When a man who is running for office in either a county or township campaign, will buy keg after keg of beer for a certain class of people in order to get their support, he is not a fit man to do business for either the county or township, and they should be turned down by all honest people on election day. At Reynoldsville I found things badly mixed; i. e., the people were badly mixed. Every man's hand seemed to be against his fellowmen, a condition brought about on account of the strike at the silk mill. If all men everywhere were imbued with the teaching of the Master, "Whatsoever ye would that men should do to you, do ye even so to them," conditions like those at Reyn-oldsville could have no place among mankind. Wrong begets wrong, and the end is wrong, whether moral or spiritual, is suffering.—Falls Creek Herald's "Man on Road."

The Big Store's Fifth Semi-Annual Clearance

The time of the year has come when we must prepare to take inventory. This year's business closes January 31st. That means that we begin our inventory February 1st. In order to reduce our stock we will offer bargains that will attract. This is strictly a price sale and will be general. We have seen the folly of merchants picking out unsaleable merchandise, and marking it down to tempting prices and attempting to make up the loss on other lines. We shall not try the plan of marking a few things down as a blind, but we will insist upon all offerings—advertised or otherwise—being uniformly low-priced and uniformly desirable.

January—the month which is conceded by other merchants to be the dead or dull month—has become our busiest or biggest month, and why? Read the prices below and be convinced. January of last year was our biggest month of all the year and we have carefully planned to far surpass even that of last year. By judicious buying and successful selling we are enabled to offer you first-class and clean merchandise. We have kept our stock up so that your selection may be made from a complete line. We have a few lines which we expect to close out. On these the cost has not been taken into consideration. For instance we have a few Ladies' Suits that we expect to sell for little more than the buttons and the thread alone would cost. We have a few Ladies' Jackets at the same price, also a few pieces of Dress Goods.

fais Sale will begin Thursday, Jan. 23, and Close Wednesday,
