The Companion's Seventy-Sixth Volume.

In 1902—the seventy-sixth year of its publication—The Youth's Companion promises more varied attractions for its readers than ever before, and The Companion always gives more than it promises. The government of the United States will be presented in contributions from Secretary of the Treasury Gage, Secretary of the Navy Long, Postmaster-General Smith, and Assistant Secretary of War Sanger—a list, it is believed, never equaled in a previous year.

The government of Great Britain will be represented by contributions from the Duke of Argyll, the Marquis of Dufferin and Ava and the Rt. Hon. James Bryce, T. P. O'Connor and Winston S. Churchill, members of the House of Commons.

Other noteworthy contributors will be Wu Tingfang, Chinese minister at Washington, Booker T. Washington, president of Tuskegee Institute, Justice Brewer of the United States Supreme Court, Gen. Charles King and Rear-Admiral Hieborn, while more than two hundred of the most popular of living story-writers will contribute from four to six fascinating stories to each of the fifty-two issues of The Companion for 1902.

To all new subscribers for 1902 and to those renewing their subscriptions The Companion will send its beautiful 1902 Calendar, lithographed in twelve colors and gold. By sending \$1.75 before January 1st, the new subscriber will receive free all the remaining issues of 1901 from the time the subscription is received.

THE YOUTH'S COMPANION, 195 Columbus Avenue, Boston, Mass.

Spreads Like Wildfire.

When things are "the best" they become "the best selling." Abraham Hare, a leading druggist, of Belleville, O., writes: "Electric Bitters are the best selling bitters I have handled in 20 years." You know why? Most diseases begin in disorders of stomach, liver, kidneys, bowels, blood and nerves. Electric Bitters tones up the stomach, regulates liver, kidneys and bowels, purifies the blood, strengthens the nerves, hence cures multitudes of maladies. It builds up the entire system. Puts new life and vigor into any weak, sickly, run-down man or woman. Price 50 cents. Sold by H. Alex Stoke, druggist.

What is a baby? The prince of wails; an inhabitant of Lapland; the morning caller, noonday crawler, midnight brawler; the only precious possession that never excites envy; a key that opens the heart of all classes, the rich and poor alike, in all countries; a stranger with unspeakable cheek, that enters a house without a stitch to his back, and is received with open arms by everyone. —Pittsburg Dispatch.

Great Luck of an Editor.

"For two years all efforts to cure Eczema in the palms of my hands failed," writes editor H. N. Lester, of Syracuse, Kan., "then I was wholly cured by Bucklen's Arnica Salve." It's the world's best for eruptions, sores and all skin diseases. Only 25c. at H. Alex Stoke's drug store.

Many people are losing their good health and disposition by the worry and annoyance caused by an old sore or an ulcer. These can be quickly and permanently cured by the use of Clydesdale Ointment. It heals and leaves no scars. Red Top Jar, 25 cents.

Epworth League Convention.

The eleventh annual convention of the Clarion District Epworth League was held in the Methodist Episcopal church at this place Wednesday and Thursday, October 30, 31. There were about sixty delegates and Epworthians representing the different chapters in the district present and the sessions were well attended by the people from this section. The meeting was one of the most successful in the history of the society and every session was interesting and instructive.

The first session was held Wednesday afternoon. In the evening a large crowd turned out to the lecture given by Dr. A. B. Riker, of Alliance, Ohio. His discourse was well handled and the subject, which was along the line of Epworth League work, was very appropriate and interesting.

Thursday was a busy day for the convention and the morning and evening services were devoted to considerable business. At the close of the day's business the following officers were elected for the ensuing term: Rev. D. A. Platt, President; W. H. Robinson, of Summerville, Secretary; B. D. Schoffner, of Falls Creek, Treasurer; Mrs. W. H. Robinson, of Summerville, Junior League Superintendent. In the evening Dr. W. H. Crawford, of Meadville, Pa., delivered an interesting and instructive lecture. The church was crowded and the large audience present were treated to an exceptionally fine discourse.—Brookwayville Record.

Window Prices Reduced.

At a meeting between representatives of the window glass combines and the executive committee of the National Window Glass Jobbers' Association held in New York last Tuesday a big cut in the price of small glass (the first three brackets) was made by manufacturers to the jobbers' association. The purpose of the reduction is to put jobbers in position to meet the prices at which imported glass is being sold. Both manufacturers and the jobbers' association are determined to reduce imports to the lowest possible notch and if necessary another cut will be made with this end in view.

On Nov. 20th another meeting will be held at which the jobbers will place an order with manufacturers for a bulk order of glass.—National Glass Budget.

Brain-Food Nonsense.

Another ridiculous food fad has been branded by the most competent authorities. They have dispelled the silly notion that one kind of food is needed for brain, another for muscles, and still another for bones. A correct diet will not only nourish a particular part of the body, but it will sustain every other part. Yet, however good your food may be, its nutriment is destroyed by indigestion or dyspepsia. You must prepare for their appearance or prevent their coming by taking regular doses of Green's August Flower, the favorite medicine of the healthy millions. A few doses aids digestion, stimulates the liver to healthy action, purifies the blood, and makes you feel buoyant and vigorous. You can get Dr. G. G. Green's reliable remedies at H. Alex Stoke's Drug Store. Get Green's Special Almanac.

Bitten by Mad Dogs.

Two more mad dogs made their appearance last Sunday, at or near Howe, and bit four children, and possibly five. One of the dogs was shot, and the other one is probably still at large. We did not learn who owned the dogs. Three boys and one girl were bitten. The boys are Burr Siar, son of Wm. Siar, Meade Mumford, son of Jackson Mumford, and Robert E. Perk, son of Wm. Park. They are about 15 or 16 years of age. The girl is about 10 years old, and a daughter of Samuel Hughes. We understand all four that were bitten have been sent to the Pasteur institute, at Pittsburg.—Brookville Democrat.

He Pulled a Razor

And started the old practice of slicing off his own beard he could stand the pain no longer. Result—three months in bed from blood poisoning. Had he used Clydesdale Ointment, he could have cured his own in a few days, and relieved himself of the pain in five minutes. Do not neglect your feet, as you need them in your business. Red Top Jar, 25 cents.
