

When you are inclined to be puffed up with your own importance, or when the queer decrees of fate seem to send many unmerited misfortunes upon you, just stop to consider the immensity of this world-home of ours, of the millions upon millions that have come and will yet come, and reflect that you are only one atom of the mass of humanity, and surely have neither such virtue nor vice as that you should be singled out for supernatural favors or afflictions.

In speaking of the Republican candidates for Congress in the 27th district, composed of Jefferson, Armstrong, Indiana and Clarion counties, the Kittanning Times says: "As yet no Armstrong county man seems to have aspirations in that direction, although this county is entitled to the nomination."

There appears to be varied opinions among ministers of the gospel in the cities about the propriety of men wearing shirt waists in church without coats. Some ministers tolerate the wearing of shirt waists while others denounce it bitterly. It is our opinion that people should be permitted to go to church or any other place dressed with a view to comfort.

Letter to John Dean, Reynoldsville, Pa.

Dear Sir: H. M. Hooker & Co., Cooperstown, N. Y., have sold Devco paint for 22 years. D. T. McGown, of that firm, built a house in '85 and painted Devco, of course. The paint lasted ten years. A year or two later, a neighbor built a house, and painted it lead and oil. The neighbor's house was repainted twice in the same time. This looks as if the neighbor's house was painted three times in eight or nine years, and McGown's once in ten years. We are not quite sure—we tell the tale as it comes to us. It is enough to say that Devco lead and zinc last twice as long as lead and oil.

Yours truly, F. W. DEVCO & Co. P. S.—H. Alex Stoke sells our paint in your section.

Reynoldsville, Pa., July 30, 1901.

To whom it may concern. The West Reynoldsville Board of Health's attention having been called to the great number of cess pools now in use, and the great number under construction, thereby endangering the public health, by the contamination of water in springs and wells, the water of which is used for domestic purposes, unanimously passed the following regulation, for the better preservation of the public health.

Resolved.—That on and after the 30th day of July, 1901, no cess pool shall be constructed, nor any well shall be used for a cess pool, within a distance of two hundred (200) feet of any well or spring, the water of which is used for domestic purposes, unless said cess pool or well is properly walled up and cemented and made perfectly water tight.

If complaint shall be made to the proper authorities, and it shall be conclusively shown that any well used for cess pool purposes, or any cess pool built and in use prior to July 30th, 1901, is contaminating, or likely to contaminate the water of any well or spring, the water of which is used for domestic purposes, the said cess pool must be immediately abandoned, and owner of said cess pool must have same properly cleaned and disinfected, unless said cess pool is properly walled up and cemented and made perfectly water tight.

Any person or persons violating the provisions of this regulation, shall upon conviction thereof before the Burgess or any Justice of the Peace of the county, forfeit and pay a fine, for the use of the Borough of not less than \$10.00 or more than \$100.00, the same to be collected as similar debts are by law collected.

L. T. WILLIAMS, President of Board of Health. F. J. AUSTIN, Health Officer. G. G. WILLIAMS, Secretary of Board of Health. S. O. WELLS, Member of Board of Health. D. B. STAUFFER, Member of Board of Health.

Approved: Wm. M. BUMGARD, Burgess, West Reynoldsville Borough.
