THE PLEASURE OF DRINKING

Is never appreciated quite so much as on a hot day before our Soda Fountain. Then and there it is a joy not to be denied. Our Soda water is very popular, and steadily gaining in popularity because it represents a rare combination of choice materials, perfect equipment and expert skill in preparing, mixing and serving. That is a good deal to say in one breath, but come and taste the soda drinks, all flavors, and see for yourself how good they are.

Forgot Her money.

A Reynoldsville lady who went away on a visit one day last week, intending to go on the early train, drew a snug sum of money out of the bank the day before she was to start and at night she took the money out of her pocket book and hid it so that burglars could not get it if they got into the house that night. In the hurry and excitement of getting ready for the early train in the morning the lady picked up her pocket book and started. She never missed her money until she stepped up to ticket office to buy tickets for herself and daughters. They caught a later train.

Small Blaze Thursday.

A spark from a passing freight engine on the R. & F. C. Ry set fire to roof of Thomas White's dwelling house on Railroad street about one o'clock last Thursday afternoon. Mr. White happened to be sitting in his own yard when the neighbors told him his house was on fire. By some quick work with buckets the fire was extinguished before much damage was done to roof. The fire companies responded promptly to fire alarm, but the fire was put out without their assistance. There was a strong wind blowing at time of fire and had the flames gotten a little more of a start it would have been difficult to have saved the building.

Burglars at Work.

Mention was made in THE STAR last week of burglars visiting four houses in West Reynoldsville on the night of the 14th inst. The following night burglars entered the houses of Lawyer G. M. McDonald and Rufus Kirk, on Main street, and on Friday night an unsuccessful attempt was made to get into C. F. Hoffman's residence. The burglars did not get much plunder at McDonald's and Kirk's. They entered these houses through the windows and ransacked the lower part of both houses, same as was done in West Reynoldsville, but the burglars did not go to second floor.

At Hoffman's the burglars had unlocked a back door and opened it a little, but not wide enough to let a grayhound dog out of the house that was very anxious to get at the burglars. Mr. Hoffman was away from home. The fuss made by the dog awakened Mrs. Hoffman who, with revolver in hand, went downstairs to investigate matters and the burglars heard her coming and skipped out.

Elks Played Ball.

The game of base ball played on the DuBois grounds last Wednesday afternoon between teams from Reynoldsville and DuBois B. P. O. E. lodges, was an interesting game, full of amusement for the spectators. The Reynoldsville team was made up of following baseballists: Walter D. Williams, Francis O. Sutter, Dr. Harry B. King, Warren W. Delbia, Joseph Williams, "Dubs" Sharp, Clarence M. Lierd, Charles S. Kirehartz, Paul W. Metzenthin, Harvey Scott. The visitors were given an excellent supper in the Elk rooms and were given a warm welcome by the DuBois Elks.

May Quit Ministry.

Rev. Paul W. Metzenthin, formerly pastor of the Trinity Lutheran church of Reynoldsville and for several years pastor of a Lutheran church at Wheeling, West Va., was in Reynoldsville last week visiting his father-in-law, Henry Priestner, with whom Mrs. Metzenthin and children are spending the summer for benefit of Mrs. Metzenthin's health. Mr. Metzenthin went to Steelton, near Harrisburg, Friday, where he has been offered a good position. We understand he is likely to quit the ministry and accept the position at Steelton.

Dog in Church.

It is not an uncommon thing to see a dog, especially in Reynoldsville, and people look at them on the streets and don't see anything to laugh at, but if a dog wanders into a church and walks around there is something funny about it, at least people will snicker as if they had never seen a canine before. Recently a dog got into one of the Sunday school rooms in this town, during the Sunday school hour, and walked around leisurely and did not molest any person, but every one that could see the dog smiled.

Looking for Location.

P. T. Walsh, who was formerly engaged in the grocery business at Reynoldsville, will go to Erie to-day to look for a location to go into grocery business. Mr. Walsh had intended buying the old store building at corner of Pike and Broad streets, West Reynoldsville, and remodeling the building and opening a grocery store there, but he has given that up. Had he bought that building it was his intention to swing it around to front on Broad street and make a decided improvement in the building.

Bicycle to be Given Away.

H. Alex. Stoke, the druggist, will give a twenty dollar bicycle to the person guessing the number of beans in the glass jar now to be seen in one of the drug store windows. A ticket entitling the holder to guess will be given at the soda fountain.

Peter Snyder Buried Yesterday.

Peter Snyder, who had lived in Reynoldsville almost a quarter of a century, died at the county home at 9.00 p. m. Sunday, July 20, 1902. The Wednesday evening preceding his death he was prostrated by a stroke of paralysis. His entire left side was paralyzed and he never regained consciousness after the stroke. His daughter, Mrs. Peter Yenevine, of this place, went to Brookville to see him before he died. The body was brought to home of Mrs. Yenevine on Jackson street Monday noon and funeral service was held at her residence at 2.00 p. m. yesterday, conducted by Rev. A. J. Meek, Ph. D., pastor of Baptist church, there being no Lutheran preacher here. Interment was made in Baulch cemetery beside the wife who died 17 years ago.

Peter Snyder was born in Germany January 6, 1818, making him 84 years, 6 months and 14 days old at time of death. He moved to America 35 years ago, first locating at Williamsport. In 1878, 24 years ago, he moved to Reynoldsville. From early boyhood he had always been a member of the Lutheran church. The deceased is survived by one daughter and two sons, Mrs. Peter Yenevine, of Reynoldsville, Peter and Louis Snyder, of Newbury, Pa.

Winners of Prizes.

The Reynolds Drug store offered two prizes to the persons guessing the nearest number of glasses of chocolate soda sold at Reynolds fountain from July 1st to 5th, inclusive. The first prize was a card, in a neat pocket case, entitling the winner to free soda water at Reynolds fountain the balance of the season. The second prize was a beautiful framed picture. The actual number of glasses of chocolate soda sold during the five days was 1180. Charles S. Milliren's guess was 1170, winning first prize, and Frankie Hoffman got second prize. Her guess was 1200.

The Editor was Defeated.

The Elks lodge of Reynoldsville and DuBois played a game of base ball at the latter place Wednesday afternoon which resulted in a victory for the DuBois lodge by a score of 18 to 17. If Reynoldsville can't play base ball any better than they can play what it's no wonder they were beaten.—Punxsutawney Republican. The editor of the Republican is a member of the Elk whist club of Punxsutawney that was so unmercifully defeated in two games by the Elk whist club of Reynoldsville. See?

BRICK AND TILE PLANT.

Meeting Held Last Evening—Company to Be Organized Thursday.

A number of representative citizens met at the Building and Loan office last evening to organize a company to build a plant at this place for the manufacture of brick, tile and crockery. The plant will cost about \$25,000. The work of raising stock is progressing and those who contemplating the erection of the plant feel sure now that it will be erected.

There will be a meeting at the Building and Loan office to-morrow, Thursday, evening to organize a company. Every person interested in the future prosperity of our town are requested to attend that meeting.

A representative of a brick machine company attended the meeting last evening and gave those present an idea what capital it would require to equip the plant for making brick.

The proposed new industry would be a good thing for Reynoldsville and would be a paying investment for the stockholders. Every person that possibly can should give the project financial encouragement. If you cannot take stock in it don't "throw cold water" on it.

Birthday Surprise Party.

Edward Jennings, one of our honored citizens, was thirty-six years old on Wednesday, July 16th, and his better-half decided to celebrate the anniversary without consulting her husband about it. A number of Edward's gentlemen friends were invited to attend the party and were to meet at D. R. Cochran's residence at 8.30 on the evening of the aforesaid gentleman's birthday. A friend of Ed's deceived him away from home that evening and kept him out until nine o'clock and by that time thirty men had assembled in the parlor and reception hall quietly awaiting his return. Ed's mother and wife were sitting on the front porch looking as innocent as two lambs when he returned with two friends and invited them to sit on the porch awhile. They accepted the invitation, which made it necessary for Ed, to step into the house to get a chair and that is when he ran up against the surprise, and it was the genuine article. Games were played during the evening and at a reasonable hour refreshments were served. Mr. Jennings was presented with a handsome quarter-oaked writing desk and book case combined and a rocking chair. William Copping made the presentation speech. About the time the town clock announced the mid-night hour the guests departed to their respective homes wishing Mr. Jennings many happy returns of his birthday anniversary.

Dumb Bell Club Party.

Several years ago Misses Elva Coleman, Katherine King, Nell Robinson, Katherine Nolan, Lydia Mollinger, Amelia Morrow and Bertha Marshall formed a social club and named it the Dumb Bell Club. The membership was limited to seven. Since the club was formed the last two named of the fair maidens have skipped from single-blessedness into the matrimonial ranks and now write their names Mrs. K. C. Schugars and Mrs. H. B. Clayton, but they still retain their membership in the Dumb Bell Club. Once a month the members enjoy a "spread" at one of the homes, but it was decided that on last Monday evening a party, instead of a "spread," would be given in honor of Mr. and Mrs. Clayton, and Dr. J. C. King's residence was selected as the place to hold the party. It proved to be such a pleasant event that the Dumb Bell Club will be tempted to give another party some time in the near future. Progressive conversation was the evening's entertainment. The refreshments were fine.

Mr. and Mrs. Daniel Nolan and family greatly appreciate the kind assistance given them by their friends and neighbors after the death of their beloved son and brother, John D. Second Proposition.

Through the columns of THE STAR on June 18, 1902, I made a proposition to the other livermen of Reynoldsville to organize a livermen's union, but they have not taken the matter up. I make a second proposition to get a livermen's union in Reynoldsville and to fix a scale of prices for livery hire for funerals at least. I will agree to put up a bond of \$500.00 that if a scale of prices is fixed I will stick to the prices, if the other livermen will put up a bond of \$500.00 apiece. Whoever violates the agreement is to pay to borough school fund \$100 and the other \$400 to be equally divided between the other two livermen, provided they are faithful.

An effort has been made within the past year to injure my business on account of unionism in Reynoldsville, and a great amount of "blowing" has been done about me, and if this second proposition is not accepted, I will leave the public to judge whether there is any justice in continuing to assert that I am opposed to unions. This proposition ought to settle the matter.

THOS. TAPPER, Liverman.

Eloped to New York State.

Two couples from the neighboring town of Rathmel were in town a day this week while on their way to Limestone, N. Y., where they proposed to have their lives joined and risk the troublesome sea in a boat case. The couples were Andrew Cartwright and Miss Bertha Ditch and Thomas McNeil and Miss Martha Wise and the conditions that led up to their driving to this place and taking a night train for the north have not been learned by the Herald and our correspondent at Rathmel was not able to throw much more light on the subject. They were here however on Tuesday night of last week and when they left for the north they were as happy as could be.—Falls Creek Herald.

Orders are now being taken for the directory.

Neatness, says an exchange, is a good thing for a girl, and if she does not learn it when she is young she never will. It takes a great deal more neatness to make a girl look well than it does to make a boy look passable. Not because a boy, to start with, is better looking than a girl but his clothes are of a different sort, not so many colors in them, and people do not expect a boy to look so pretty as a girl. A girl that is not neatly dressed is called a sloven, and no one likes to look at her.
