

SPRING ANNOUNCEMENT

AT

Millirens Dry Goods Emporium

In introducing our line of Spring Goods to the people of Reynoldsville and vicinity, we do not hesitate to make the assertion that never before has so large and attractive a variety of goods been shown in this section. And we feel confident that never before has the opportunity been yours of buying a class of goods as shown under the advantageous conditions which are characteristic of Millirens Department Store. Our very complete stock of popular priced goods has been supplemented by an extensive array of leading NOVELTIES. Our store has already gained the confidence of the people and every day brings new customers who find here what they cannot find elsewhere.

Our aim to make this store **THE HOME OF THE SHOPPER**, has already been achieved,

And evidence of the truth to this effect can be seen at our store daily. We show no old goods, nor buy goods showing poor taste in selection, because GOOD TASTE and years of experience mixed well together, surely with us have the upper hand. Our unlimited selections below will give you only a faint idea of our stock, better come to our store and you will find ladies and gentlemen ever ready to show you our beautiful line.

MILLIRENS DRY GOODS EMPORIUM, The Big Store With Little Prices, REYNOLDSVILLE

The Star.

WEDNESDAY, FEBRUARY 26, 1902.

Rev. G. S. Womer at Utah.

Rev. George S. Womer, formerly a young man of Reynoldsville, who has many warm friends here, is now pastor of the M. E. church at Ogden, Utah. The church, with spacious audience room, church parlors and Sabbath school rooms, and a parsonage with all the modern conveniences therein, is valued at \$60,000. From the "Utah Notes" in the New York Christian Advocate of Feb. 20, 1902, we clip the following:

"The Rev. George S. Womer, of Central Pennsylvania Conference, has been appointed to First Church, Ogden, and has arrived upon his new field and taken up the work. He is in every way qualified for this important work, being a graduate of Ohio Wesleyan University and of the Boston school of theology."

John B. DeMotte.

A large audience greeted Prof. DeMotte at Wesleyan chapel last night. Those who heard him well understood why his praise as a great lecturer has gone abroad over the land. He made a forceful plea for the formation of good habits, as the basis for character, and his premises were all based upon personal scientific research. Prof. DeMotte is a profound student of the brain, and some of his deductions are startling to the ordinary thinker. His lecture was aptly illustrated by stereopticon views, mostly the production of his own investigation, and it is not too strong to say that his audience was held entranced from start to finish.—Macon, Georgia, Telegraph. At Assembly hall Tuesday evening, March 4. Tickets on sale at Stoke's drug store Saturday morning, March 1, at 8:00 o'clock.

Has Not Forgotten the Town.

We received a letter last week from H. B. Leach, of Alton, Kansas, who was Burgess of Reynoldsville in 1885, and contents of letter, not including a few remarks concerning his subscription to THE STAR, was as follows:

Your valuable paper keeps me in touch with old friends and the happenings in and around Reynoldsville. The loss of THE STAR would be to me like the loss of an old friend.

I was 62 years old the 9th instant; am hardy and in good spirits. I am in the drug, furniture and undertaking business. If I can ever find time I will make Reynoldsville a visit. I am very anxious to see Reynoldsville and its improvements. Sorry to learn through the medium of your paper of the destruction of my old livery barn by fire. I was in hopes it would be still there to greet me when I come.

We have had a good deal of cold weather this winter and more snow than usual. Prospects are fine for a wheat crop the coming season.

Very Truly,
H. B. LEACH.

Contract Not Let.

For two or three weeks the report has been circulating that the contract for the building of the B., R. & P. from Punxsutawney through this place to Indiana had been let to Paton & Kerr, of Clearfield county. We discredited the rumor when we gave it and our surmises turn out to be correct. In an interview with Chief Engineer Jones Monday he denied the rumor; that there was no truth in it whatever; that the road is not yet in shape for placing under contract.

Things, however, are moving along very satisfactorily, and the indications are for the early letting of the line. A corps of engineers were put to work on the line again on Friday, commencing at the point above Punxsutawney where the line leaves the present road, and are working in this direction. Just what they are doing, we could not learn, but some affirm they are putting the finishing touches on the line ready for the prospective contractors.—Marion Centre Independent.

"The New Citizen."

The Constitution of the United States of America has put a new meaning into the word citizenship. The high ideals of the fathers of our country have laid the foundations of good citizenship in such a way that the industrious, high-minded, ambitious men and women of all nations have flocked to our shores. The present prominence of our nation among the nations of the world and its new fields of usefulness and power have given to American citizenship a fresh inspiration toward true living and great accomplishments.

The high sentiments of our Chief Executive in his address, "The New Citizen," printed in *The Youth's Companion*, are fittingly published in the Washington's Birthday Number. George Washington, by his pure and wise conservatism and ambition for the new country, fairly won his title of Father of his Country. Theodore Roosevelt, the best exponent of our twentieth century activity, has equally high ideals for the nation; and in this address and in his life he lays particular stress on the individual, his stewardship, his usefulness in home and public life.

Lovers of fine music and genteel comedy will enjoy "Little Trixie" at the theatre to-night. The company comes highly recommended and is artistic in every sense. The play is high class and refined, and the specialties first class in every respect. Patrons of the theatre may expect a rare musical and comedy treat.

The voters of the borough decided at the election Tuesday that Falls Creek don't need better schools. At any rate they are not willing that the borough should incur more debt to get them.—Falls Creek Herald.

We venture to say that no man in Jefferson county ever received as flattering an endorsement in his home town when he had opposition as Henry I. Wilson did at the recent primary. He received 120 votes of the 121 that were cast in Big Run borough and East Henderson township gave him 26 votes, every voter being for Mr. Wilson.—Big Run Tribune.

We Shall carry nothing but the high-grade WOOLTEX Garments which were so successful with us last fall. WOOLTEX has become popular, even famous, all over the country, especially in the fashionable trade centers. The WOOLTEX people cater entirely to good trade and consequently make nothing shoddy or trashy. They are the only manufacturers in the United States who give every piece of goods an acid test before making up to determine whether the goods is all wool. They make no commercially all wool. It must be strictly all wool. That is what WOOLTEX means.
