ture authorizing and empowering the owners and lessees of real estate within this Commonwealth to kill have or rabbits upon their own premises at all seasons of the year. The farmers of this ection suffer considerable loss by rabbits, which are very destructive quadrupeds, and they will be glad if the legislature passes the above bill, giving them the privilege of killing the pesky rabbits at any time.

A visitor recently returned from Brazil, says that the whole country is perpetually intoxicated by coffee. It is brought to the bedside the moment one awakes, and just before he drops asleep, at meals and between meals, on going out and coming in. Men, women and children drink it with the same liberality, and it is fed to bables in arms. The effect is apparent in trembling hands,

twitching eyelids, yellow, dry skin and a chronic excitability worse than that produced by whiskey.

We suppose the supervisors of Jeffer on county have not forgotten the law that went into effect in May of last year, which provides that township 30 supervisors shall, annually, on the first Monday of April, enter into a contract with one or more taxpayers to remove and take away the loose stones from the main traveling highways in each township, at least once each month, during the months of April, May, June, July,

August, September and October of each year; also that the compensation to be made to persons employed as above indicted shall be credited to the road tax assessed against them.

#### Notice.

To whom it may concern: All persons are hereby notified and requested not to place or pile mine props and other materials on the pub-lic road near the West Winslow election house and elsewhere on the public roads, to the danger of the travelling public. Those persons having placed these or other obstructions on the roads are redelay. V. R. HOLMAN, ¿Supervisors L. P. MCCLEERY, Winslow Twp.

Letter to Solomon and Shaffer, Reynoldsville, Pa.

Dear Sir : What is lumber worth? "Depends on the lumber," you saywhat sort do you want?" That's how some people talk about paint. They ask : "What'll you paint

my house for?" The Yankee answer is : "How do you want it painted? One coat? two coats? three coats? first-class or cheap?"

The proper answer is : "I want the pest paint put on as it ought to be." That's Devoe; but the usual answer s: "I want a good job; but I want it cheap." Which means : "I want you to paint it for nothing. I want to be fooled."

Lead and oil is the costlicst paint there is: it used to be best. Devoe is best, since zine came in: Devoe lead and zine. Zine toughens the lead and doubles

its wear. Zinc costs no more than lead; and we grind by machinery.

We have no patent on zine; but nobody else is treating it right. Devoe is your paint.

Yours truly, F. W. DEVOE & Co. P. S.-H. Alex Stoke sells our paint
