### Virulent Cancer Cured.

Startling proof of a wonderful advance in medicine is given by druggist G. W. Roberts of Elizabeth, W. Va. An old man there had long suffered with what good doctors pronounced incurable cancer. They believed his case hopeless till he used Electric Bitters and applied Bucklen's Arnica Salve, which treatment completely cured him. When Electric Bitters are used to expel bilious, kidney and microbe poisons at the same time this salve exerts its matchless healing power, blood diseases, skin eruptions, ulcers and sores vanish. ### Met a Terrible Death.

The DuBois Courier Saturday morning said: Clyde Kuhn, a young man about twenty years of age, met a horrible death at the Cook & Graham saw mill at Brookville Friday afternoon. He was caught in the belt that carries the power to the lath mill and whirled to his death. The body was so badly mangled that scarcely a semblance of a human being remained.

Young Kuhn was an employe of the lath mill and owing to some slight disarrangement of the workings it was necessary to shut down that part of the mill for a few minutes. Kuhn went to the lower part of the mill and threw the belt off and stood there awaiting a signal from his fellow workman to throw it on again. Suddenly the workers in the lath mill were startled by a loud crash beneath them, caused by the whirling body of Kuhn striking the floor they stood on. Hurrying down stairs they saw his body being whirled rapidly around the revolving shaft. The mill was shut down and the mangled corpse of the young man taken from the machinery.

It is supposed that the victim's clothing caught in the belt and he was drawn into it.
