## White Man Turned Yellow.

Great consternation was felt by the friends of M. A. Hogarty, of Lexington, Ky., when they saw he was turning yellow. His skin slowly changed color, also his eyes, he suffered terribly. His malady was Yellow Jaundice. He was treated by the best doctors, but without 1901 benefit. Then he was advised to try Electric Bitters, the wonderful stomach remedy, and he writes: " After taking two bottles I was wholly cured." A trial proves its matchless merit for all gies, harness and everything in horse furnishing line, also trunks and tele Only 50c. Sold by H. Alex Stoke, Drug-

#### Remaldsville, Pa. Dear Sir: Ira Gould, a painter in Colebrook, N. H., bought of our agent there, Wesley Wentworth, 4 gallons of mint, thinned it down with two gallons

of oil, and gave his house one cont. Every painter in town declared he had painted two coats. "That's all the far the story goes," as L'mele Remus says. We don't know whether it made a good job or not; but the painter thought it did. We should

call it priming. Maybe the house didn't need painting. A priming coat is enough if you put it on often enough. But if Ira Gloud had set out to do us a favor, he couldn't have done much better. One priming coat of Devoe is enough to make painters say, "He's been painting two conta; and wants us to think he has done it with one, and that half oll! No thank you. We dont know Mr.Gould but we know

Mr. Wentworth. Guean the story is atraight. Yours truly. F. W. DEVOE & Co.

Letter to Jerry Heckman. Killed By Night Express

William Cummings, a young man years of age, whose home is at Willia port, was instantly killed by being stru by North-bound night express on the B. R. & P. on Saturday morning. The accident happened near Notter's mill about 4 o'clock, the train that struck the young

man being nearly two hours late. Commings worked at Lawshe and with

party of his fellow employes came to DuBois to spend the Fourth. They had been doing more or less drinking and as a windup to their celebration, as related by one of the members of the party, they bought a key of beer on Friday night and took it to one of the empty box cars standing on a siding near the mill. Cummings remained with the crowd until shortly before 4 o'clock, leaving for his hotel at that time. He had gone but a few rods when he was struck by the train .- DuBois Courier.

learned a positive cure for this general dullness. Instead of July being one of the dullest, it was one of our busiest months. This month we expect to far surpass July of any previous year. Our patrons will happily recall the great event of last year in which both you and the store were so successful. We were successful in clearing shelves to make room for fall goods and closing out odds and ends. You were successful in getting good, seasonable and reliable goods at prices ever before unheard of. This year our business has been exceptionally prosperous. By judicious buying

chandise and at the same time at prices lower than last year. We shall not stoop to the questionable method of quoting a few things at low prices merely to supply the light for the moths to flock around and making sufficient profit margins in other lines to make up for the loss. We insist upon all the offerings-advertised or otherwise-being uniformly low priced-uniformly desirable. Remember, we back our assertions with honest goods. We always do as we advertise. Upon this basis we have built this store; upon the same principles will we conduct this sale. Following will be a few of the bargains we have to offer you:
