Reasons for Striking.

Editor THE STAR:—The employes of the Enterprise Silk mill of Reynoldsville came out on a strike at noon Monday, February 4th, as you have already mentioned.

Some of the employes have been fined beyond reason. One young lady was recently fined \$5.50. This lady has been fined over \$18.00 during the short time she has been working in the mill.

There are five entrances into the mill and four of these are locked all the time. The windows are also nailed.

On the 4th instant the employes who carry their dinner were forced to stay in the mill during the dinner hour, as the doors were locked, and they could not attend the meeting which was being held at that time.

One of the employes was discharged for an offense which every one commits. If one is compelled to leave for this reason, why not discharge all?

COMMITTEE.

Silk Company's Explanation.

REYNOLDSVILLE, PA., Feb. 11 '01. EDITOR THE STAR.

DEAR SIR:—As there seems to be a number of conflicting reports as to the cause of the present trouble at the silk mill, we wish to state the facts. The striking weavers have gone out to force the reinstatement of two weavers, one of whom made a very bad piece of goods, which can only be sold as imperfect.

The other weaver not only did not stay at his looms but acted in a highly improper manner towards one of the girls in the mill. Although warned a number of times about this, he still continued to act in the same manner and he was also laid off.

It must appear to every one that if the hands refuse to obey the rules of the mill, to attend to their work in an orderly manner, the mill might as well close down.

The company bears no malice towards these two young men and was perfectly willing to take them back if they had apologized for their past misconduct, which they refused, and had promised not to repeat the offense, and to attend to their work in future.

The present management has always endeavored to run the mill so that no self-respecting girl or boy need be ashamed to work there, and is determined that proper order shall be observed, and no indecent conduct will be tolerated. It is willing at all times to listen and act on any complaint, and remedy same if found to be justified.

Respectfully yours, D. LINDSAY, Supt.

KICKER'S COLUMN.

A "Kicker's Column" has been opened in THE STAR, through which complaints may be made without the identity of the complainant being made public.

Is not the whole of the borough Reynoldsville? It seems to be when it comes to taxing the people.

But according to improvements, etc., etc., it is only the West end that is to be considered. The East end, that has the greater population, is not allowed a place for travelers to stop or people to board at.

A HOOF RAISER.

The Country Editor. Perusal of the columns of papers published in districts far removed from the bustle and every-day excitement of the cities is liable to make the reader believe that the life of the country editor is "one grand, sweet song."

Here, indeed, seems to be an individual who pursues the even tenor of his way, quietly gathering up the neighborhood gossip, scraps of information, and at all times keeping a watchful eye on the interests of the community.

High School Bulletin.

EDITORIAL STAFF. Editor-in-Chief—Grove Mook. Assistant Editor—Ira Dewar.

A number of our students have been out of school during the past week account of illness. However this, Monday, morning finds most of them in place.

A singing class has been organized among the schools to meet in the chapel on Monday and Wednesday mornings of each week.

Our programs in literary society on Friday afternoons are very interesting. Heretofore we have had some difficulty in carrying out the programs, as some would not be prepared, but from now on those who are placed on the program are compelled to serve unless they are excused by the principal.

It is a sad state of affairs when it becomes necessary to remove young ladies and gentlemen in chapel on account of any love affairs. This does not extend to our room.

Miss Millirens, one of our seniors, has taught several days for our teachers who have had the grip. We are glad to state that Miss Millirens did her work creditably and deserves great praise.

A crowd of young people from this villa have organized a club in which a few from our room participate.

We are beginning to see the result of our sleigh ride to DuBois. During the past week numerous letters have been coming from that direction.

Many of the teachers and students have been enjoying the sleighing during the past week. Last Friday evening the teacher and pupils of room 13 drove to Brookville. Leaving home in the early part of the evening they arrived at the American House about nine o'clock.

Recently a gas stove has been placed in the laboratory; a welcome incumbent.

Viola '01, and Jay, '03, McGaw returned to school Monday morning after a week's illness.

The world moves on with rapid speed, nor never slackens up its gait. And those who fall its role to heed are sure to meet the sinner's fate.

Our school building will be equipped with a local telephone hereafter. It is being put in to-day.

Letter to Star Glass Co., Reynoldsville, Pa.

Dear Sirs:—You are makers; so are we. You know what you make; you know all about it. We know our paint as you know your goods.

We know what it is, how it acts, what it does, how it lives, and how long—the conditions being favorable or unfavorable.

It is fair that we take the risk of it every way; but we ought not to risk any use or abuse of it.

Can't draw the line. We are dealing with strangers. We are strangers to them as they are strangers to us.

We want to be trusted by them. We trust them first; that's the way to get trusted. We trust them to paint with a fair degree of paint-knowledge and care.

We know what it is, how it acts, what it does, how it lives, and how long—the conditions being favorable or unfavorable.

It is fair that we take the risk of it every way; but we ought not to risk any use or abuse of it.

A few mean men in the course of a year will abuse our trust and put us to loss; but 999 in 1,000 will tell their friends how true we are, and our paint is. That's what has made us the largest paint concern in the world. It is our best advertisement.

Yours truly, P. S.—H. Alex. Stoke sells our paint in your section.

To the Voters of Reynoldsville.

I am a Republican candidate for council at the coming borough election, and have been informed that a report is being circulated that I, or the firm of Wiley & Switzer, hold stock in the Reynoldsville Electric company and that my candidacy is in the interest of said company and for the furtherance of my or our own interests.

To put myself in a true light before the voters of this borough, I truthfully assert that neither I nor the firm of Wiley & Switzer have, hold or own any stock in said company, nor am I, nor are we, peculiarly interested in said company. Should it be necessary I am willing to make affidavit to that effect. I am for the best interests of Reynoldsville and its citizens.

Very truly, W. W. Wiley.
