Robbed the Grave.

A startling incident is narrated by John Oliver of Philadelphia, as follows: I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Bitters; to my great joy, the first bottle made a decided improvement. I continued their use for three weeks and am now a well man. I know they robbed the grave of another victim. No one should fail to try them. Only 50c., guaranteed, at H. Alex. Stoke's drug store.

GLASS PLANT NOTES.

Gathered by Local Reporter and Clipped from Exchanges.

Star Glass Co. shipped a car of glass to Galveston, Texas, Saturday. The company will ship a car to Philadelphia and one to Williamsport this week.

The Kane Window Glass Company's plant was started last Wednesday under most favorable circumstances, every place being taken, the workmen all signing the scale as provided by the new organization of L. A. 300, K. of L., thus putting one more plant in the list of those who are opposed to the policy of President Burns of the old L. A. 300. This plant will employ 300 men.

There will be a mass meeting of the window glass workers, including the four trades—blowers, cutters, flatteners, and gatherers—held at Falls Creek next Saturday. It is expected that this will be a larger meeting than the one held at Mt. Jewett October 13th. The Falls Creek Herald says: "The people of the town should make a special effort to make themselves good natured and hospitable for the occasion. Let the band be on the streets, the houses decorated and the American flag floating for the occasion."

A window glass plant will be started at St. Marys. The plant will be run on the co-operative system and will start with fifty experienced employees.

Samuel C. Lewis, who week before last earned \$97.35 cutting glass in the Arnold factory of the American Window Glass Co. passed the \$100 mark last week. During the week ending October 13th Mr. Lewis cut 2454 boxes of double strength glass, which at 41 cents per box—the price manufacturers are paying under the scale for 1900-1—gave him \$100.65. Superintendent Moore states that this glass was all cut in daylight and that no Sundays were mixed up in the time.—National Glass Budget.

It is understood that D. L. Swindell, now of Jewett, is talked of as a possible candidate for president of the new organization, also Emile Stenger as a candidate for western district wage committee.—Mt. Jewett News.

The life of the non-union workmen who are working at factory No. 5, is anything but pleasant. It is almost impossible for them to get accommodations at any of the business places, as the union glass men are ever watchful and whenever they see one of them going into a place they notify the proprie-

tor, and in nine cases out of ten they are refused their wants. Saturday evening was a lively one, and in one or two instances serious trouble was averted only by the counsel of cooler heads.—Kane Republican.

Rathmel.

Rev. H. Armstrong, newly appointed pastor of the Church of God, preached Sunday evening.

Rev. A. J. Moeck, of Reynoldsville, has changed his appointment and will preach here next Sunday afternoon.

Grant Allen, of DuBois, moved to this place last week.

A. W. Mulholland and wife and Dr. C. Hoffman and wife, drove to Brookville Sunday.

William Tucker, who was badly hurt on Tuesday of last week by an empty trip leaving the track, is improving rapidly.

The football game here last Saturday between Snyderstown and Rathmel, resulted in a victory for Rathmel, the score being 4-0.

James Roberts, who was injured last Friday night by a fall of slate, is able to be out again.

The C. E. Society held a neck-tie social in the P. O. S. of A. hall Tuesday evening.

E. O. Dickey spent Sunday with Rathmel friends.

A. L. Keagle and wife, E. R. Kougher and wife, and Mrs. Charles Tompkins are at Harveys Lake, Pa., on account of the serious sickness of the ladies' mother, Mrs. Headley.

Last Sunday was the most disgraceful one ever witnessed by our citizens, as there was a Polish wedding celebrated by way of drinking beer and whiskey. Dancing was kept up in two houses day and night. Your scribe thinks the citizens most annoyed ought to make complaint to the township officers about this matter.

Resolutions.

Mazomania Tribe No. 341, Improved Order of Red Men have adopted the following resolutions:

WHEREAS, The Great Spirit in his infinite wisdom has seen fit to call from the trail of life our beloved brother, James G. Howlett, thereby vacating a place in the wigwam that will be hard to fill; and

WHEREAS, The deceased brother has always faithfully discharged his duties in the tribe and was a very zealous worker for its advancement and welfare, therefore be it

Resolved, That while we bow in humble submission to the will of the Great Spirit we sincerely feel our loss and as we mourn in silence around the darkened council fire we deeply sympathize with the sorrowing loved ones he has left behind.

Resolved, That in token of respect for our departed brother we drap our charter in mourning for a period of 30 days and that these resolutions be spread on the records of the tribe and be published in THE STAR and a copy be presented to the tribe and one to the widow of the deceased.

Lost—Under the most unaccountable circumstances, a card case. The finder will please return the same to Ralph Kirk. Don't Dunn him for the pay.

One of our brilliant juniors informed us of the fact that Emerson's father died when he was eight years old.

The Subs took their final examination in botany last Wednesday. From the appearance of things one would judge that they were a "flowery" class.

The mock trial was a success. Thomas Nolan brot suit against Ira Bower for slander and the jury brot in a verdict of guilty; defendant to pay ten thousand dollars costs.

Room 13 accepted the invitation to attend the mock trial last Friday. They seemed to enjoy their visit, and we are sure we did.

Miss Dally, teacher of high school preparatory, spent Sunday at her home in Penfield.

There will be two days vacation at Thanksgiving.

Seats will be reserved for Dr. Riker's lecture next Saturday morning. You can't afford to miss it.

There will be a local institute at Eleanora Saturday, Nov. 24th. All teachers are expected to attend.

New shelves, cases and blackboard are being put in the laboratory. This is a long needed improvement and it will make the laboratory much more convenient.

heating stove most of the heat passes direct into the chimney without spreading its warmth. We overcome this waste in the

Tremont Hot Blast

by converting the smoke, soot and gases into heat. Producing the greatest results for the fuel consumed.

THE TREMONT HOT BLAST will burn the poorest quality of slack or coal dust with the same successful results that it does the best quality of fuel.

The fire is at all times under perfect control, and can be increased or lessened to meet the requirements of the user. No trouble to keep a continuous fire throughout the winter.

If you want a stove that is unequalled for economy and good service buy the TREMONT.
