WANT ASSISTANCE.

Resolutions Adopted at Convention in Clearfield this Month.

To the Mine Laborers of Northern and Central Pennsylvania, Greeting:

The following resolutions were adopted at your convention held at Clearfield on August 9th and 10th, 1900:

WHEREAS, The miners of Maryland, who have been on a strike since April 12th, have resumed work under protest with the exception of those who have been refused employment, and

WHEREAS, Those who have been victimized number over 800, a good size strike in itself, and

WHEREAS, These men have been discriminated against for demanding the same wages and conditions that have already been obtained by contract with our operators, and

WHEREAS, We learn that a vast majority who have resumed work have done so with regret, and only for the purpose of protecting their jobs and are ready to renew the struggle at any time when called upon to do so, and therefore to the end that those who have been victimized may not be permitted to suffer and that the agitation may be continued and the struggle renewed for the reinstatement of the victimized men and the 60-cent rate when it is deemed advisable to do so, be it

Resolved, That we levy an assessment of 50 cents per man per month to be sent to the Secretary of the Relief Fund for the purpose herein set forth.

Resolved, That this assessment shall continue until all the victimized men have been reinstated and the 60-cent rate obtained, or until we have been notified to discontinue the same by our National and District officers.

We earnestly request you to consider the following facts:

Do you believe that you can continue 60 cents per ton in Pennsylvania after April 1st, 1901, while George's Creek coal goes into the same market with your coal and mined at 55 cents per ton?

Do you believe that drivers and day hands in Pennsylvania can uphold \$2.25 per day to \$2.40 per day, working nine hours a day, while in George's Creek \$1.60 to \$1.97 per day is paid for the same labor, working from 10 to 12 and 14 hours a day?

Can you ever expect to further advance the price of mining in Pennsylvania or obtain an eight-hour day as long as the above conditions exist in your closest competitive field?

Don't you believe it will be more profitable to you to give 50 cents each pay to the support of George's Creek district and bring up prices and conditions here to your level than to give to your employer next April from 25 cents to 40 cents per day for each day you work or to sacrifice your employment and thousands of dollars in wages and undergo the hardships of a bitter struggle with your employers in an effort to maintain the position you now hold against these conditions prevailing at present in Maryland?

This is exactly the situation as it confronts you to-day in Pennsylvania. It is a question of you either helping to lift up Maryland or you coming down to Maryland's conditions.

Send all money to Benjamin W. Defibaugh, Frostburg, Md., box 139. All receipts will be acknowledged through the columns of the *Pennsylvania Grit* or any other paper that may be requested.
