A Little of Everything. If your watch is out of order, I will tell you what to do: Take it down to C. F. Hoffman's: He will fix it up like new.

Easter Sunday April 7th. Good maple sugar weather. The robins have come again. Sunday was St. Patrick's day. Saturday was pay day on P. R. R. An indolent man is a dead loss to himself. A special meeting of town council was held last evening. The W. R. C. will hold a "conundrum tea" in Bell's hall March 29th. The West Reynoldsville auditors' report will be found in this issue of THE STAR. A petition will be presented to council to open Sixth street to Grant street. New paper adds to the appearance of the interior of Bohren's bakery and ice cream parlor. George Sheets had his left foot badly injured several days ago by a fall of coal in Soldier mine. The forty-horse-power gas engine for the new chop mill on Railroad street arrived Monday. The Sandy Valley school is closed on account of the illness of the teacher, Miss Netta D. Coax. "Uncle Tom's Cabin" will be played at the Reynolds opera house in the near future by home talent. The Helping Hand Society of the M. E. church is making preparations to hold an Easter bazaar. Miss Mamie Sutter entertained the Presbyterian Literary Society at her home in West Reynoldsville Monday evening. Monday afternoon the ladies of Clonigan club held a very pretty fancy work social at the home of Mrs. Jos. Hammond. Eloquent refreshments were served. Rev. G. Johannes has to supply the pulpit of the Lutheran church at Evans City, Pa., next Sunday. There will be no services at Reynoldsville Lutheran church. John L. Sliffer, a log scaler for P. McDonald, was struck on the left ankle Saturday with a cant hook and he now hobbles around with the assistance of crutches. Punxsutawney's new National bank opened its doors on Tuesday of last week. The News says: "The deposits for the first day's work amounted to over \$100,000."

The Baptist church is at this time making its annual offering for the Pennsylvania State Baptist Missionary Society. The Society supports 66 missionaries in this state. C. R. Hall and Henry Herpel, of this place, attended a meeting of the Knapp Commandry at Ridgway last Thursday evening, at which time Prof. R. B. Teitrick and several other Brookville gentlemen were initiated into the Commandry. Burglars cracked the safe in Ezra Mead's jewelry store at Big Run last Friday night and secured between \$700 and \$800 worth of watches and jewelry. The explosion aroused the citizens of the town, but the burglars escaped with their plunder.

Mrs. R. L. Taafé entertained a few of her friends with a six o'clock tea at her home on Jackson street Saturday afternoon. Mike, a sixteen-year-old Polander boy, had his left foot cut off at the Soldier coke ovens Monday forenoon by a coke car running over his ankle. Two thousand dollars were sold at the monthly meeting of the Reynoldsville Building and Loan Association Monday evening. The money was sold at a good premium. The ladies of the W. R. C. will hold a "conundrum tea" in Bell's hall on Friday, March 29th. Supper will be served from 5.00 to 8.00 p. m. Everybody is cordially invited to attend. A temperance meeting will be held in Salvation Army hall Monday evening, March 25th, at 8.00 o'clock. All are most cordially invited to attend. Good music will be furnished and addresses made. A cordial invitation is extended to the members and friends of the Baptist church to meet on Thursday eve at 7.30 to review the new hymn books which were presented to the church by the Sunday school. H. Eugene Phillips, of this place, who has been spending several months in Clarion, was in town over Sunday. He went to New Kensington Monday where he will play "Uncle Joel" with New Kensington talent. A special meeting of the stockholders of the Star Glass Co. was held Friday afternoon to consider a proposition sent to each stockholder to sell their stock. The plant is not for sale and the proposition was not accepted. Miss Caroline Belle Nichols, reader and monologist, will give an entertainment in the M. E. church Monday evening, April 8th, under the auspices of the high school for benefit of commencement and piano fund. A birthday party was given in honor of Miss Lillian Crissman, of Fourth street, last Friday evening. About twenty-two young people were present, among whom were Misses Nellie Shunk and Hattie Leshner, of DuBois. L. P. McCleery and wife, of Prescotville, were called to Blairsville Saturday to attend the funeral of Mrs. Frank Kinsle, sister of Mrs. McCleery, who died Friday afternoon. Consumption was the cause of Mrs. Kinsle's death. Mrs. Thomas Booth, who went to the home of her parents in Lewisburg last year after her husband died, has returned to Reynoldsville and bought the Beebe property on Grant street. She will occupy half the house and rent the other half. John H. Wagner, Mrs. S. V. Shick and Miss Kittle Shick were at Worthville last Thursday attending the funeral of Z. S. Shaffer, brother-in-law of Mr. Wagner and Mrs. Shick. Mr. Shaffer's death was caused by grip. He was 29 years old. The house of Charles Nelson, who resided near DuBois, was destroyed by fire at noon last Wednesday and fourteen-month-old baby, that was sleeping on second floor was burned to death. When the fire was discovered it was too late to rescue the baby. A little Italian girl had the end of index finger of right hand pinched off while at school at Prescotville Monday forenoon. The girl stuck her finger in the crack between door and jamb and some person slammed the door, cutting her finger off at first joint. "Hazel Kirk" was to have been played by home talent but on account of the inability of some of the players to take their parts at present, the play was postponed indefinitely. "Uncle Tom's Cabin" is now talked of by the same talent that was to have played "Hazel Kirk." Elmer Woodward, A. H. Haskins, Willis Hoon, Pearl Barto and Lester Woodward were in New Bethlehem yesterday attending the funeral of Charles McNutt. There is a social club here known as "I K's" of which young McNutt was a member. The "I K's" sent a triangle design of cut flowers for McNutt's casket. We understand that Noah Syphrit, one of Paradise's honest and industrious farmers, has sold, or is about to sell, his farm and will likely move to Knox township. He will be missed from Paradise Settlement because he has always been active and ever ready to help boost along anything that has been for the good of the community. Dr. A. H. Bowser and wife and Councilman David R. Cochran and wife were at Ford City Sunday attending the funeral of a nephew, Harry Bowser, 12-year-old son of S. A. Bowser, brother of Dr. Bowser. Typhoid fever was cause of the boy's death. Rev. Jacob Booth, of this place, grandfather of the deceased, was in Ford City when Harry died. L. P. McCleery and V. R. Holman, supervisors of Winslow township, went to Pittsburgh yesterday to consult with Supt. C. B. Price about the building of an iron bridge over the P. R. R. at the large cut near the Reynoldsville silk mill. From Pittsburgh the supervisors will go to Altoona to order the iron bridge from bridge company at that place.

Operated on at Adrian Hospital. O. Lysle Gourley, son of S. M. Gourley, of this place, went to the Adrian Hospital on Tuesday of last week to receive treatment for rheumatism and rupture. The doctors found it necessary to operate on him for the rupture and the operation was performed Friday. It was very successful. Mrs. Gourley was at the hospital when the operation was performed on her son. She returned home Monday. New Superintendent. David Lindsay, who was superintendent of the Enterprise Silk Co. mill at this place ten months, has returned to Paterson, N. J., and John H. Dawson, of Paterson, N. J., is now superintendent of the Reynoldsville mill. Mr. and Mrs. Lindsay and son, Boyd, left here Monday morning. During their stay in Reynoldsville they made many friends who were sorry to see them leave. We found Mr. Lindsay to be a genial gentleman. Retiring Supt. Given a Present. A goodly number of the Enterprise silk mill employes surprised Mr. David Lindsay, their retiring superintendent, at the home of John Storms last Saturday evening by presenting him with a beautiful large oak cigar case, with silver trimmings, filled with two boxes of choice cigars, also a handsome toilet set. The presentation speech was made by Miss Daisy Hassy. Mr. Lindsay was taken quite by surprise, but thanked them in a few fitting words. Another Cigarette Victim. A young man nineteen years old was buried at New Bethlehem this week whose death was caused from smoking cigarettes. We mention this as another warning to the boys and young men of our town who smoke cigarettes. If the cigarette does not cause insanity or an untimely death, it does stunt the mental and physical powers and the victim never reaches the high position in life that he might have attained if he had not become an inveterate cigarette smoker. Individual Communion Cups. The individual cups were used at the communion service in the Presbyterian church at this place Sunday. The cups were borrowed from the Beechwoods Presbyterian church. It is the intention of the Reynoldsville Presbyterian congregation to buy a set of communion cups and they have been trying several kinds to see what they would like best. Every church should use the individual cups, and we believe the time is not far distant when they will be used by all the churches. This is not an indication that the churches that use the individual cups are getting high toned, but it does mean that the people are awaking to the fact that the old way is a means for spreading diseases. Assembly Hall. One of the important things for the school board to consider in the re-building of our public school edifice is Assembly hall. There should be no delay in furnishing and fixing up the hall as soon as the building is completed. Experience has taught that Assembly hall should be made larger than it was before and that there should be raised seats put in the hall. This could be done at small expense and it would be a great improvement over the old Assembly hall. There is no doubt, however, but that the school board will give this part of the school building as much and as prompt attention as any other part of the building, but if it has not already been considered it should be considered before the architect draws plans for the building. Met a Horrible Death. Charles Smith, of Smicksburg, Indiana county, Pa., met with a horrible death on Wesson & Irving's portable saw mill on the Coleman tract near Summerville last Wednesday. The mill is run with a centre stroke engine and Smith accidentally fell into engine and was caught feet first and before the engine could be stopped his body was torn and ground to pieces up to the breast, but his head and shoulders were not even scratched. The engine drew his body in like a meat chopper. The body was gathered up in pieces and placed in a box. Smith was about 30 years old. He leaves a wife and one child. John R. Keys, of Emerickville, a sawyer and filer on the mill, was a witness to the awful fate that befell Smith, and it was from Mr. Keys we got the particulars of the case. Need a Dog Ordinance. Since the mad dog scare in town there has been considerable talk about dogs being allowed to run at large in this borough, and some people are of the opinion that the burgess should order all the dogs to be muzzled or shut up. There is no ordinance on the municipal statute book prohibiting dogs from running at large. The general borough law of April 3, 1851, confers power upon the corporate authorities to prohibit and regulate the running at large of animals, including dogs, and to authorize and direct the killing of dogs running at large, confer legislative or discretionary power; and neither the corporate officers or the borough are liable for a failure to exercise this power, nor for failing to enact borough ordinances prohibiting dogs from running at large. There should be a dog ordinance passed.

Special Election Sustained. Falls Creek was incorporated into a borough on the 18th day of August, 1900, and on the 15th of the following month, September, was the time set by the court for holding a special election, at which time the officers of the new municipality were elected. At the February election this year an entire new board of councilmen were elected. It was claimed that the court had no power or authority for fixing the special election held in September, and that the election so held was illegal and void. The councilmen elected at special election would not vacate their seats in the council chambers, claiming that the election was legal. This meant trouble unless it was settled and finally the case was taken before Judge Reed last week. The judge decided that the special election was valid and legal, and that the persons voted for and elected at that time were regularly and legally elected. Gave School Board \$100 Check. One of the complaints of the employes of Enterprise Silk Company during the recent trouble was the fine imposed on them for spoiling work. The company claimed that this was only done as a disciplinary method to make the employes be more careful in doing their work, and that the company did not fine them as a money making scheme, for the amount spoiled was far in excess of the fines imposed, and to show to the public that they were in good faith in the statement that the fine was only for discipline, the Enterprise Silk Company offered to pay the amount received from fines to the public school fund or any charitable institution. Last week the company gave the Reynoldsville school board a check for \$100.00. Degree Team Visited DuBois. Twenty-four members of Mountain Cliff Castle, K. G. E., of this place, including the degree team, drove to DuBois Thursday evening and attended the regular session of Mountain Queen lodge. The Reynoldsville degree team conferred the second degree on a number of candidates. One of the DuBois papers says: "After the session a banquet was given by the home lodge, in honor of the visitors, where fraternal fellowship ran high for more than an hour before adieu was exchanged. It is likely the visit of the Reynoldsville Eagles will be returned by an equal number from Mountain Queen Castle some night when the driving is good." Attracted a Large Crowd. "Joe the Turk" was the attraction at Salvation Army hall last Thursday and Friday nights, and he was a good drawing card; the hall was not large enough to accommodate all the people who wanted to hear Joe Thursday evening. Arrayed in the oriental splendor of his country Joe marched at the head of the Salvation Army parade blowing a cornet, which he handled with skill. He is a large, fine-looking specimen of his race and he certainly made quite a gorgeous appearance on the street and in the hall. Joe gave the people his experience of trials and tribulations in trying to live a christian life in his own country. At the Baptist Church. The Ladies' Aid Society of the Baptist church will give a public entertainment on the evening of the 29th of March. The exercises will open at 7.30 and will consist of readings, recitations, hymns, sacred songs, etc. The president of the Ladies' Aid requests that the dime books be filled and returned on that evening; also, that the ladies who have pledged a dollar will please respond. A cordial invitation is extended to the public. Fraternal Visit. Sixteen members of Washington Camp No. 269, P. O. S. of A., of DuBois, visited Washington Camp No. 268 of this place last Thursday evening. The Arabian Degree Klan was conferred on a number of members. Lunch was served in the hall after the regular session of lodge was held. Several patriotic speeches were made during the evening. Mine Accidents. James Mitchell, of Rathmel, and H. C. Elder, of Prescotville, were injured in Soldier Run mine Monday forenoon by fall of roof. Both men were injured on the back and it will likely be some time before they will be able to work again. A Polander was injured in Big Soldier mine yesterday by fall of rock. The rock fell on his back, injuring him internally. Adjutant and Mrs. Irvings, of Buffalo, N. Y., conducted special meetings in Salvation Army hall Monday and Tuesday evenings of this week. Mrs. Irvings is a sweet singer. Have your watch repaired at C. F. Hoffman's. It will be done right. If you want new and up-to-date shoes call at Robinson's. Consult Dr. Holt about glasses. Hotel Imperial March 25th. A large assortment of the celebrated Knox hats at Millirens. The most for the money is always found in our line of children's shoes. Robinson's.

School Building Notes. Dr. J. B. Neale, Dr. J. C. King, Dr. J. W. Foust and George Mellinger, members of the school board, were in Pittsburgh this week looking at several heating systems. The Smead system, which was used in the other building, will not be put in the new building. The directors have not decided yet whether they will let the building by contract or hire a responsible man to oversee the work and build it by day labor. If a contract is not given home laborers will get all the work to do. It will not be known until the workmen get at it just how much of the walls of the school house will have to be torn down. The architect seems to think the walls will be safe up to the second story. They will be carefully examined by an expert. The new heating and ventilating system will not require the four large stacks, and the removal of one or two of these will give more room in the building. If the old plan is used, which will likely be the case. Footwalk Needs Repairing. There is considerable complaint about the bad condition of the footwalk between Jackson street and silk mill and we have been requested to mention this fact in THE STAR. It is true that the walk is in a dangerous condition, but to whom the duty belongs to keep this walk repaired is a question. The money was raised by subscription to build the walk in the first place for the accommodation of the silk mill workers. The portion of the walk in the borough limits might be looked after by town council, but the largest part of the walk complained of is in Winslow township and there is no provision in the township for sidewalks. The glass plant employes who work at night are the ones who run the greatest risk of being injured on this walk. A subscription among those most benefited would be a very good way to get the sidewalk repaired. Cross Dog Loose. There is a large white dog, with red spots on its breast that look like blood spots, running the streets of this town that is very cross and it should either be muzzled or killed. Saturday this dog attacked a man on Main street and tore his coat, but did not succeed in biting him. Sunday morning, when Dr. A. H. Bowser and wife were going to P. R. R. station to catch an early train, the dog stopped Mrs. Bowser—who was some distance ahead of her husband—near Hotel Belpap. The dog began growling before Mrs. Bowser got within 30 feet of it, which frightened Mrs. Bowser and she stopped. The dog started to walk towards her, growling and showing its teeth, but doctor soon came up to his wife and with a club he drove the dog away. Brookville Wants a Silk Mill. At a meeting of the Brookville board of trade Tuesday evening, A. D. Deemer, N. L. Strong and Porter S. Brown were appointed a committee to go to Reynoldsville Wednesday to confer with a representative of the Enterprise silk mill company of New York, relative to the location of a silk mill in Brookville. It was stated that this company had a definite proposition to make.—Brookville Democrat. The committee was here on time. Died at Rathmel. Patrick Welsh, an old gentleman who had resided in Rathmel about nine years, died Monday and will be buried in the Catholic cemetery this forenoon. Funeral services will be held in the Catholic church, conducted by Father Driscoll. The deceased was born in Ireland. His death was caused by asthma. Miss Dunning is a popular and clever young elocutionist. Her voice is under splendid control and her selections show extreme good taste and a wide range of versatility. Miss Dunning is one of the best in the country.—Cincinnati Enquirer. At Bell's hall this evening under the auspices of the K. of P. Admission 25 cents, which includes an oyster supper. Use Jap-a-Lac, the new wood finish, in all colors, makes old floors, front doors, wood work, oil cloth, linoleum and furniture look like new. Sold only by Keystone Hardware Co. Cheap for Cash—M. M.
