The Trout Season.

The trout season will open on April 15 and it is said, that the speckled beauties are very numerous in the streams of the county. The honest angler will find plenty of sport to reward him for his tramp along the streams, if the trout hog does not get in ahead of him and kill the trout with dynamite or catch them by wholesale with the aid of nets. The Sportsman's Association, however, is prepared to take care of the trout hog, and a few arrests of illegal fishermen, with severe punishment, will doubtless deter these spoilers of sport from engaging in the practice of depleting the streams of trout.—Ridgway Democrat.
