William Reddehoff, formerly of this place, who moved to Indiana county about one year ago, has secured work in the new mine at Fuller and will move to that place. Our county correspondents have been too busy lately to send in letters every week, but the rush will soon be over and then we hope to receive letters every week from the surrounding sections. The Ladies' Aid Society of the Baptist church will serve ice cream and cake Saturday afternoon and evening in the vacant room in the Murray building on Main street, near Dr. Murray's office.

Walter, a young son of Frank Rodgers, came very nearly losing the sight of his right eye July 4th by holding a fire cracker too close to his eyes. Walter thought the cracker was not going off and was looking at it when it did go off.

One evening last week Charles Kirchartz sent a balloon up with an order in it good for a dollar's worth of goods at his store. A lady who lives three or four miles out in the country brought the order in the following day and received a dollar's worth of goods.

Next Sunday at 3:30 o'clock the song service as arranged by Ira D. Sankey and Mark Guy Pearse entitled, 'The Man Who Spoiled the Music,' will be given in the Church of God in Rathmel. About 20 singers will render the music. Reader, Rev. A. J. Meek. The public is cordially invited to attend.

One day last week while charging a soda tank at the Reynolds Drug store Joseph Mitchell accidentally laid his hand on one of the frosty pipes and it stuck fast. He had to leave his hand remain on the pipe a few seconds or tear the skin off his fingers. Joseph's fingers were frost-bitten the width of the pipe.

A meeting of all the trade unions of Reynoldsville was held in Frank's Park last Friday evening. There was a large attendance. Thos. Haggerty, of this place, was the only speaker present. Mother Jones and several other speakers were expected to be here when the meeting was called, but they could not get here.

Prof. Postlethwait Resigned. Prof. A. J. Postlethwait, who was principal of the West Reynoldsville school three terms, and who was recently re-elected by the school board, tendered his resignation to the school board last week to accept a position as book-keeper with Shiek & Wagner, the large dry goods firm in this place. Mr. Postlethwait went to work for Shiek & Wagner Monday morning.

The Boy Was Indignant. A small lad who attends the Presbyterian Sunday school returned home several Sundays ago very indignant and informed his mother that he would never go to the Presbyterian church and Sunday school again. He said: "They are the stingiest people I ever seed. Some of us kids staid for church and after the preacher was through they served lunch and didn't give us kids a bit. I don't want nothin' to do with such stingy people as they are." It was communion Sunday.

Successful Operation. We stated last week that Dr. S. Reynolds had taken his son, Clarence H. Reynolds, to Philadelphia the 29th ult. for treatment or an operation for appendicitis. Clarence was taken to the German hospital, one of the best hospitals in the "Quaker City" and was operated on last Wednesday afternoon. The operation was performed by Dr. John B. Deaver, the most skillful doctor in Philadelphia for appendicitis. The operation was a success and Clarence is getting along nicely.

West Reynoldsville Teachers Elected. At a meeting of the West Reynoldsville school board last Friday evening Prof. John E. Good, of Smicksburg, Pa., was elected principal. Prof. Postlethwait having resigned, and Miss Stuehler, of Lock Haven, was elected teacher of room No. 1 and Miss Maud Meek, of this place, teacher of room No. 2. Miss Lewis was elected as the substitute teacher, but there is one room unprovided for and unless the board elects another teacher Miss Lewis will be a regular teacher.

We learned last evening that Prof. McNeal has withdrawn his name.

Sykesville Band. The Sykesville brass band, which was organized about two years ago, was one of the bands to assist in making the Fourth of July celebration a success in Reynoldsville by furnishing excellent music. This band took first prize in the contest at Johnsonburg during the recent reunion the Knights of Pythias held at that place. The Glen Ritchey band only got 70 points in the contest and the Sykesville band, got 100 points. The citizens of Sykesville have good reason to feel proud of their band, as it is certainly an excellent musical organization. If the band continues to improve in a year or two it will be second to no other band in this section. Drum-major Henry Smith, who is about 30 inches tall, attracts considerable attention as he walks ahead of the band.

Fire This Morning. At 1:40 this morning both fire companies were called out to fight a fire that started in Frank Liehner's house on Ninth street, near Jefferson Supply Co. store. The fire had such a good start before discovered that the fire companies could not save it. The company pay office and a small house owned by a Slav, were also almost destroyed by the fire fiend. The origin of the fire is unknown. Mr. and Mrs. Liehner and their six children escaped from the burning building by crawling out of a second story window to roof of front porch and jumping to the ground. They did not save anything only a little clothing each one put on before leaving the house. Liehner carried \$500.00 insurance on his house and \$150.00 on his household goods, making a total of \$650.00 insurance, which will likely cover his entire loss. About five years ago Mr. Liehner was burned out.

THE NATIONAL HOTEL. It is generally known by the readers of THE STAR that the S. T. Reynolds three story brick block was to be converted into a hotel. The work has been completed and the hotel is now open to the public. The National Hotel is the name of the new hostelry, and John O'Hare, formerly of the Burns House, is the proprietor. People who have not been in the hotel would be surprised at the transformation that has been made on the interior of the building. It is now a commodious and elegant hotel. The bed rooms are furnished with iron bedsteads, hair mattresses, birdseye maple and oak furniture, with either brussels or velvet carpets on the floors. The parlor is large and the furniture in it is mahogany. There are twenty-five large bed rooms in the hotel, some with two beds in. A double hall full length of the building on second floor. The entire interior of the hotel has been papered with fine paper and in all the rooms the paper and carpet have been selected to harmonize. The office is large and pleasant and the dining room is large enough to seat at least forty people comfortably. The dining room furniture is oak. A hand-carved oak sideboard is a pretty piece of the first-class style. Nothing has been done on a cheap scale. All the rooms have electric lights in and in cold weather the entire hotel will be heated with steam. There is a good sample room in connection, which has electric lights in and will be heated with steam. A free 'bus will be run to all trains beginning Monday of next week. The National is a \$2.00 per day house.

Mr. O'Hare was handicapped in getting his hotel completed on account of the unavoidable delay in getting men to work on that part of the building occupied by Millrens large clothing store, which they finally had to move into a tent to vacate the room so the hotel could be finished.

John O'Hare, the proprietor, who has had considerable hotel experience, is a genial fellow and will, no doubt, be a popular landlord.

A picture of the hotel will be found on first page of this issue of THE STAR.

Unexcelled Company. To whom it may concern:—The Central Accident Insurance Company of Pittsburgh, Pa., handed me this day, through their agent W. J. Shaffer, draft for three hundred and fifty dollars indemnity for disability, resulting from a slight fall February 9th, striking my head against side of a door, causing concussion of the brain.

It certainly affords me pleasure to recommend a sound and reliable company like the Central, for the prompt and business like manner in which they pay their claims.

This same company paid me a claim for an injury two years ago, therefore it is my opinion that the "Central" of Pittsburgh is excelled by no other company writing accident insurance.

Most respectfully, F. F. Hoffman, Veterinary Surgeon.

Belgian Hares. Dr. J. B. Neale recently received four Belgian hares by express, two of them are blooded and the other two common. The blooded ones are very pretty animals. Following is a copy of a printed notice that was tacked on top of one of the boxes, addressed to the express agent: "If the doctrine of transmigration of souls is true, in some future age you may be a hare, and this hare an express agent. Please do by her as you would have her do by you if you were a hare and she an express agent. Keep out of draughts, give pure water and oats, nothing else—and your future may be peaceful."

Appropriately Celebrated in Reynoldsville by Athletic Contests, Dance, Tight Rope Performance, &c.

INDEPENDENCE DAY. The Fourth of July celebration at Reynoldsville, under the auspices of U. M. W. of A., was a success and the committees who had charge of the "doings" deserve credit for their efforts to give the people a good time. The program was carried out almost entirely as advertised, so that the people who came here to spend the Fourth were not "faked" as they were in some other towns. Notwithstanding the heavy storm Wednesday evening and threatening clouds Thursday morning, the weather was delightful for the celebration, and early in the morning the people began gathering along Main street ready for the day's sports. The small boys and fire-crackers were in evidence from early in the morning until late in the evening. There was a large crowd in town all day and it was the most orderly crowd that has ever participated in a Fourth of July celebration at this place. There were no fights during the day and very few intoxicated men were seen on our streets. The police did not find it necessary to arrest any person and the lock-up was without an occupant for the first Fourth of July in many years.

The first race on the official program of the day was a half mile foot race. John Sharp won first prize, \$7.00, and Reynolds Gibson second, \$5.00. In the six mile bicycle race Harry Waite carried off first prize, solid gold watch, and Fred Kline second prize, gold filled watch. The 100 yard foot race by boys under 16 years was won by John Bohren and John Matthews. Bohren took first prize, \$5.00, and Matthews second, \$2.00. The first prize in the hop, step and jump, \$4.00, was taken by Reynolds Gibson and the second, \$2.00, by Frank Bohren. This ended the forenoon sports.

The first thing on the program for the afternoon was the 12 mile bicycle race. This was an exciting race, but there was not as much money put up on the 12 mile race as there was on the six mile race. In this race Waite won first prize, \$40.00 bicycle, and Fred Kline second, pair tires, coaters, brake and pair of handle bars. The first prize in the 100 yard race for boys under 12 years was won by Leo Nolan, \$4.00, and second prize by Ed. Rupert, \$2.00. Reynolds Gibson won first prize, \$8.00, in the 200 yard handicap foot race and John Bohren second, \$4.00. First prize, \$7.00, in the potato race was won by Frank Bird and second, \$5.00, by Thomas Gricks. In the one mile foot race John Northey won first prize, \$10.00, and John Sharpe second, \$5.00. There was as much excitement and interest in the fifty yard foot race for men over 50 years old as there was in any of the other races during the day. The prize winners in this race were George Tucker first, \$8.00, James Riskey second, \$5.00, Thomas Black third, \$2.00.

The foot ball game between Reynoldsville and Big Soldier teams was not played to a finish on account of William Carney, one of the Big Soldier players, getting his left arm dislocated.

There was a dance in the pavilion in Frank's Park all afternoon and evening which attracted a large number of the lovers of that kind of amusement.

The tight rope and trapeze performance by Calvert, of Rochester, N. Y., was the most attractive feature of the day's doings. Calvert was to have given two performances, but on account of the threatening storm and strong wind at the time for afternoon performance it was postponed until seven o'clock in the evening. The tight rope was stretched across Main street from top of National Hotel to the Reynoldsville Hardware Co. three story brick. The performance was witnessed by a large crowd. Calvert was frequently applauded during the performance. He gave the people a good entertainment. Calvert also gave a performance Friday evening, which was witnessed by a large crowd.

Following are the names of the various committees who had charge of the celebration and who worked hard to make it a success: Finance, John Watson, T. J. White, Dance, Charles Brennan, Charles Pomroy, John Williams, Thomas Frazer, Sports, John Lee, William Booker, William Radwell, Alex Watson was president of all committees, John Broad secretary and Samuel Williams treasurer.

New Opening at Horatio. A new opening is being made at Horatio which it is confidently expected will be the best mine of that plant. No. 7 mine is on the opposite side of the creek from No. 4, at what is known as the "Sand Hole." Through it at least a thousand acres of coal will be reached. The vein runs from 6 to 7 feet in thickness, and is said to be of a better quality than the other Horatio coal. If expectations concerning this mine are realized Horatio, which is now half deserted, is expected to take on new life and activity, and become what it has been in the past, one of the leading mining villages of the county.—Punxsutawney Spirit.
