VOLUME 10.

REYNOLDSVILLE, PENN'A., WEDNESDAY, APRIL 23, 1902.

NUMBER 51.

Men and Boys YOUR Spring Clothes ARE READY.

Spring SHOES and HATS are ready—Styles right, Fits right, Prices right.

Men's Suits and Topcoats.

Suits in three-button sack styles, with round corners. Suits in double-breasted styles. Two-piece Suits with patch pockets. Also Norfolk suits with belt straps and turn-up trousers.

We ask the man who knows what correct style and character in clothing is to examine the garments described here. We want him to note the up-to-date selection of fabrics, the natty cut of the suit, the careful furnishing of such details as collars, broad shoulders, peaked lapels, and all the other little points of fashion which make perfect clothing. Then note the price and we know you will invest your clothing money here. We have all prices from \$3.50 to \$13.00.

Young Mens Suits

Snappy style is a striking feature of our young men's suits, and it is this fact which immediately appeals to the young man and makes our store the most popular in town with them. A great selection of the most up to date suits, ages from 14 to 20, shown at these magnificent prices: \$3.00, \$4.00, \$5.00, \$7.00, \$8.00, \$10.00 and up to \$15.00.

Note these Prices on Boy's Wear

Every one of the items quoted here is important to the buyers of boy's clothing. They represent the lowest prices in each case on strictly reliable and stylish juvenile apparel. Not only this—buyers may choose from more styles fresh from the leading designers of boy's clothing than ever before spread under one roof.

Presentment of Grand Jury.

To the Honorable Judge of the Several Courts of Jefferson County, Pa.:

The grand inquest in and for Jefferson county at April session, A. D. 1902, respectfully report that they have passed upon all bills of indictment laid before them by the District Attorney and have returned the same to your Honorable Court.

In addition we have visited and inspected the several county buildings, to-wit, the court house jail and the county home.

We find the principle parts of the entire structure of the court house in good condition and well preserved, considering the age thereof, but in order to perpetuate its usefulness and to add to its convenience and comfort we recommend that it be given a general overhauling by repairing the exterior wood work and repairing the same, laying the floors in the offices, halls and corridors with encaustic floor tile. All plastered ceilings on first floor should be ceiled with sheet steel; all base boards should be removed and walls wainscoted with sheet steel, all doors and windows should be repaired and refitted.

We also find that the court room and its usefulness could be largely improved by changes to improve the acoustic thereof, which is bad beyond comparison.

We recommend that the county commissioners proceed at once to employ a competent architect to prepare plans and specifications to give the court house a general overhauling, giving especial attention to the improving of the acoustic of the court house.

On inspection of the jail, we find its usefulness to near an end to recommend any permanent improvements, but we find its sanitary condition very bad and recommend that the county commissioners look into this, especially the bath room which has leaks in the water lines that should be repaired at once. There is also a broken step in the jail proper that should have immediate attention. The conductor pipes on sides of rear of building should be repaired and have proper connections with sewer line. The interior iron work of the jail proper should be cleaned and repainted. This would readily be done by the prisoners if the necessary material was furnished them.

We do not recommend this method of renovating to save cost, but to encourage cleanliness among the prisoners.

courage cleanliness among the prisoners.

On inspection of the county home we find everything in and about the buildings in a commendable condition, attractive and comfortable to the inmates, and fully approve of the manner in which it is conducted.

We would also recommend that the county iron bridges be given more attention as to their preservation.

We respectfully extend our thanks to the Court and the District Attorney for courtesies shown.

W. W. COOPER, Foreman.

Elect County Superintendent.

To the School Directors of Jefferson county:

Gentlemen:—In pursuance of the forty-third section of the act of May 8, 1854, you are hereby notified to meet in convention, at the court house, in Brookville, on the first Tuesday in May, A. D. 1902, at 2 p. m. being the 6th day of the month, and select, viva voce, by a majority of the whole number of directors present, one person of literary and scientific acquirements, and of skill and experience in the art of teaching, as county superintendent, for the three succeeding years; and certify the result to the State Superintendent, at Harrisburg, as required by the thirty-ninth and fortieth sections of said act.

R. B. TETTERICK,

County Supt. of Jefferson Co.

A Doctor's Bad Plight.

"Two years ago, as a result of a severe cold, I lost my voice," writes Dr. M. L. Scarbough, of Hebron, Ohio, "then began an obstinate cough. Every remedy known to me as a practicing physician for 35 years, failed, and I daily grew worse. Being urged to try Dr. King's New Discovery for Consumption, Coughs and Colds, I found quick relief, and for last ten days have felt better than for two years." Positively guaranteed for Throat and Lung troubles by H. Alex Stoke. 50c and \$1.00. Trial bottles free.
