some of the wheat growing counties in this part of the state the farmers will not take the trouble to harvest the grain, which lmost worthless. Two causes contribite to the failure of the crop, one being the cold spring and the wheat fly. You can pass through fields in Cumberland, Lancaster, Adams and other counties in this section of the state and the devas tation of the fly will be apparent to even the most casual observer."

#### DEATH OF JOHN MCCREIGHT.

Who Expired at His Home in DuBois Monday Morning.

John McCreight, one of the old settlers of Paradise, who moved from that section to DuBois four years ago, died at the latter place at 4.00 a.m. Monday, July 23rd. From the DuBois Express of July 23rd we clip the following sketch of the career of this bonored and highly esteem gentleman who resided so near Reynoldsville for threescore years:

Born July 11, 1821, while Longfellow, Whittier and Lincoln were boys and within two months of the death of the great Napoleon, he has passed through the latter three-quarters of the present century, witnessing in his life time a transformation, unequalled perhaps, in the history of the world.

It is difficult for the present generation to conceive the great United States of America without railroads, without a telegraph or telephone line, without a steam-boat (for the first successful use of the latter took place while the subject was a boy), without sewing machines, cooking stoves, kerosene or matches. Manufactured gas was not in use for illuminating purposes, and pitch-pine faggots and tallow dips were used until the candle, a modern convenience, took their place. Mowers, reapers, threshing machines were unknown and the hand-sickle and cumbersome flail were used. The subject's mail was carried (when he was a matured man) to and from his friends and relatives through the unsettled west and California by pony express, and he himself, when a young man, traveled on foot and horseback through the state of Iowa when railroads were yet unknown there. Such have been the transformations since the subject commenced his life's journey and which he witnessed during his life which even went beyond the "three score years and ten," man's allotted time.

In 1832 Mr. McCreight's family removed to the neighborhood of the present homestead in what is known as Paradise, near Reynoldsville, when this section was a wilderness and Indiana, Franklin and Old Town were the trading centres and salt, flour and grain for seed were hauled by oxen, and all things were most primitive. The subject could recount many experiences in hunting bear and deer in the Big Swamp where DuBois now stands.

John McCreight was born to Andrew McCreight and Ann Sharp, the brother of seven sons and six daughters, all of whom lived to a ripe old age. Among the survivors are Jamieson, living in Kansas, Thomas S., who now lives on the original homestead in Paradise. Smith, of Washington county, Mrs. William Caldwell, of Curwensville, Mrs. Polly Ross, of Reynoldsville, and Hannah, of Kansas.

Mr. McCreight's early life was spent largely in the cutting and rafting of timber, making trips down the Ohio to Cincinnati and down the Susquehanna to Harrisburg, from which points the return journey was often made by foot. He was married in 1851 to Eliza C. Uncapher, of Greensburg, and settled near the present homestead, carrying on farming in connection with his lumber interests and acquiring early in life a competency, a large part of the coal now being operated on the Hamilton side of the famous Big Soldier mines having been purchased from him, some of it 20

Tickets to be sold and good going August 6, 7 and 8 and to return until August 9, inclusive.

Dr. H. B. King and Fred K. Alexander, two of Reypoldsville's best young men, passed through town Thursday on their way home from Atlantic City, where they had gone to attend the B. P. O. E. reunion last week. They looked as if their trip had agreed with them and Doc had entirely recovered from his attack of sickness, but said he still saw "sea robins" in his dreams .--Clearfield Public Spirit.

Rev. James H. Jelbart, of Johnsonburg, preached in the M. E. church at this place last Sunday. The Methodist congregation of the "paper mill" town are building a new church and Rev. Jelbart did not forget to mention this fact to the Reynoldsville people Sunday morning and asked for assistance. He was no preaching in the Presbyterian got about \$40.00. Rev. Jelbart preached at Rathmel Sunday afternoon and raised \$11.00 at that place for his church.

> The Buffalo, Rochester & Pittsburg Railway Co. announce a delightful vacation excursion to Pan-American Buffalo and Niagara Falls on Tuesday. July 31st, affording an opportunity of visiting the great Electric City of the Empire State and to wondrous Niagara at a time of the year when half the people of the world, were it possible, would be present and pay homage to its grandeur. Train will leave Falls Creek at 12.52 p. m. and the fare will be \$3.25 to Buffalo and \$3.75 to Niagara Falls for the round trip. Tickets will be good returning from Niagara Falls or Buffalo if used on or before Saturday, August 4th, 1900. For further information see excursion bills or consult the agent at Reynoldsville.

Dog Show.

Prof. Sam Stricklin, of Bellaire, Ohio, arrived in town Saturday morning with fifteen trained dogs and gave a free dog show on Main street Saturday evening. The street parade at noon was unique and was a good advertisement. A large crowd gathered on Main street before the hour advertised for performance to begin and everybody wanted to get in the front row. Prof. devoted more time to the collection part-which was most important to him-than he did to the dog performance. He passed the hat twice. The dog performance was good. A little black dog, christened McKinley, went up a ladder thirty-eight feet high and jumped off on to a canvass held up by eight men. This was the most wonderful feat of the dog show.

#### Jailed Thursday.

Mrs. Barnabus McCanna had a warrant issued for her husband last Wednesday evening on the charge of assault and threatening to kill her. Constable P. J. Ward arrested Barney and took him before 'Squire Woodring for a hearing. 'Squire bound him over to court in the sum of \$100.00, which Barney could not secure and he was informed that he would have to stay in the lock-up all night and go to county jail in the morning. This information made Barney ferocious and he declared they could not put him in the lock-up and he threatened to kill the constable. Four men had difficulty in getting the handcuffs on him, and it was not until after the constable battered Barney's head and face terribly with the hand-cuffs that they succeeded in getting the irons on him. After Barney was put in lockup a doctor was called to dress the wounds. Thursday morning Constable Ward took the prisoner to county jall. The case has been settled and Barney is at home again.

Supt. Florence Mine.

John H. Bell, former superintendent of the J. & C. C. & I. Co. mines at this place, who resigned a few months ago to accept a position with Flemington Coal Company at Flemington, West Va., is now in the employ of the R. & P. C. & I. Co. and is superintendent of the Florence mine, near Punxsutawney. Mr. Bell is building himself a dwelling house at Punxsy.

## Drum House Burned.

The drum house at Sherwood mine, near Sandy Valley, burned down last Thursday night, throwing one hundred men out of employment two weeks. All the rope around the drum was destroyed. Checkweighman W. S. Bracken had his check board in drum house and it was burned. .
