A Little of Everything.

There was a hail storm Sunday. There was a frost Monday morning. Street fakirs and picture peddlers are numerous. The road scraper should be used on the paved portion of Main street. Rev. F. H. Frampton, pastor M. E. church at Sabula, was in town a few hours yesterday. J. S. and Henry Hunter, of Winslow, Pa., visited their sister, Mrs. J. R. Milliron, in this place the past week. The Helping Hand Society of the M. E. church will serve ice cream, cake, sandwiches, etc., July 4th. R. L. Brown, of Falls Creek, and Thomas Malcolm, of Mt. Jewett, moved to Reynoldsville last week. The Utopia Society held a social at the residence of Samuel T. Dougherty, on Main street, Monday evening. Mrs. F. H. Beck will serve tea to the ladies of the Foreign Missionary Society of the M. E. church Friday evening. Wm. Hoare, who was working in the mines near Glen Campbell, has moved to Anita, Pa. Mr. Hoare was in town over Sunday. Charles Hirst accompanied his father, J. C. Hirst, to Huntington, Ark., last week where Charles expects to spend the summer. John Laverick, of Prescottville, who is a track layer in Big Soldier mine, had his head badly cut while at work last Wednesday. There was a horse doctor in town last week trying to organize a school here, but he failed to get enough men interested to get up his class. Men and teams are at work excavating for Millirens new brick block to be erected on Main street. The work will be pushed along as rapidly as possible. Paul J. Brown, a well known commercial man who makes weekly trips to this town, made his first trip here last week after a three months' tussle with typhoid fever. Communion services will be held in the Presbyterian church next Sunday morning. The individual cups will be used. Preparatory services in the church Friday evening. A special offering for the Home Missionary Society will be taken Sunday morning.

Frank J. Black, A. T. Bing and the editor of THE STAR are in Buffalo, N. Y., this week taking in the Pan-American. The handkerchief bazaar held in the opera house block last Thursday by the Ladies' Aid Society of the Baptist church, was a success. The annual vacation of the court and Jefferson County Bar Association begins June 24th. Judge Reed will hold motion court that day, and that will be the last session of court until August. D. J. Thomas, register in East Winslow township, has completed his work and made his report, which is as follows: Voters 757, children of school age 1,395, births during six months 133, deaths 39. Children's Day will be observed in the M. E. church next Sunday. A special program will be rendered morning and evening. The junior members of the Sunday school take part in the morning exercises and the older members in the evening. J. W. Myers, scaler for P. McDonald in the Rathmel camp, who had his right leg badly injured four weeks ago by tripping as he was about to step off a moving engine, was able to return to work Monday. Mr. Myers spent the idle time with his family at Lock Haven. The Baptist church at DuBois will be re-opened next Sunday. Rev. Joseph Bennett, of Philadelphia, president of the B. Y. P. U. of Pa., will preach the re-opening sermon Sunday morning and Rev. A. J. Meek, Ph. D., pastor of Reynoldsville Baptist church, will preach in the evening. Ex-County Treasurer John Waite, who graduated from the Danville (Ky.) Theological Seminary May 2nd, and has been visiting in Missouri since that time, returned to the home of his parents, Mr. and Mrs. Robert Waite, near this place, yesterday. His wife has been here for several weeks. Miss Clara Carrier, of Summerville, who taught school in West Reynoldsville last winter, visited in West Reynoldsville last week. Miss Carrier came up to attend the C. L. S. C. picnic, which was to have been held Thursday, but was postponed, on account of rain, until June 11th. County Treasurer Gil C. Reitz started last week on his round of the county for the purpose of collecting state and county taxes. He will be in Washington township next Monday June 10, in Winslow township June 18, Reynoldsville June 19, West Reynoldsville June 20. See "notice to taxpayers" elsewhere in this issue. THE STAR said last week that Joseph Williams would move his barber shop in with Jarvis Williams and James Delaney, in basement of Hotel Imperial. The change was made Monday. James E. Mitchell has rented the room formerly occupied by Joseph Williams' barber shop and will occupy it with his tailorshop. A temperance rally under the auspices of the temperance union at this place was held in the Salvation Army hall last evening. A prominent feature of the evening was the singing of a large chorus of voices, composed of members of the various church choirs. Singing and responsive reading made up the program. A good sized audience was present. Clarence H. Reynolds, of this place, who was in New York City last month taking the examination before the New York State Board for registered pharmacists, passed the examination and has received a certificate. Having received a certificate from the Pennsylvania State Board as a registered pharmacist two years ago, he can now practice in this state. A. C. Fish, an experienced horticulturist, who has rented George Melling's farm in the suburbs of West Reynoldsville, set out 7,500 strawberry plants last week. Mr. Fish has over 1,000 tomato plants and a large amount of other garden-stuff out. A garden farm is something our town has been in need of for years, and there is no doubt Mr. Fish will find a good market here for his garden stuff. The attraction in one of Shick & Wagner's display windows Decoration day was unique and appropriate. It was so real that some people shuddered when they stopped to take a good look at it. There was a soldier with a parchment in one hand representing Lee's surrender. There was a grave and a woman dressed in black strewing flowers over the grave. A large monument appeared in the background on which was inscribed a memorial for the heroic dead. At the annual meeting of the Jefferson County Sunday School Association held in Punxsutawney recently, the following officers were elected for the ensuing year: President, M. H. Smith of Grove Summit; vice president, J. L. Allison of Punxsutawney; secretary, W. B. Cowan of Brookville; treasurer, T. R. Galbraith of Brookville; primary superintendent, Mrs. C. H. Winslow of Punxsutawney; home department superintendent, Rev. J. N. Hanes, of Knoxville; superintendent of normal department, C. C. Benecoter of Brookville.

Right Thigh Broken. Basil Lorenz, young son of Charles Lorenz of Jackson street, had his right thigh broken Saturday afternoon while trying to get on a moving wagon. Home From Hospital. S. A. Pierce, twenty-one-year-old son of A. J. Pierce of Pleasant Avenue, who was taken to Adrian hospital about a month ago to undergo an operation for rupture, was able to return home last week. The operation was a success. Twenty-one Mules Burned. About 10:30 Sunday night the mule barn at the Maplewood mine, near Rathmel, was discovered to be on fire, but the discovery was too late to save barn or contents. Twenty-one mules were cremated and two hundred bushels of oats and five ton of hay was burned. The origin of the fire is unknown. There had not been any person in the barn after five o'clock Sunday evening. An Unsafe Bridge Delayed Trains. Two broken stringers under the middle span of the Pennsylvania railroad bridge at Heathville Monday night made it unsafe to run an engine over bridge, and consequently the train due here at 9:50 p. m. did not arrive here until midnight. The coaches were pushed over the bridge and the Brookville accommodation engine, which had been run down to Heathville, hauled the train through to DuBois. Trains were also delayed yesterday. Corner Stone Laid. The corner stone of the new Catholic church at Falls Creek was laid Thursday afternoon. A large crowd witnessed the corner stone laying. The service was conducted by Bishop Fitzmaurice, of Erie. He was assisted by Fathers McGivney and Driscoll, of DuBois, Weinker of Lindsey, Lynch of Brookwayville, Desmond of Osceola, Brady and Donahue of this place. Father Desmond delivered an interesting discourse at the close of the corner stone laying. The new church will be built of stone and brick. The basement will be used for school purposes. He Wasn't Drowned. Jim and Dick, two woodsmen who work in P. McDonald's camp near Rathmel, meandered into Rathmel on Decoration day, filled up on "tanglefoot" and then started for camp. They had to cross the run—which was also full at that time—before they reached camp and after getting over the stream Jim missed Dick and thought he had fallen into the run and was drowned. He went back to the run and waded down stream a half mile looking for the body of Dick, but failed to find the body. He ran into camp as fast as his wobbly legs would carry him and announced that Dick was drowned. A searching party found Dick sleeping under a tree on top of the hill. Farmers' Institutes. The County Board of Farmers' Institute Managers will meet at the County Commissioners' office on Monday 17th of June, to arrange for the place where institutes are to be held this season. All of our people who desire institutes ought to attend this meeting and present their claims. This Board is composed of the local members of the State Board of Agriculture and one representative from each County Agricultural Society, the Pomona Grange and County Alliance. If you find you cannot attend this meeting, address a letter with your request to Chairman of Board of Institute Managers, care of County Commissioners. Home Wedding. A very pretty home wedding took place at the residence of Israel Klepfer, on Jackson street, Reynoldsville, on Wednesday evening, May 29th, when Miss Blanche D. Klepfer was married to Joseph L. Cable. Only a few of the most intimate friends were present. The ceremony was performed by Rev. P. A. Reno, as the couple stood under an arch of evergreens and flowers. The best man was James Cable, brother of the groom, and the bridesmaid was Miss Edith Klepfer, a sister of the bride. Another sister, Mrs. James Hughes, played the wedding march. After the ceremony everybody partook of the bountiful refreshments. Mr. and Mrs. Cable went to housekeeping on Thursday in rooms in Foster brick block on Main street. A Treat for Temperance People. Prof. Burton L. Rockwood, who is called "the silver-tongued orator of the 'Hoosier State,'" and Prof. J. Will Peterson, a gospel singer, who are traveling through the country holding meetings under the auspices of Grand Division of Sons of Temperance of Pennsylvania, held a meeting in the M. E. church Sunday afternoon. The attendance was small, but the meeting was intensely interesting. Prof. Rockwood's subject was, "Is the boy Absalom safe?" He is certainly an eloquent and pathetic speaker. He moved his hearers to tears several times during the discourse. Prof. Peterson is a good singer. They are both young men. They will hold another meeting in the M. E. church on Friday evening of this week. The meeting is denominational and everybody is invited to attend.

Highway Robbery at Falls Creek. A traveling man was held up and robbed at Falls Creek Monday night on his way from the passenger station to Hotel Evergreen. The P. R. R. train, due here at 9:50 p. m., was two hours late, and the traveling man was going to hotel to stay all night when the highwayman attacked him and handled him very roughly. They stole his money and watch. Charles J. Bangert, editor of the Herald, Selu Mohney and another Herald typo, who sleep at Bangert's, over Herald office, heard the man's cry for help and ran out in their night robes, but only in time to shoot at the robbers as they were running away. Ye editor, who was on his way to Buffalo that night and stopped off at Falls Creek to wait for B. R. & P. flyer, was talking to the traveling man just before he started for the hotel, and came very nearly going to the hotel with him. First Game of Season. Without fifteen minutes practice this season the Reynoldsville base ball club went to Clarion Decoration day and walked the Clarion club, score 13-3. If our club would practice as they should there is not a home club in this section that can defeat them on the diamond. We mean a strictly home team, not one stuffed with hired players from other towns. Reynoldsville has good ball players and with the necessary practice can give some of the salaried teams a hard tussle. Following is the line-up at Clarion Decoration day: Edward Kime 3rd base, Charles Wensel right field, Dick Riley catcher, Joe Williams 2nd base, John Nolan short stop, Jarvis Williams 1st base, Frank Bohren center field, John Doubles left field, John Burge pitcher. It was not a hot day, but Burge made the Clarion boys "fan" often. Decoration Day in Beechwoods. Notwithstanding the muddy roads and unfavorable weather, the patriotic people of Beechwoods did not neglect to honor their heroic dead by strewing flowers on their graves on Decoration day. It is estimated that at least one thousand people attended the memorial exercises in Beechwoods Thursday. Had the roads been good and the weather favorable there would have been an attendance this year that would have surpassed the attendance in any of the by-gone years. Each year the Memorial exercises in Beechwoods become more interesting. Thomas H. Murray, E-q., of Clearfield, was the prominent speaker for this occasion. He delighted his hearers. The Washington Township Memorial Association always have charge of the Decoration day exercises in Beechwoods. Crowd Quickly Dispersed. Last Wednesday J. Deemer & Son moved their steam riding gallery, or merry-go-round, to this place and set it up on the vacant lot near the opera house. By Thursday afternoon the thing was in operation and nickles rolled into their hands rapidly. About eight o'clock that evening, while the merry-go-round was spinning around with a load and a crowd of anxious lads and lassies, and some older grown, were waiting their turn, one of the fuses of the engine burst and in a jiffy the crowd was tumbling over each other trying to get off the lot. The escaping steam was enough to frighten an older crowd. A new fuse was put in Friday and the engine was in operation Friday evening. Claims Paid. SCHOOL BOARD RE-ORGANIZED. Prof. G. W. Lenkerd Re-Elected Principal—J. S. Hammond, President, and W. H. Bell, Secretary, for the Coming Year. On Monday evening the board of school directors held their meeting for the closing up of the business of the old year and for re-organization. After hearing financial reports and acting on collector's exonerations the board adjourned sine die. The new members, J. S. Hammond and W. H. Bell, who were elected to succeed themselves last February, then took the oath of office and the board proceeded to organize for the new year. J. S. Hammond was re-elected president and W. H. Bell re-elected secretary. The election of principal was then taken up. Prof. G. W. Lenkerd was re-elected to that position. This is Prof. Lenkerd's sixth year and was a deserved compliment to his efficiency. During his administration our schools have taken a high rank among the schools of the state and our graduates are admitted to many colleges without examination, simply on certificate from our high school. Decoration Day. On account of muddy streets, inclement weather and a "hitch" among the old veterans about where the memorial services should be held, made Decoration day unusually quiet in Reynoldsville. The Grand Army men have always held their memorial exercises in Beulah cemetery, but this year it was changed to the Reynoldsville cemetery and some of the old veterans were displeased and would not march to the new place, consequently the usual parade was conspicuous by its absence. A few Grand Army men marched to the Reynoldsville cemetery and carried out the Memorial services, while other old veterans went to Beulah to decorate the graves of old soldiers. There are eighteen soldiers buried in Beulah and two buried in the Reynoldsville cemetery, and this is one reason why some of the old veterans objected to changing the place of holding the regular memorial day exercises. All the stores, with one or two exceptions, closed at 6:00 p. m. Decoration day. Found Oil. Ridgway is excited over the fact that a good oil well has been struck by the Ridgway Light and Heat Co. within three miles of the town. Owners of land in the belt are looking over the map with eager anticipations of the fortune that may be theirs in the near future. The well is down just 2077 feet, and is just outside the belt where gas has been found. Oil has been found in small quantities in the vicinity of this well, and the company had hopes of striking oil when they started the well. The well was shot at about ten o'clock Wednesday and filled up with eighty feet of oil in a little over an hour. The next morning there was 300 feet of oil in the well. It is thought that the well will be good for at least ten barrels a day and the owners are much elated over their good luck.—Ridgway Advocate. Scholarship Contestants. Strauss, of this place, who will graduate in a few days from the Capitol School of Music at Columbus, Ohio, as a piano tuner and fixer, will return to his home and begin that kind of work. He requests those having pianos to tune or fix to wait and give him a trial. Albert Stern, of New York City, president of the Enterprise Silk Co., that is operating in this place, was in town last week. Henry Priestor, member of Priestor Bros., furniture dealers and undertakers, was in Kittanning and Pittsburgh the past week. Robert J. Thomas, the barber, was over in Clearfield county trout fishing last week. H. F. Lavo, a bricklayer, moved from Williamsport to this place last week. Mr. Lavo moved into one of Dr. A. H. School Directors' Convention. Following is the program for the Jefferson County School Directors' convention to be held in the Presbyterian church of Falls Creek at 10 a. m. on Tuesday, June 11: Devotional exercises conducted by Rev. C. H. Frampton; report of state convention, S. T. North. Purchase and care of books and supplies; paper by W. C. Smith, and discussion by Dr. J. B. Neale, P. A. Hardman, Robert Humphreys, N. S. Haugh. The relation of the school board to public sentiment, (a) in leading it, (b) in being led by it; paper by George R. Adam and discussion by W. A. London, Dr. J. C. Cochran, George C. Bowser, J. Breakley, O. H. Broadhead. Township high schools, and the centralizing and grading of rural schools; paper by Geo. W. Porter, and discussion by M. H. Carrier, Geo. B. Shannon, A. J. Elder, J. J. Lukehart. Address on importance of school work by Judge Reed. Put Them on Side Streets. If the honorable mayor of this municipality wants to issue licenses to street fakirs to sell their goods on our streets, he has authority to do so, but they should not be allowed to sell on Main street, unless the mayor appoints a special policeman to keep the crowd off the sidewalks so that ladies can pass by without being compelled to work their way through the crowd or cross the street to get up and down Main street. Our side streets are too good for many of these fakirs. Several weeks ago a spoon fakir was profane while selling his goods and should have been arrested for his profanity. Last Thursday evening there were obscene remarks made while a street fakir was trying to hypnotize a fellow. These things ought not to be allowed on any of our streets. It is probable that the mayor doesn't know that the fakirs are the means of blockading the sidewalks to the great annoyance of pedestrians. Send them on the side streets, your honor, if they must be granted license. Saved by Two Boys. The express train that leaves Pittsburgh at 5:05 p. m. and arrives here at 9:50 p. m. would have plunged into the river about a mile above Mahoning Sunday evening had it not been that two boys happened to be walking along the track a few minutes before the express was due and found one rail twisted out of place. The boys ran down the track and flagged the train with their caps and saved the lives of the passengers. The train was a few minutes late and was running about a mile a minute, the broken, or twisted rail, was on a curve and the engineer could not have discovered it in time to have prevented an awful catastrophe. The mountain is high at this point and the heavy storm Sunday afternoon had loosened a large rock which had rolled down the mountain, struck one rail, twisted it out of shape, and bounded over into the river. A new rail had to be put down before the train could proceed on its northward trip. Dr. J. B. Neale was on the train and he had not gotten over the scare Monday evening. Oil City Fuel Supply Company.
