This is the season of the year when the house can be renovated, cleaned and brightened, to the best advantage and with the best results. Dwelling Burned this Morning

About one o'clock this morning Sackett O. The cause of fire is unknown. It started on first floor. Hope Hose Company promptly responded to the alarm and attached to the nearest plug, which was at Dempsey's corner, Brown street, and lacked at least 75 feet of baying enough hose to throw water on the building, but the fire had such a start before discovered that the fire company was not in time to do any good even had the hose been long enough.

The house and goods were valued at about \$900, and Mr. Wells carried \$400 insurance on the house and \$200 on his household goods.

The section of West Reynoldsville where the fire occurred this morning is virtually without fire protection, and we were informed this morning that an effort will now be made to have one or two fire plugs in that section.
