Plain Talk About Giving.

Funeral March

Rev. John M. Dean, former pastor of the Reynoldsville Baptist church, who preached in the church Sunday evening, talked very plainly to the members of that church who do not pay towards the support of the pastor and other church expenses. Being a steward in the M. E church, the editor of this paper is in a position to know that what Mr. Dean said to the members of the Baptist church about not supporting the church, would apply nicely to a number of members of the M. E. church. The person who is too miserly mean to support the gospel, especially when they have taken a solemn yow to do so, as they do take in the M. E. church, has a very poor showing for an entrance through the pearly gates, according to the teachings of the bible. The Lord loves a cheerful giver.

Proclamation.

WHEREAS, The president of the United States, William McKinley, was assassinated by the hand of an anarchist in the city of Buffalo, and

WHEREAS, The citizens of Reynoldsville stand bowed with grief,

It is thought to be befitting to give expression to that grief that the citizens drape their dwellings and business places with proper insigna for a period of 30 days. That proper memorial services be held in the churches on Thursday, 19th inst., and that during that day all places of business are requested to be closed.

At Lock Haven Normal.

The latter part of last week we re seived a letter from Dr. J. R. Flickinger, principal of the Central State Normal school of Lock Haven, and refering to Thomas S. Cathers, winner of first prize in THE STAR scholarship contest, Dr. Flickinger says: "The young man you sent us is falling into the work nicely and we will like him." We might add here that the Lock Haven Normal has about 100 more students than it had at this time last year. Those who are familiar with the school say that it is the largest opening, with one exception, that the school has ever had in the fall.

Continued Until Friday.

Monday, September 16, was the date set for the hearing before Judge John W. Reed at Brookville on a writ of habeas corpus for the discharge of Ernest Groves, charged with killing his father. J. R. Groves, in Washington township August 30th, but the case was continued until Friday of this week because of technicalities appearing in the records. A full hearing will be had Friday on the merits of the case. Witnesses for the Commonwealth only will be heard, and all doubts in such preliminary hearing is weighed in favor of the Common wealth.

Emblem of Mourning. A number of Reynoldsville citizens have shown their grief for the death of President McKinley by draping their places of business with emblems of mourning. Some private houses are also draped. Two large flags trimmed with black are stretched across Main street and several flags are fluttering in the breeze at half-mast. Burgess Mitchell has issued a proclamation suggesting that dwelling houses and business houses be draped in mourning.

Closing of Stores.

Czolgosz, the vile wretch who assas sinated President McKinley, was burn ed in effigy on Main street Friday night. The figure representing the deep-dyed villain was suspended from one of the wires on the square in front of Hotel

Some time Sunday night a stuffed figure, representing Czolgosz, was suspended from a wire across Main street. near corner of Main and Fourth streets, and dangled there until 8:30 Monday evening when about one hundred shots were fired at it and then it was set on fire and burned. Almost 1,000 persons had assembled on the streets to witness the burning of the figure.

McKinley Club Resolutions.

Pursuant to call, the McKinley Club of Reynoldsville, Pa., came together and the following expressions of sympathy and pledges of lovalty to our Republican administration were adopted: WHEREAS, The noble chief executive of our country, William McKinley, and world honored president and patriotic ruler has been murdered by an avowed anarchist, the entire civilized world grieved and shocked, a great nation robbed of an honored leader, and a loving wife left mourning for a devoted husband, all through the wanton and diabolical act of a degenerate, whose perverted mind was inflamed by the poisoned teachings of those like himself, who were enjoying the protection of the very government at which they would strike the most dastardly blow. Fine Monument.

Ethan E. Stewart, the granite dealer, completed the Henry family monument at Hamilton last week. This is one of the finest memorials in Jefferson county. The pedestal is built of fine grained Barre granite, and consists of three bases, double die and cap. The third base is ornamented with a nice moulding around the top, and the word Henry in large letters, raised in a panel on front face. The lower part of the die has a heavy raised polished shield on each side and the upper has solid cut column on each corner, with carved capital. The cap is cut gothic with faces polished and the letters J. A. in a monogram on front side. The pedestal is surmounted by an Italian marble statue, standing in a graceful position in the act of dropping a flower on the grave, and as a whole presents a very pleasing effect. A nicely finished marker, lettered in half round raised letters, with the name, birth and death of arence J. Henry, the only member of the family deceased, marks the location of the grave in the lot, and posts of same style and finish mark the corners. There was a carload of granite used in the construction of this work and the contract price about fifteen hundred
