Doctor of Philosophy.

Rev. Harry G. Teagarden, a Cumberland Presbyterian minister who preaches at Ellennora, Anita and several other places, has received a diploma from the Waynesburg College conferring on him the degree of Doctor of Philosophy. Dr. Teagarden is an able minister and a hard worker. We are surprised that a man of his ability has not been called to some city church. It is a sure thing that there are men occupying pulpits in city churches at large salaries that are not able to preach as fine sermons as Dr. Teagarden preaches to his country congregations every Sunday. We don't mention this because we think a country congregation is not entitled to hear good sermons preached nor that they can not appreciate a good sermon, but a large salary and a fine church to preach in is a big inducement for ministers to seek such appointments. Ministers are only human, and some of them extremely so. Dr. Teagarden is beloved by his various congregations, and so far as we know he is perfectly contented and happy, and no doubt enjoys life much better among the loving and kind hearted people of the country than he would in some city church where he is likely to find more style than religion.

Excursion to Pittsburg.

The first spring time excursion to Pittsburg will be run over the Buffalo, Rochester & Pittsburg Ry on Sunday, April 14th. A pleasant trip at this season of the year could not be planned and the opportunity of visiting the grand floral display at Phipps Conservatory, which is now at its best, should not be missed. A special train will leave Falls Creek at 7:25 a. m. and will arrive at Allegheny at 11:30 a. m. Returning train will leave Allegheny (P. & W. Station) at 6:00 p. m. Fare from Falls Creek \$1.50 for the round trip. For further information see excursion bills or consult the nearest agent of the company.

Positively guaranteed for coughs, colds and all throat and lung troubles by H. Alex Stoke. Price 50c.

Letter to W. B. Alexander,
Reynoldsville, Pa.

Dear Sir: Mr. M. H. Stephenson, cashier of Oil City (Pa.) Savings Bank, writes: "Nine years ago I painted my house with your paint. It wore so well, I want to use it again."

That's nothing wonderful except for the fact that the soft coal region of Pennsylvania is pretty hard on paint with its oil, smoke and grime. All we see in it is that Devoc is good for nine years sometimes. There are thousands of people that know it and millions that don't.

There's the rub! We print for the millions; we want to make paint for the millions. Mr. Cashier, do you know that Devoc lead and zinc is worth twice as much as old-fashioned painters' paint, lead and oil, and costs no more? Is 100 per cent a fair profit in your business?

Three quarters of the people paint lead and oil mixed by hand; while the U. S. Government use lead, zinc and oil ground together by machinery—same proportions as Devoc lead and zinc. The majority never is right about anything.

Yours truly,

F. W. DEVOC & Co.
P. S.—H. Alex Stoke sells our paint in your section.
