NOTICE

To All Who Want to Buy or Have a Carpet to be Woven.

I am ready to do it in a very short time and my work of the past few years recommends itself. I have bought an improvement for my loom, making it a four-harness (instead of two), but prices will stay the same for weaving as before, that is 10 cents a square yard, and I will weave it from 30 to 42 inches in width to fit your rooms at that price. I keep 21 colors of chain on hand (call or send for sample) and when I furnish chain, all of which is of the best 5-ply, for carpet 134 threads to the inch. I charge only 20c.; 15-thread for 22c.; and 18 threads to the inch 25c., which includes weaving and chain. For out-of-town people on 20 yards or over will pay freight one way. I also weave

Stair Carpet and Rugs

of any kind. I have for sale some rugs, rag and split-warp carpet, which I will sell at a big reduction to get out of my way.

Yours Respectfully,

AN EXPOSITION BOOKLET.

Another Beautiful Production From the Bureau of Publicity of the Pan-American.

Here comes another of the beautiful booklets from the Bureau of Publicity of the Pan-American Exposition, Buffalo, N. Y. It consists of 16 pages and a cover in green. The unique feature of it is the miniature reproduction of the famous poster, "The Spirit of Niagara," which has had a most remarkable demand. The envelope in which the poster booklet is mailed also bears a reproduction of this artistic work. The booklet is a popular picture book, the first page having an engraving of the magnificent Electric Tower, which is 391 feet high, and which will form the glorious center-piece of the great Exposition. On the same page is a miniature of one of the torch bearers which will adorn the wings of the Electric Tower, and beside it a picture of Niagara Falls. The second page shows a picture of the Electricity Building and five other small illustrations of the uses of electricity. The third page shows the splendid group of buildings erected by the National Government and which will contain the Government exhibits, also five miniature illustrations, one of them showing the life-saving station, where exhibitions will be given daily by a picked crew of ten men, during the Exposition. The fourth page is devoted to the wonderful displays of government ordnance; the fifth to the Machinery and Transportation Building and four other illustrations of modern machines and vehicles. The center of the booklet shows a birdseye view of the Exposition and gives one some idea of the great extent of the enterprise upon which about \$10,000,000 is being expended. The grounds contain 350 acres, being half a mile wide, and a mile and a quarter long. Other pages show horticulture, graphic arts and mines, manufactures and liberal arts, the Music Temple, the Plaza and its beautiful surroundings, the Stadium or athletic field, the agricultural, live stock and ethnology features, and a few of the 30 or 40 ingenious and novel exhibits which promise to make the Midway the most wonderful that has ever been prepared for exposition visitors. The last page shows a ground plan of the Exposition, whereon the location of different buildings is indicated. The railroads will make low rates from all parts of the country during the Exposition, which opens May 1 and continues six months, and the people of Buffalo are preparing to entertain comfortably the millions who will attend. Anyone desiring a copy of this booklet may have it free by addressing the Pan-American Bureau of Publicity.

Sykesville.

Phineas Reed has just finished filling his ice house, which holds about two thousand tons of ice. He is now ready to keep you cool when warm weather comes.

The genial Italian, Mr. Gallo, of our town, was united in holy matrimony to Mrs. McClarren, the widow of Ed. McClarren, on the 26th of Feb. 1901, by Rev. J. H. Palmer, at the home of the bride, Sykesville, in the presence of a few friends.

The father of the poor boy mentioned in last week's letter, came to town the other day and on hearing that his boy was being taken care of and going to school, became very wrathful and made some bad threats against those who kindly took care of the boy. He was arrested and taken before our justice of the peace, A. W. Sykes, and given a hearing, and on his promise to make no more threats against citizens and to pay costs was released for the present.

Strikes a Rich Find.

I was troubled for several years with chronic indigestion and nervous debility," writes F. J. Green, of Lancaster, N. H. "No remedy helped me until I began using Electric Bitters, which did me more good than all the medicine I ever used. They have also kept my wife in excellent health for years. She says Electric Bitters are just splendid for female troubles; that they are a grand tonic and invigorator for weak, run-down women. No other medicine can take its place in our family." Try them. Only 50c. Satisfaction guaranteed by H. Alex. Stoke, druggist.
