House Cleaning Time

House cleaning time means wall papering time, and both are here. This is the season of the year when the house can be renovated, cleaned and brightened, to the best advantage and with the best results. Spring decorative ideas are always the prettiest and this year's surpass those of any previous periods. The most decorative line of artistic and practical wall papers is to be found at STOKES DRUG STORE. It handles the famous Pittsburg paper, and handles it exclusively. No other store in this city has it, and no other store has a line approaching it in beauty of both color and design. Then, please see an added inducement. You should call at

STOKE,

the Druggist's, before you place your order. You will be disappointed if you don't.

Perry A. Reno, pastor of the M. E. church, and interment was made in the Reynoldsville Cemetery. The deceased is survived by his father and mother and two sisters, Mrs. A. P. Long Siege. W. H. Reber, the well known jolly German of Sykesville, was in Reynoldsville Monday for the first time in twenty-three weeks. Mr. Reber sprained the ligaments of his left leg some months ago by stepping in a hole, his heel going into the hole. His leg got very sore and finally he went to Philadelphia to consult a specialist. One doctor said the leg would have to be amputated and another doctor advised the postponement of amputation for six months, believing the leg would finally get better, and it is getting better now, but still Mr. Reber has to use crutches to get around. He felt very much encouraged when in town Monday and has hopes now that the leg will get strong enough so that he can walk without crutches. Exclusive designs from the largest wall paper mill in the country at Stoke's. Ask to see skirts at Sutters.

FRANK'S TAVERN.

When Completed Will be a Fine Hotel—Large and Convenient. The editor of this paper was shown the blue prints yesterday of the changes that Frank A. McConnell will make on Frank's Tavern this summer. When completed it will have been changed into a large and fine hotel, modern in every respect. A sample room will be added to the basement, back of restaurant. What is now used for writing room and dining room will be the main office and the present office will be used for writing room. The new dining room will be on Third street side. It will be 26 by 48 feet, with sliding doors to open into corridor and writing office in case of emergency. There will be Cathedral windows in dining room. The ladies' entrance will be on Third street. A large round corner porch will extend along front of building around to Third street. There will be 36 bed rooms in the new building, with three bath rooms. There will be a vestibule at front entrance of hotel. The office, writing room bath rooms and toilet rooms will be laid with terrazo floors. There will be a reception hall, a public parlor and a private parlor on second floor. The building will be three stories high. We cannot give a complete write-up at this time of the hotel as it will appear when completed. The outside of building will be covered with a brown cement. The building will be heated throughout. A dynamo will be put in the basement to furnish electric light for the hotel.

Living Scenes Exhibited. Nothing in the moving picture line now before the public compares with the Lyman H. Howe show which will be seen at Assembly hall on Monday evening of next week, May 5th. A taking feature of Mr. Howe's policy is that the same pictures are never given at two engagements in the same place. Although previous engagements here have contained pictures that an audience would be glad to see again, Mr. Howe will adhere to his rule and give an entirely new program, embracing pictures secured at great cost and photographed from events that have attracted world-wide interest. It is no wonder that Mr. Howe always plays to crowded houses. The moving picture machine has come to be a great institution. It brings the living scenes of the world's greatest events before your very eyes in a manner almost as satisfactory as if one had been present at the reality. While most other exhibitors content themselves with showing cheap and unimportant pictures, Mr. Howe secures the pick of the market, regardless of the cost, and puts them on in a manner that challenges admiration, each picture being accompanied by appropriate sounds.

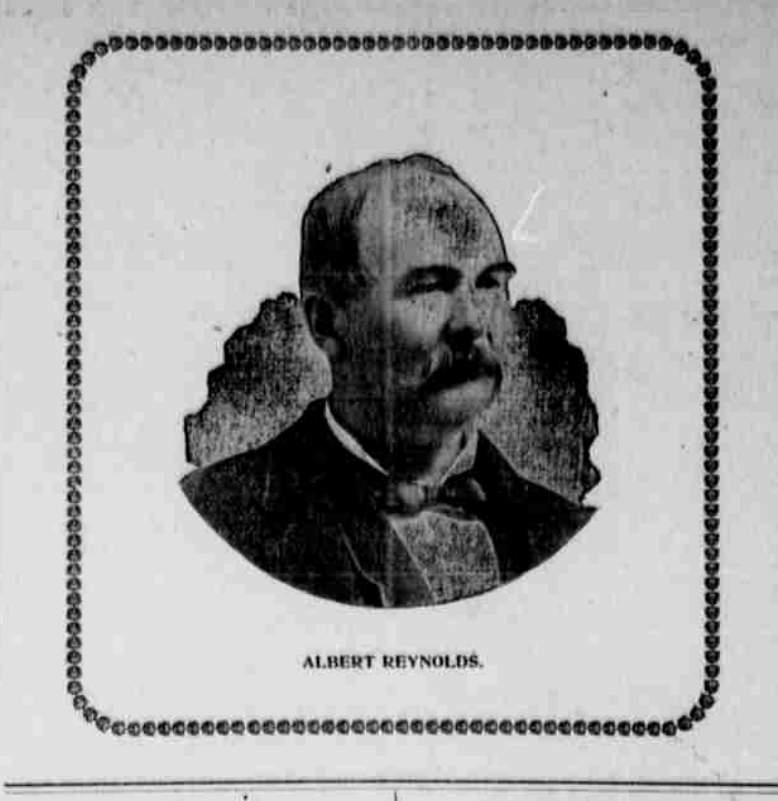

Married in New York State. Clarence M. Lierd, clerk in H. W. Eason & Co's clothing store at this place, and Miss Clara DuBois, of DuBois, were married at Olean, N. Y., Tuesday, April 23, 1902. Mr. Lierd is a highly respected young man of this place and his wife was one of the fine young ladies of DuBois. The young couple are staying at home of the groom's step-father, D. M. Dunsmore, in West Reynoldsville at present. A number of Clarence's friends gave him a calithumpian serenade last night and after that the same crowd got the "Perry and Jerry" show band to serenade Mr. and Mrs. Lierd. The friends of this couple wish them joy and happiness in life's journey.

ALBERT REYNOLDS.

Notary Public Albert Reynolds, who was three score years old April 23, 1902, was given a surprise party on the evening of his birthday anniversary. Albert's helpmate was responsible for the party, but she was equal for the occasion and performed her part so judiciously that Ab. never suspected that there was a surprise party being worked up for him, and when about thirty-five of his male friends, representing most all the professions in town, stepped into his parlor at 8.30 Wednesday evening Ab. was greatly surprised, and could not grasp the situation until some person mentioned the fact that April 23rd was his birthday. The evening was pleasantly spent in playing games and listening to old time violin music. The musicians of the evening were David Reynolds, "Uncle" Ed. D. Seeley, O. F. Smith and the host. Miss Sue Reynolds played piano accompaniment. The old times that the old time violinists played for dances fifty years ago are just as inspiring as the new tunes of the present day. The old tunes renewed "Uncle" Ed's youth and he sang a solo without solicitation. At a reasonable hour tables were spread and the guests were served with an excellent repast. The layout was elaborate and fine. There was one feature of this surprise party that was unusual, and that was that there were no presents given. Ab. would certainly have been the recipient of a very handsome present had it not been that his wife requested that no presents be given. It was approaching the "wee small hours" before any of the guests said good night and wished Ab. many happy returns of his birthday anniversary, and some remained until two hours of a new day had been ticked off. Albert Reynolds is a son of Mr. and Mrs. Woodward Reynolds, both deceased. He was born in a little log house within eight feet of where his modern residence now stands. He has always resided in Reynoldsville and was never away from the town more than a week or two at a time only when marching through the southland with the boys in blue during the unpleasantness in the sixties.

Entirely New Program. The entertainment last evening at the opera house proved to the large audience present a very pleasing affair. It consisted of Lyman H. Howe's presentation of moving pictures, and while Mr. Howe has given previous exhibitions in this city, each succeeding one bettering the previous, the one given last night was by far the best ever seen in the city. The subjects were all new and the pictures of the launching of the Kaiser's yacht and the Shamrock-Columbia yacht race were exceedingly fine, and called forth hearty applause from the audience. The usual flutter or vibration so common to the biograph was absent and the performance was a very superior one.—Poughkeepsie (N. Y.) Evening Star, March 25, 1902.

At Assembly hall Monday evening of next week, May 5. Tickets now sale at Stoke's drug store. A new show case for displaying carpenters' tools has been put in the Keystone Hardware Company store, which is certainly a convenient case. J. K. Johnston, a member of the Keystone Company, was the originator of the case and Northamer & Kellock, of this place, made the case. The glass case is a fine piece of workmanship, just as fine as is turned out by city houses. Northamer & Kellock are building up a large trade in cabinet work, upholstering, picture framing, &c.

A big laugh for every body, "Our German Friend" and "Long The Tailor." At Opera house Saturday, May 3rd. For Sale—Five 8ft. flat top show cases. H. ALEX. STOKES. Sutters for gingham.
