### High School Bulletin.

#### EDITORIAL STAFF.

Editor-in-Chief—Clement Flynn '01. Assistant Editor—Grace Meek '02. Local Editor—Alice Evans '01.

In our last issue of the BULLETIN the statement was made that the impending contest between DuBois and our High School seemed an assured certainty. We were induced to make that statement on account of the favorable conditions existing at that time. But later intelligence from the seat of operations necessitates the statement of the unwelcome fact that DuBois, for reasons best known to herself, has declined to meet us and measure strength in the points upon which they were challenged.

And now that negotiations have been brought to a close, in justice to ourselves and for the information of those interested in our work, we feel it to be our duty to make known the facts and state the circumstances pertaining to the case at hand.

In issuing this challenge to DuBois our Society was not impelled by any thirst for glory, but was actuated in its issuance by circumstances which had their beginning nearly two years ago, when a challenge was issued to us by DuBois at a time when it was necessary for us to decline the courtesy. At that time our commencement exercises were not far distant and our spare time was utilized in a manner that would not permit us to give the contest the attention it required. But we promised that at some future time the privilege of meeting us in the arena of ability would be willingly extended.

Hence, being free and unincumbered by former conditions, and desirous of returning the courtesy extended us, we issued our challenge to DuBois to meet us in a joint contest to consist of oration, debate, declamation and piano solo. To this proposition DuBois replied she would accept, providing we pay expenses of their contestants, bear the expenses of her committee on arrangements, defray the expenses of the judges and substitute a violin for piano. To three of the conditions we readily agreed, but on the fourth we would not, as we reserved the right to say upon what we wished to contest. Hence, upon our refusing to allow DuBois to dictate all the terms, she refused to take part.

While we are somewhat disappointed at the turn matters have taken, yet it is but another manifestation of that pusillanimous spirit which has characterized all her actions with her neighboring towns. The redomontade role she assumes in her dealings is one eminently suited to her, and while we would not like to assign her actions to that spirit ill-fitting to one who seeks fame on the battlefield, yet she has not given a satisfactory reason for her declining our challenge.

So now, feeling ourselves free from the obligation resting upon us, we shall direct our attention to other fields and seek laurels from those more worthy to compete with us in a test of ability.

The much-heralded and long-looked-for convention of the Bachelors was held last Friday evening under the auspices of the Literary Society. Long before the time set for the opening, visitors began making their appearance, so that by 3:15 the assembly hall was well filled. While it would require too much space to give the program in detail, yet it will suffice to say that it amply fulfilled expectations. The feature of the program was the music and singing which brought the convention to a close. The song was written expressly for the occasion.

The pupils of the higher rooms were treated Thursday morning with a very instructive address on Alaska by Prof. A. J. Davis, principal of the Clarion Normal.

If appearances count for aught, the Spinsters must have been deeply impressed by the eloquence of the Bachelors.

The program prepared for next Friday is an indignation meeting of the Spinsters. The young ladies are determined that their meeting shall go ahead of the Bachelors, and are leaving nothing undone to accomplish their object.

Miss Grace Meek is very ill with lung trouble (not diphtheria) and has not been able to attend classes. We sincerely trust that she may improve rapidly.

On account of railroad connections which the company has to make, the concert Wednesday evening will not begin until 8:45.

### TWO SESSIONS OF COUNCIL.

Franchises Granted For Electric Railway—Borough Will Not Build Plank Sidewalks.

The regular meeting of the town council was held Thursday, Dec. 4th. President H. C. Deible in the chair with all members present but O. F. Smith.

Minutes of previous meeting read and approved.

Tax Collector G. W. Swartz made the following report of taxes collected since last meeting: Boro and bond, \$20.00; water, \$3.00; light, \$10.00; poor, \$10.00.

Mr. Best, of Fourth street, was present and made complaint about cattle running at large and asked the council to take some action to prevent the same.

The president instructed Mr. Cochran to arrange for some place suitable to impound cattle, &c.

Mr. Hamaker presented a petition for opening of a street from Worth street at a point at western boundary of Lavina Hamaker's east to a point on Main street at intersection of Main and Beech streets.

A. J. Davis was present and asked the council to grant to him, his successors and assigns, the right to construct, maintain and operate an electric street railway line in borough.

Bills amounting to \$151.12 were ordered paid. By motion adjourned to meet December 5, 1900.

As per adjournment of December 4th, the town council met Wednesday evening. Pres. H. C. Deible in the chair; all members present but Mr. Smith.

By motion the following resolution was adopted: Resolved, That the rule of order requiring an ordinance to be first read at a regular meeting and then over until a next regular meeting be now suspended, carried.

On motion ordinance No. 60 passed first and second readings and became a law.

On motion ordinance No. 70 passed first and second readings and became a law.

Mr. Cochran reported he had secured a place to impound cattle found running at large in the borough.

A motion was duly made and seconded that hereafter when the borough should build any new sidewalks that they would be of brick, stone or cement.

### "Indian" Answers DuBois Courier.

Frank Bohren, captain of the "Indian" foot ball team challenged the foot ball team of DuBois, which claims the championship of Central Pennsylvania. Captain Bohren stated a few facts concerning the standing of DuBois team and "Indians," and the Courier's comment on the challenge known to do before. Why not accept the challenge? That will settle the championship. A member of the "Indian" team requested that the following be published in answer to the Courier's falsehoods:

"As to the 'Indians' playing three games with the 'Imperials,' that is wrong. They only played two games with them, one at Reynoldsville and one in DuBois. The first game was played in DuBois and the Courier states neither side scored, but did not state that the 'Indians' made at least two touchdowns, but the DuBois referee would not count them; but we are not quitters, so we kept DuBois from scoring, which with the aid of the referee was a hard thing to do. When the 'Imperials' came to Reynoldsville they were treated like gentlemen and were given a fair shake, but seeing they could not win, ran in some ringers they had brought along for that purpose, thinking we had the best team we could get together, but they were mistaken for we put in some new players and ran the score up to 23-0. As to rowdiness on the grounds, neither team took part in it, nor had anything to do with it. St. Marys issued a challenge and we accepted it and arranged to play on election day, but some of our players could not go, therefore we arranged to have them come to Reynoldsville on Thanksgiving, but on account of our grounds being flooded we had to cancel the date with that team.

The statement that Punxsutawney offered to give us \$50.00, like most of the Courier's article, is false. They offered us \$20.00 to play Thanksgiving, but that would not cover expenses and we would not go. AN INDIAN."
