High School Bulletin.

EDITORIAL STAFF.
Editor-in-Chief—Clement Flynn '01.
Assistant Editor—Grace Meek '02.
Local Editor—Alice Evans '01.

With this issue of the BULLETIN the duty of preparing this column passes into new hands, and in assuming the reins of management we wish it to be understood that this issue of those peculiar cases where the office seeks the man. But we shall endeavor to chronicle the affairs of the High School in an impartial manner and to the best interest of the school.

At the regular meeting of the Shakespearean Literary Society the following officers were elected: President, Frances King; vice-president, Maude Hoon; secretary, Goldie King; program committee, Edna Milliron; Prof. Leavenworth; critic, Ralph Kirk; editor-in-chief, Clement Flynn, assistant editor, Grace Meek; local editor, Alice Evans.

Thomas Nolan is seriously thinking of entering into partnership with one of our live-ymen.

Prof.: "Why are the triangles equal?" Bright J.: "It has its 'obologus' angles equal."

James Muir and Viola McGaw, two Seniors who have been absent from school for some time, returned to their studies last week.

The Juniors certainly are making rapid progress in Geometry. New theorems are manufactured by them every day.

Extensive improvements have been made in the auditorium. A drop curtain has been purchased, foot lights have been set in, and other improvements have been made which add greatly to the appearance of the rostrum.

It is to be hoped that the new program committee will discharge their duties as faithfully as did their predecessors.

Business of paramount importance was transacted at the last meeting of society. Details will be given later.

A vote of thanks was tendered the retiring officers, including the program committee.

Prof. Leavenworth spent Sunday in DuBois.

The program committee is requested to have the program prepared in advance to-day of society, so the meeting can proceed without waiting for the next number to be made out.

Hormtown.

C. A. Shugars, who has been on the sick list, has greatly improved the past week.

A. E. Culboun, of Brockwayville, was in this place on Tuesday last.

Mrs. H. F. and Miss Julie Schugars were visiting at Brockwayville last week.

A certain young man from this neck-woods started out one Sunday with his girl on a pleasure trip, but not being acquainted with the lay of the country he wished to travel through, after getting 12 or 14 miles from home he wandered around and made up his mind he was lost but as luck would have it a farmer came to their rescue and directed them as best he could and after driving another long, weary mile on an old log road they got within seeing distance of the house they had been longing to see but as they had a small stream to cross and the bridge was burned out they were left in a worse predicament than ever. The young man finally called for help and after overcoming a great many obstacles they arrived at their destination late in the afternoon. Not always the pleasantest thing either to travel in an unknown country.

Six Frightful Failures.

Six terrible failures of six different doctors nearly sent Wm. H. Mullen of Lockland, O., to an early grave. All said he had a fatal lung trouble and that he must soon die. But he was urged to try Dr. King's New Discovery for Consumption. After taking five bottles he was entirely cured. It is positively guaranteed to cure all diseases of throat, chest and lungs, including Coughs, Colds, LaGrippe, Pneumonia, Bronchitis, Asthma, Hay Fever, Croup, Whooping Cough, 50c. and \$1.00. RATHMEL ITEMS.

Three Thousand Dollar Fire—Seven Head of Cattle Cremated.

Last Saturday night about nine o'clock fire was discovered in John Smith's large farm barn, and in a few moments the whole upper part of the barn was a mass of flames. John Baughman, Mr. Smith's teamster succeeded in getting the horses and cattle out of the barn, but was driven out by the fire and compelled to leave seven head of cattle in the stable. One valuable cow that escaped was so badly burned that it was decided to kill her. There was quite a quantity of grain and about twenty-five tons of hay in the barn. Mr. Smith also lost most of his farm machinery, two wagons, two buggies, a light hack and a surrey. The loss will probably reach \$3,000 with no insurance. There is no clue to the origin of the fire, but two tramps were driven out of the barn early in the evening, and it is thought they may have returned and in some way started the fire. Mr. Smith lost his barn in the same way about ten years ago, just after his crops had been harvested.

C. E. Humphrey left last Friday for Beaver, Pa., where he has secured a lucrative position.

J. H. Hughes is improving his house by putting in steam heat.

Josiah Gregory has moved his family to New Florence.

John Smith is quite seriously ill.

Editor Sees Wonders.

Editor W. V. Barry of Lexington, Tenn., in exploring Mammoth Cave, contracted a severe case of piles. His quick cure through using Bucklen's Arnica Salve convinced him it is another world's wonder. Cures piles, injuries, inflammation, and all bodily eruptions. Only 25 cents at H. Alex. Stoke's drug store.

Johnston and Nolan have a number of odd sizes, good style shoes that they are selling at a big reduction. This is your opportunity for a bargain.

The Farm Journal is cheap but not too cheap to be good; it is full of ginger and gumption, and has as many other good things in it that you can use as any paper at any price. It will be sent four years to subscribers of THE STAR who pay arrearsages and one year in advance and 25 cents extra, or \$1.25 for the Farm Journal for four years and THE STAR for one year.
