COUGH?

Take Vinol, It Prevents Consumption.
Coughs Lead to this Disease.

Don't keep on coughing. Please take, on our advice, and take that which will heal the inflammation in your lungs, throat, and bronchial tubes. We refer to VINOL.

The great tonic reconstructor accomplishes this by so nourishing the body that diseased tissue cannot exist. The reason that we sell VINOL and endorse it so highly is that we know it will do good. Not only have we investigated ourselves, but we are taking as our authority the opinions of every big druggist in this State and elsewhere.

The following letter on this subject will interest our readers.
"Last Fall and Winter I suffered from a bad cold, which caused me to cough severely. I felt pains in my side and lungs. I had heard about VINOL and decided to try it. It cured me completely." THOMAS C. PIERCE, Wickford, R. I.

We wish to invite everyone to call on us and let us tell you all we know about this delicious tasting preparation. We sell VINOL on a guarantee, and will refund the money to anyone who does not find it will do all that we claim.

PROGRAM FOR COMMENCEMENT WEEK.

SENIOR CLASS RHETORICALS •• BACCALAUREATE SERMON
JUNIOR ELOCUTIONARY CONTEST •• GRADUATING ADDRESS •• ANNUAL ALUMNI BANQUET.

The Reynoldsville school term is drawing to a close once more and the commencement season is at hand. The program of commencement week this year is one of unusual interest. A great deal of work and expense has been involved in the preparation of the several events and the school auditorium should be packed to its capacity on each occasion. Reynoldsville is famous far and near for the excellence of her high school commencements. Persons who are posted on such matters are frequently heard to remark that nowhere else are such elaborate arrangements made for the commencement exercises of the high school as in Reynoldsville. If this reputation is to be sustained the people of this place must not allow their interest in the commencement work to abate. Let each do what he can to show appreciation by his presence at all the exercises of the week.

We publish here the detailed program for the entire week.

Will Use Only Newspapers.

The Mercantile Association, of Reading, Pa., composed of 200 leading merchants of that city, has put itself on record against all advertising schemes outside of the columns of newspapers. The association declares that inasmuch as "merchants in general have suffered for years from constantly increasing solicitation for advertisements for hotel registers, desks, bill boards, clocks, key boards, charts, programmes, tickets, cook books, moving pictures, enunciations, certain advertisements, oil paintings and pamphlets, the members pledge themselves that they will not make use of any such forms of advertisement."—Ex.
