Moines Citizens Provide a Site, but Council Blocks It

is probable that the question of a United Statets army post may be a considerable factor in the Des Moines city election campaign next spring. The business men of the city nearly a year ago contributed the funds necessary to purchase a site for the post, but the city council dailles. One condition the government insists on before establishing the post is that the city shall annex the territory comprising the proposed site. It is generally desired that the post be inside the city, in order that the more stringent municipal authorities may prevent the gathering of resorts about the govern-

CURED BY ST. JACOBS OIL. (From the Cardiff Times.)

Among the thousands of voluntary endorse ments of the great value of St. Jacobs Oil for sprains, stiffness, and soreness, is that of Mrs. G. Thomas, 4 Alexandra Road, Gelli, Ysbrod, near Pontypridd, South Wales, who says:

"It is with great pleasure that I add my willfng testimony to the invaluable excellence of your celebrated St. Jacobs Oil, as experienced in my own case. I sprained both my ankles in walking down some steps so severely that I was unable to stand for several months. The pain I suffered was most severe, and nothing that I used heiped me until I applied St. Jacobs Oil, when they immediately became better daily, and in a short time I was able to go about, and soon after I was quite cured. I am now determined to advise all persons suffering from pains to use this wonderful rem-

edy, which did so much for me." Mrs. Thomas does not enlighten us as to what treatment she pursued during the months she was unable to stand, and during which time she was suffering so much, but we venture to suggest that had she called in any well known medical man he would have at once have prescribed St. Jacobs Oil, for it bas conquered pain upwards of fifty years, and doctors know there is nothing so good. The proprietors of St. Jacobs Oil have been awarded twelve gold medals by different international exhibitions as the premier pain-killing remedy of the world. The committees who made the awards were in each instance composed largely of the most eminent medical men obtainable. Mrs. Thomas evidently did not know the high opinion in which St. Jacoba Oil is held by almost every progressive medical man.
