The Emperor, or the Empress Dowager in his name, has assued an edict strictly commanding the officials to pay for all supplies. An imperial edict com-mands Li Hung Chang, as governor of the province of Chili, to borrow 700,000 taels from other provinces to defray the expenses of the court's journey. Jumbo Fields, aged 16, and Clarence Garnett, aged 18, both colored, were lynched at Shelbyville, Ky., early

Wednesday morning for the alleged murder of William C. Hart a printer who was stoned to death on Septem ber 21. The boys were taken from the jail and swung from the Chesa-peake and Ohio treatle within 500 yards of the jail. The mob went to the jail and demanded the keys from the jailer, but he refuzed to surrender them. The doors of the jail were then battered down. The prisoners were removed almost before they had time to realize what was happening. The work was done quietly, and the mob disappeared without its members' identity becoming known. Hart came to Shelbyville from Lebanon, O., and at the time of his death was employed as a printer on the Shelby Sentinel. The evidence was conclusive that Fields and Garnett were his murder ers. Hart's body, was found in a path leading from the house of the mother of Fields.

Two hundred masked men in Helena, Mont, at an early hour Wednesday morning took James Edward Brady, accused of assaulting Ida Pugsley, aged five years, out of jail and hanged him to a telegraph pole in Haymarket square. The march to the hang ing place was quiet. Brady declared that they had the wrong man, although he had been positively identified by his victim and a score of other people.
