A few years ago there was a barber in Reynoldsville that had a habit of saying, "sit up straight," when he had shaved a man and was ready to comb his hair. Pedestrians on Main street have narrowly escaped being run down by coasters a number of times within the past month. The coasters formerly confined this sport to back streets, but this winter they boldly ride down Main street sidewalks.

Weed Found a Pocket-book. A. B. Weed, of this place, a train dispatcher on Low Grade Division of P. R. R., was in DuBois Monday afternoon and was riding over town in a street car when he found a well-filled pocket-book just after a lady had left the car. He asked the lady sitting next to him if she had lost her pocket-book. She said, "no," but afterward acted as if she had answered too hastily. A half dozen people in the car immediately became extremely accommodating and wanted to take the pocket-book and deliver it to the lady that had lost it, whom they were all well acquainted with. One man, who was much interested, met Mr. Weed in a store and again offered to deliver the pocket-book, but Mr. Weed found the owner himself without trouble and returned the pocket-book to her. It is remarkable how accommodating people become in some cases.

Peter Yenewine Dead. Peter Yenewine, who was a resident of Reynoldsville 27 years, died at his home on Second street at 2.20 p. m., Thursday, Feb. 28th. Funeral services were held at the residence Sunday afternoon at 2.00 o'clock conducted by Rev. Johannes, pastor of the Lutheran church, of which denomination the deceased had been a member ever since he came to America—about 35 years ago. Interment took place in Beulah cemetery. Peter Yenewine was born in Germany 58 years ago. He came to America when a young man. Was married to Dorothy Snyder at Williamsport 33 years ago last November. Unto them seven children were born, three of whom, with the wife, survive the deceased. The children living are John, Mollie and Charles Yenewine. Liver complaint, followed by dropsy, was the cause of death. Mr. Yenewine had not been well since last August, but was not dangerously ill until two weeks before dissolution took place, and during that two weeks his suffering was intense until a half hour before he died.

Jaw Broken. Two daughters of Mr. and Mrs. J. S. Clark, of West Reynoldsville, Lona and Susie, aged 11 and 9 years respectively, met with a coasting accident near the West Reynoldsville school building Friday morning, and the elder received a very painful and peculiar injury. In company with several other students they were riding down hill on a pair of "bob-sleds," and passed through a wire fence by tying up the wires. In some manner the wires came down and the sled load struck the fence. Lona was caught on the mouth by wire and the front part of her upper jaw fractured in two places so that it dropped downward. One tooth was knocked out and another broken. It required the skill of two physicians and a dentist to secure the jaw in a position to mend, and the patient was unable to take nourishment for several days. Susie Clark was caught on the neck by a wire and thrown clear over the fence, badly bruising her face. The others on the sled escaped without injury. At the time the accident occurred Mr. Clark was still confined to his bed from effects of the accident he met while clearing away the wreck on the P. R. at Medix Run Feb. 16th.

More Street Car Talk. Early in January of this year E. A. Ferrin interested W. L. Mellon, of Mellon Bros., bankers of Pittsburgh, in the proposed trolley line connecting Reynoldsville with Rathmel, Soldier, Sykesville and Eleanor. Mr. Mellon placed the matter in the hands of his engineers with instructions to investigate and report. We understand that Mr. Ferrin received a telegram at Brookville yesterday calling him to Pittsburgh at once to meet Mr. Mellon, which seems to indicate that the Pittsburgh parties are giving the matter serious attention. Mr. Ferrin is in Pittsburgh now. True there has been considerable talk about a street railway in Reynoldsville, but these things are not done in a day and we believe that we will have a street car line yet.

Will Get Full Insurance. The school board will receive the full amount of insurance that was carried on the school building—\$23,000. The school board has not taken any action yet towards the rebuilding of the school house. Teams are at work hauling the rubbish and debris away from the school building.

Captured Two Wildcats. John McCowen and John Swyers, of Warsaw, captured a pair of wild cats in the wilds of Polk township one day last week. The animals had been seen prowling about at night and several people had been pretty badly scared by them. The young men above mentioned set two traps and were awarded by landing the two wildcats. One of them had been badly wounded in the trap and it was deemed best to shoot it. The other put up a desperate fight but was finally securely tied and taken to Warsaw. Both animals are full grown and fine specimens of the cat tribe.—Brookwayville Record.
