Unique Address.

Bishop Fowler's address was unique in its general treatment, and yet he spoke for over two hours, he held the interest of his audience throughout. One almost wondered in the beginning what he could say of Lincoln that would be new to the public, but with his treatment of the subject, the life of Lincoln stood out fresh and new, with a halo that was not before recognized about the "rail splitter from the Sangamon Bottoms."—Quincy Journal, At Assembly hall April 22.

An Old Pedagogue.

The teacher of Frog Hollow school, Clearfield county, who resides near Luthersburg, is the oldest teacher we know of that is teaching country school. This teacher is 72 years old. He has been engaged in school work for over a half century in Clearfield and Elk counties. Edward L. Moore, formerly of Rathmel, who resides near this old pedagogue, was in town Friday and he says the teacher is as spry as a young man and that he takes an active part in all the literary entertainments.

Big Time at Ridgway.

The Odd Fellows' parade and convention at Ridgway, April 26th, is the main topic of discussion in local I. O. O. F. circles at present, and the indications are that the occasion will be a "big day" in the history of that fraternity. It will be one of the largest gatherings of Patriarchs Militant ever assembled in Northwestern Pennsylvania, while the secret sessions and public meeting will be graced with the Grand Master, the Grand Warden and Grand Marshal.

On Windy Days

Grates about equal a hot-water bag. Stoves warm the house only "in spots." Hot-Air Furnaces chronically refuse to warm rooms on the exposed side. While steam and Hot-Water Systems generally warm the house throughout. Why? Write us. Keystone Hardware Co., Reynoldsville, Pa.
