The ladies of the Village Improvement Association have had barrels placed in various quarters for the reception of papers, etc., which might otherwise be thrown into the streets. Use them for that purpose, the barrels in front of fruit stands are for orange and banana peels, and not for garbage in general. —Punxsutawney Spirit. Placing the barrels and stating what they are to be used for is easy, but to get people to "use them for that purpose" is different. At least that was the experience of the ladies of our Village Improvement Association.

After this week it will not be necessary to put revenue stamps on telegrams, checks, drafts, postage money orders, promissory notes, mortgages, leases, power of attorney, protests, warehouse receipts, express receipts, insurance policies, proprietary medicines, perfumery and cosmetics.

From July 5th to September 1st all the dry goods, clothing and shoe stores in Brookville will close at six o'clock every evening of the week except Monday and Saturday evenings.

Lowery Bros. Show Coming.

Lowery Bros. new olympia shows will exhibit under canvas at Reynoldsville two days, Saturday, June 29, and Monday, July 1. The show is said to be one of the best organizations of the kind on the road this season and is highly endorsed by both press and public. One of the leading papers in a New York town where the show started this season says: "The Lowery Brothers gave a better and more extended show this season than they have ever given since they started in the business, and several new attractions were added today. In the Barkers they have aerial performers who accomplish remarkable feats; and the Grant Bros. do an acrobatic act that wins hearty commendation. Prof. Harry Lewis and his troupe of educated dogs are also a feature that makes a hit with the audience. John D. Jenkins and Charles O'Brien, the funny clowns, keep up a stream of amusement for both the old and young, and there are many other numbers on the program that make up a most pleasing and interesting show. The Lowery Bros. will make a big hit on the road this season, for their company embraces the best performers in their respective lines."

Admission 10 and 20 cents. See display "ad."

There will be a balloon ascension and parachute descent by Prof. McDade on show grounds each day.

More Electric Roads.

Zelke Kobb, of Snyder township, Jefferson county, was in town to-day. He stated that a trolley project was on foot to connect Rockdale Mills with Warsaw township and Panoast with the Horn settlement.—DuBois Express.

Why not extend the line from Horn-town to Deemer's Cross Roads?

"The best doctors couldn't heal the running sore that followed, but Bucklen's Arnica Salve entirely cured her." Infallible for Cuts, Corns, Sores, Bolls, Bruises, Skin Diseases and Piles. 25c at H. Alex Stoke's drug store.

New Stage Route.

Anthony Hemphill, of the firm of Hemphill Bros., Irvyemen, of this place, has received the contract for carrying the mails to and from Brookville and Brookwayville. He takes charge of the route on July 1st, and beginning the same date he will run a stage and transfer line every week day between the two above named places. The time of the stage line is scheduled as follows: Will leave Brookwayville at 6:00 a. m., arriving in Brookville at 11:00 a. m. Returning will leave Brookville at 1:30 p. m., arriving in Brookwayville at 6:00 p. m.—Brookwayville Record.

Will Extend the Street Railway.

Engineers are at work surveying a line from Anita to Eleanora for the extension of a trolley line to the latter place. The distance is about four miles. A trolley line to Eleanora would be a very convenient thing for the people, and would no doubt prove a paying investment for the company. Its construction is regarded as a sure thing. After the line reaches Eleanora it will very likely be extended to Reynoldsville by way of Big Soldier and Sykesville.—Punxsutawney Spirit.
